

Downtown Historic Preservation Grant Policy

PURPOSE:

The purpose of the Downtown Historic Preservation Grant program is to provide monetary assistance with rehabilitation and restoration of historic properties within the Downtown Overlay District for exterior improvements. The properties do not require landmark status. The intent is to enhance the historic fabric of downtown buildings and seek to better ensure their long term viability regardless of landmark status. The existing Historic Preservation Grant Program for landmarked properties, which has a yearly budget of \$15,000, would continue as a separate program. This Downtown Historic Preservation Grant would have a yearly budget of \$50,000 in available funds, which would be awarded on a two-round, competitive basis as recommended by the Historic Preservation Board and approved by Town Council.

ELIGIBILITY:

Any property within the Downtown Overlay District (CRMC 17.42.070.B) is eligible to apply for a grant as long as the following are met:

- Building does not require landmark designation but must demonstrate historical significance
- Building exhibits the architectural integrity of the era during which the building was constructed, associated with an historic event or person, or other historical significance as determined by the Historic Preservation Board
