Organizational Chart

Directory of Town Officials

Certificate of Achievement for Excellence in Financial Reporting

September 5, 2023

To the Honorable Mayor, Members of Town Council, and Citizens of the Town of Castle Rock, Colorado:

Colorado state law and the Town of Castle Rock (the Town) Home Rule Charter require an annual audit of the Town's financial statements. The goal of an audit is to provide reasonable assurance that the financial statements of the Town are presented in conformity with generally accepted accounting principles. The audit must be performed by an independent firm of licensed certified public accountants. In accordance with this requirement, we submit for your information and review, the Annual Comprehensive Financial Report of the Town for the year ended December 31, 2022.

Management of the Town is responsible for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, the Town has established a comprehensive internal control framework that is designed to protect the Town's assets from loss, theft, or misuse and to provide sufficient reliable information for the preparation of the financial statements. Because the cost of internal controls should not exceed the benefits, the internal controls have been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement.

FORVIS, LLP has issued unmodified opinions on the Town's financial statements. An "unmodified" opinion means that the financial statements meet the "in conformity with generally accepted accounting principles" requirement. The auditor's report is located at the front of the financial section of this report. The independent auditor is also required to complete the federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The results of the single audit are available in the Town's separately issued single audit report.

Management provides a narrative introduction, overview and analysis of the basic financial statements. Management's Discussion and Analysis (MD&A) provides an overview of the financial statements and is intended to complement this letter of transmittal. The MD&A can be found in the Financial Section of this Annual Comprehensive Financial Report immediately following the report of the independent auditors.

PROFILE OF THE TOWN

Castle Rock is located in Douglas County along Interstate 25 approximately halfway between Denver and Colorado Springs. Castle Rock encompasses approximately 34.757 square miles and serves a population estimated at 82,383 residents. The Town's location, view of the mountains, mesas and the "small town feel" make Castle Rock a desirable location for residential development.

The Town was incorporated in 1881 and adopted its Home Rule Charter in 1987. The Town operates under the council-manager form of government. The policy-making and legislative authority are vested with the Town Council (the Council), which consists of seven members including the Mayor and Mayor Pro Tem. Each councilmember is elected to represent an election district, and new in 2018, the Mayor is elected to represent

the Town at large. Town Councilmembers will serve four-year terms. In addition to serving on Council, individual members also represent the Town on various local, county and regional boards.

The Council is responsible for passing ordinances, adopting the budget, appointing boards and commissions, hiring the Town Manager (Manager), Town Attorney and Municipal Judge. The Manager is responsible for carrying out the policies and ordinances approved by Council, appointing the heads of the departments and for overseeing the operations of the Town.

The Town provides a full range of services including: police and fire protection, courts, emergency medical services, municipal water, water resources, storm water, wastewater, construction and maintenance of streets, public transit, parks and open spaces, golf course, recreation center, cultural events, community support, planning, development, code enforcement and general governmental services.

LOCAL ECONOMY

Sales taxes provide approximately 70% of the Town's General Fund revenues. Sales taxes are used to support ongoing services such as police, fire, parks, open space, municipal court, and general governmental services. The major sources of sales taxes within the Town include a retail outlet mall, the promenade shopping and dining center, home improvement stores and grocery stores. The Town is the county seat for Douglas County and the site of the Douglas County School District Office. These two governments along with the Town are among the top three employers within the Castle Rock area. Because of its close proximity to both Denver and Colorado Springs, many of the Castle Rock residents commute to these two cities to work.

Growth, primarily in the area of single-family residential homes, continues to have a major impact on the Town's economy. The Town issued permits for 1,029 new residential units (single family 677 and multi-family 352) and approved 665,829 square feet of nonresidential development in 2022. The Town assesses impact fees, which are collected when a building permit is issued. Impact fees are used to pay for growth-related improvements to parks and recreation, fire, police, transportation and general municipal facilities. These fees are used solely for growth related costs and cannot be used to provide new services or amenities. In addition to impact fees, the Town collects system development fees for the development of water resources, water, and wastewater infrastructure. Like impact fees, these fees are collected when a building permit is issued. These fees are used for the construction of utility infrastructure that is necessary as a result of growth.

LONG-TERM FINANCIAL PLANNING

The annual budget serves as the foundation for the Town's planning and control. The legal level of budgetary control is at the fund level. All departments of the Town are required to submit budget requests for the following year to Finance by April. These requests are used as a starting point for developing a proposed budget. Finance and the Town Manager present the proposed budget to Council for their review on or before October 31st. The Town holds public hearings on the proposed budget and the Council adopts the original budget by December 15th.

