***WHEREAS***, affordable, reliable, and innovation telecommunications services, including, but not limited to, broadband internet services, are hereby found and determined to be essential for Douglas County residents and businesses in today's economic environment, health and safety and for quality of life; and

***WHEREAS***, in 2005 the Colorado General Assembly enacted Senate Bill 05-152, which is codified at C.R.S. § 29-27-101, *et seq.*, which provides that before a local government may provide telecommunications services, advanced services (high speed internet), or cable television services, as such services are defined in the statute, either directly or indirectly, it must call an election on the question of providing such services and obtain the approval of the majority of its registered electors voting on any such ballot question; and

***WHEREAS***, the effect of Senate Bill 05-152, as codified in Colorado statute, has been to restrict the county's ability to improve its connectivity through either the provision of direct, or indirect services in cooperation with other public or private sector service providers, as set forth in C.R.S. § 29-27-103, "Limitations on providing cable television, telecommunications, and advanced services"; and

***WHEREAS***, the Douglas County Board of County Commissioners does hereby find and determine that re-establishing the county's legal ability to directly and/or indirectly provide such cable television, telecommunications, and advanced services (high speed internet) could allow Douglas County to implement local telecommunications solutions that would provide or improve needs-based access for the county's residents and businesses; and

***WHEREAS***, the Douglas County Board of County Commissioners desires to refer to the registered electors of the County a proposal to re-establish the County's legal ability to provide cable television, telecommunications, and advanced services (high speed internet) either directly or indirectly and with public or private sector service providers at the next general election on November 8, 2022, and such election date is within the next succeeding 120 days after the adoption of this Resolution; and

**WHEREAS**, pursuant to C.R.S. § 1-5-203(3), C.R.S., the Douglas County Board of County Commissioners must certify ballot contents to the Douglas County Clerk and Recorder for said November 8, 2022, election; and

**WHEREAS**, any such ballot question must be approved by a majority of the legally eligible Douglas County registered electors voting on such ballot measure before becoming effective;

**NOW, THEREFORE, BE IT RESOLVED** by the Douglas County Board of County Commissioners that there shall be referred to the registered electors of Douglas County at the general election to be held on November 8, 2022, the following proposal:

The following ballot question and title is hereby certified to the Douglas County Clerk and Recorder for submission to the registered voters of Douglas County, Colorado, at the November 8, 2022, general election:
