MOTOR VEHICLE THEFT PREVENTION

Motor vehicle theft is on the rise, and law enforcement needs your help in preventing motor vehicle thefts from continuing! Not all motor vehicle thefts are crimes of opportunity; however, that doesn't mean criminals won't take the opportunity, if they feel your vehicle would be an easy steal. In order to help law enforcement, here are some methods in which you can further secure your vehicle making it less appealing or easy for thieves:

- Never leave the car running or keys in the ignition, even if you will only be away "for a minute."
- Never leave your keys anywhere inside the vehicle. ALWAYS have the keys to the vehicle with you.
- Make sure your windows are rolled up, vehicle is locked and keys are inside your residence—even if your vehicle is parked inside a garage or near your residence!
- When you are out and about, park in well-lit areas that experience heavy foot traffic. The potential of being easily seen by too many witnesses may work as deterrents for vehicle thieves.
- For extra protection, install a mechanical locking device—such as clubs, J-bars, or collars, which prevent the wheel from being turned more than a few degrees while you are away from the vehicle.

If your vehicle has been stolen, immediately report it to your **Castle Rock Police Department!**

Donuts & Bagels for all

A special surprise was in store for everyone in the department when we received donuts and bagels from Jerry. He wished to especially thank Corporal Myers for the recent assistance and "excellent customer service" he received. Jerry even stopped by the department *twice* with breakfast goodies to ensure Corporal Myers was working that day.
