NOVEMBER 2015

FROM THE DESK OF THE CRIME ANALYST

HOLIDAY SEASON CRIME PREVENTION TIPS

Below are helpful hints to remember during this holiday season:

- When parking your vehicle to go shopping, remember where you parked it. Always park in a well-lit and well-traveled area. Do not park in a remote, dark area.
- When you return to your vehicle, scan the interior of your car to be sure no one is hiding inside.
- Have your keys “in hand” when approaching your vehicle. You will be ready to unlock the door and will not be preoccupied with looking for your keys.
- If there are suspicious people in the area, do not approach your car alone.
- Stay alert and know your surroundings.
- When storing items purchased at the stores, place them out of sight. The best place is in a locked trunk.
- Do not leave your purse, wallet, phone or anything of value in plain view. It makes your car an easy target for trespass and theft.
- If you go to an ATM for cash, be aware of your surroundings and nearby people. Make sure it is well-lit and in a safe location.
- Protect your PIN by shielding the ATM keypad from anyone standing around you.
- Carry only the credit cards you need and avoid carrying large amounts of cash. If you must have large amounts of cash, make sure you are not flashing the money for others to view.
- If you make a purchase with your credit card, be sure to obtain the receipts or see that they are destroyed in front of you.
- Watch your credit card statements and bank accounts closely. You may be using your accounts more and someone else may be trying to as well. Know what you purchased and what you did not.
- If you have packages delivered to your home, know when they will be delivered (so you are home) or have them delivered to another location (where someone will be home). Criminals drive around looking for packages on front porches and sometimes even follow the delivery trucks.
- If you have mail delivered or picked-up from a mailbox kiosk, place your outgoing mail in the mailbox during the morning hours and be sure to pick up your delivered mail each day.
- Drive defensively. Traffic is heavier during the holidays. Drivers may also have indulged too much. If you see someone that may be intoxicated, call 911 and report the incident.

DETECTIVE UNIT

With the holiday shopping season upon us, we would like to take the opportunity to remind everyone that criminals may be out looking to steal packages left in your car. Shopping bags and packages placed in plain view of people walking past your car are an invitation for the criminal. It takes just seconds to break a car window and grab your bags. Please place shopping bags in car trunks or in covered areas of the car. Also, be aware of your surroundings. Criminals have been known to wait in nearby parked cars and watch for shoppers to drop off packages at their vehicles before continuing on with their shopping. This provides another opportunity for criminals to locate parked cars with packages inside. If you see people waiting around parking lots that raise your suspicion, call the local police and ask that they check out the situation. The Castle Rock Police Dispatch non-emergency number is: (303) 663-6100.

Special Olympics

Dear Chief Cauley, We want to thank you for your support of the recent 2015 Red Robin Tip-A-Cop! It was a great event and raised over \$63,000. The funds raised will help us continue to provide programs and competitions in 22 different sports to over 18,902 athletes throughout Colorado. The Tip-A-Cop program is also an opportunity for us to promote community policing, create awareness, generate support and reach out to children and adults with intellectual disabilities who will benefit from our sports programs...[We'd] like to recognize Officer Stoneking and Officer Webster.

Above and beyond!

I wanted to let you know that Ofc [Officer] Leach went above and beyond last week in helping my family. I have a son in middle school and his cell phone disappeared on a field trip. After a couple of weeks of searching for it, we had written it off and my son was going to have to pay for a replacement. Out of the blue, we received a phone call

“extremely impressed with this outstanding level of service”

from Ofc Leach... He had found the phone in the middle of the traffic

circle...it was a dead phone and [he] decided to charge it...then dropped the phone off to us the next morning. I was extremely impressed with this outstanding level of service that Ofc Leach provided us. I am well aware that, without a dispatch call, officers have the choice whether to stop and follow up on a cell phone in the road. Ofc Leach showed incredible initiative in collecting it, charging it, calling us then dropping it off at our house.
