Subject: Art Encounters Update
Date: Wednesday, January 2, 2019 6:17:55 PM

Good afternoon and happy new year,
I apologize for not getting in touch with you sooner, but I was hoping that the following issue would be resolved. In the past, CAFÉ didn't have much of an Agreement in order to use their website. That has changed and they provided me with one, which I was asked to route through our Attorney's Office. One of our attorney's communicated with CAFÉ regarding a few changes they would like to see in the Agreement, but with the holidays and people on vacation, that got delayed. We continue to work with CAFÉ on the Agreement in an effort to move forward as quickly as possible. Unfortunately, the Call for Entries will not launch today, as expected, but hopefully will be launched as soon as possible. I will provide you with an update as soon as I can.

I also wanted to inform you that the City of Lone Tree has decided not to participate in Art Encounters for the 2019-2020 program year. One of the few places that Lone Tree has been able to install art has been at the Vistas at Park Meadows. They have been very limited on the size of the piece that can be installed and now construction will make it impossible to install a piece at this location. That being said, they will re-evaluate their circumstances for the following program year.

Please let me know if you have any questions and I will provide an update as soon as I can.
Thanks,
Kim
