I strongly support the resolution to decline full participation in the Colorado State-Run Paid FMIP as it does not make fiscal sense for either the Town, nor Town staff and further burdens staff with additional mandatory paycheck deductions.

I would hope the Town would decline participation in the FAML I program. We already receive enough benefits the way it is. To have to pay for another benefit that I is designed to assist those that have a goal of performing to a very minimum standard is another form of Socialism that would be pushed down the throats of the hard working employees. The FAML I program is just another way to help people that don't want to work full time.

I do not think we should automatically have to be enrolled in the FAML I program. I do not feel this is right for my family, and I do not want to pay a deduction for other people to be involved. We would still receive benefits when enrolled with the state. SAVE MONEY FOR THE TOWN AND EACH EMPLOYEE!

Honorable Mayor and members of Council, as a Town employee, I support the Town resolution to decline participating in the State run family medical leave program. I don't see the benefit to either the Town or the employees to participate in the program as an organization since individuals that want to participate can choose to opt in on their own.