The Town also prepares and adopts a five-year capital improvement program. Each year, this five-year capital plan is reviewed and updated for projects that are intended to be either designed or constructed within the next five years.

RELEVANT FINANCIAL POLICIES

In November, 1992, Colorado voters approved a State Constitutional Amendment, TABOR, the general purpose of which is to restrain government growth (as measured by revenues) without a vote of the local citizens. In

November 2021, the voters approved a 10-year "TABOR timeout," which allows the Town to use excess revenues from 2021 through 2030 solely for police, fire protection, emergency medical services, roads and other transportation purposes. TABOR further requires emergency reserves of at least 3% of fiscal year spending (excluding bonded debt service). Town's management has implemented policies and procedures to ensure compliance with the provisions of TABOR.

MAJOR INITIATIVES

The Town continued to experience growth during 2022. Total revenue collected for all Town Funds combined exceeded budgeted projections and no individual fund exceeded budgeted appropriations for the year. Sales tax revenue increased approximately 12 percent from 2021.

The Town of Castle Rock was recognized by Safewise as one of the safest cities in Colorado. The Castle Rock Police Department expanded their School Resource Officer and therapy dog program. They also added four Patrol Officers and a Navigator Officer to assist with needs for unhoused persons as well as implemented the Strategic Response Center. The Castle Rock Fire Department adopted the Community Wildfire Protection Plan along with ongoing public education and mitigation work. Four firefighters/paramedics graduated from the fire academy and fully joined the CRFD. Additionally, CRFD successfully achieved international reaccreditation for the third time from the Center for Public Safety Excellence (CPSFE).

Castle Rock Water (CRW) completed Glovers Phase 2 water main and Woodlands Phase 2 manhole rehabilitation projects. They also completed stream stabilization in McMurdo Gulch and Omni Tributary. The ColoradoScape landscape ordinance was passed on October 18th. The ordinance prohibits grass lawns in front yards of new homes permitted for construction after Jan. 1, 2023, requiring low-water ColoradoScapes. Additionally, the backyards of new homes will be limited to no more than 500 square feet of irrigated grass lawns.

Transportation completed \$17.1M roadway projects with the annual Pavement Maintenance Program. The Streets Division has instituted a new promotional tiered structure with the intent of improving personnel retention and recruitment by providing a structure and outlined career progression path based upon job related qualifications, experience and proven capabilities. Additionally, they added a new street sweeper and two snow plows.

Castle Rock Parks and Recreation opened Metzler Family Open Space for public access. Fire mitigation tactics were implemented through the deployment of goats, which helped eliminated undesirable vegetation, reduce land fuels for fire and control the spread of noxious weeds, as well as helped to aerate and fertilize the soil. Construction of Cobblestone Ranch Park was completed in northeast Castle Rock offering 12 acres of new amenities to the community.

The Town continued to support economic development in 2022 by pursuing agreements that will create future jobs, expand the tax base and maintain a high-quality business environment.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Town of Castle Rock the Certificate of Achievement for Excellence in Financial Reporting for its 2021 Annual Comprehensive Financial Report. The Certificate of Achievement is a prestigious national award that is the highest form of recognition in the area of governmental accounting and financial reporting. The attainment of this award represents a significant accomplishment by the Town. In order to receive this award, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report that satisfies both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year. This is the thirty-second consecutive year that the Town has received this award.

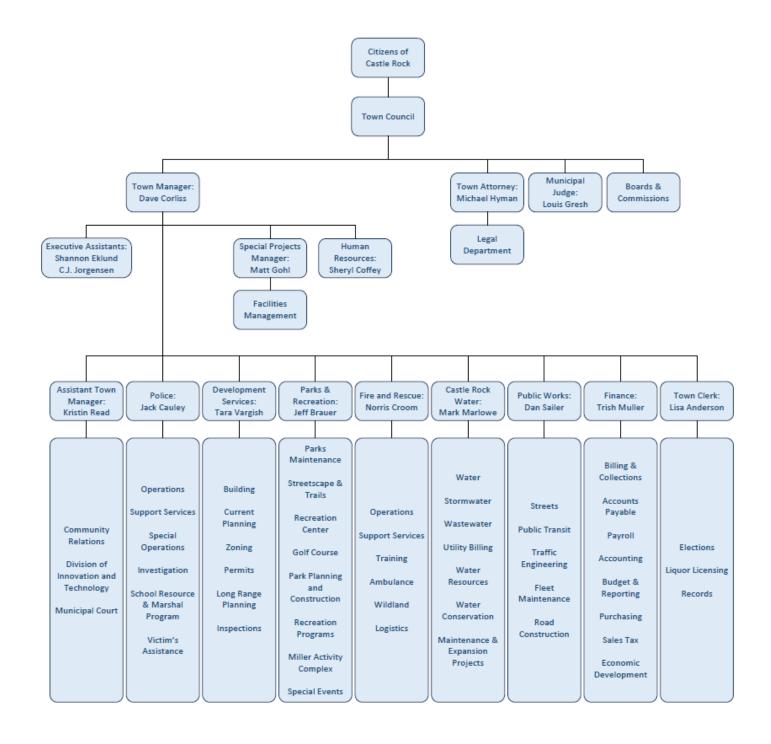

The Town was also an honored recipient of an award from the GFOA for its fifth submission of the 2021 PAFR (Popular Annual Financial Report). This report is specifically designed to be readily accessible and easily understandable to the general public without a background in public finance.

We would like to thank the Town Council for their support throughout the year. We would also like to thank the Finance Staff for their dedicated efforts in the preparation of this report.

Sincerely,

David L. Corliss Town Manager Trish Muller, CPA Finance Director

Independent Auditor's Report

Honorable Mayor and Members of Town Council Town of Castle Rock, Colorado Castle Rock, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Castle Rock, Colorado (the Town), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town, as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Plum Creek Water Reclamation Authority, a joint venture of the Town, which represent 31% of the assets and net position of the Wastewater Enterprise Fund and 5% of the assets and net position of the Town's business-type activities as of December 31, 2022. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for Plum Creek Water Reclamation Authority, are based solely on the report of the other auditors. We also did not audit the financial statements of the Castle Rock Downtown Development Authority or the Miller's Landing Business Improvement District, which together represent the aggregate discretely presented component units of the Town. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Castle Rock Downtown Development Authority and the Miller's Landing Business Improvement District, is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Town, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements the Plum Creek Water Reclamation Authority, a joint venture of the Town included in the Wastewater Enterprise Fund and business-type activities of the

Honorable Mayor and Members of Town Council Town of Castle Rock, Colorado Page 2

Town, and the financial statements of the Castle Rock Downtown Development Authority and Miller's Landing Business Improvement District, component units included in the financial statements of the aggregate discretely presented component units, were not audited in accordance with *Government Auditing Standards*.

Emphasis of Matter

As described in Note 1S to the financial statements, in 2022, the Town adopted Governmental Accounting Standards Board Statement No. 87, *Leases*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is
 expressed.

Honorable Mayor and Members of Town Council Town of Castle Rock, Colorado Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the
 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison and pension information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining and individual fund statements and schedules and the Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund statements and schedules and the Local Highway Finance Report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report and the popular annual financial report. The other information comprises the introductory and statistical sections of the annual comprehensive financial report and the popular annual financial report but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

Honorable Mayor and Members of Town Council Town of Castle Rock, Colorado Page 4

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

| In accordance with <i>Government Auditing Standards</i> , we have also issued our report dated , on our consideration of Town's internal control over financial reporting and on our tests |
|--|
| of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <i>Government Auditing Standards</i> in considering the Town's internal control over financial reporting and compliance. |

Notes to the Basic Financial Statements

Management's Discussion and Analysis

As management of the Town of Castle Rock (Town), Colorado, we offer the readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the year ended December 31, 2022. We encourage readers to consider the information presented here in conjunction with additional information contained in the Notes to the Basic Financial Statements and our Letter of Transmittal, which can be found in the Introductory Section of the Town's Annual Comprehensive Financial Report.

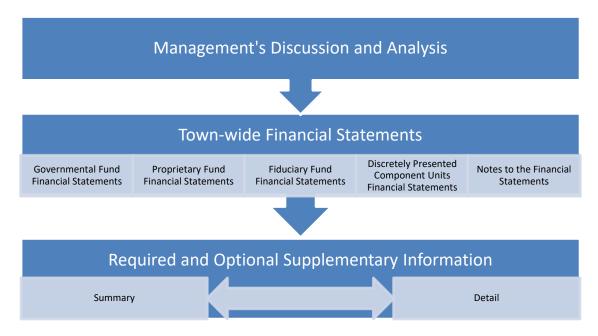

Financial Highlights

- The assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows
 of resources at December 31, 2022 by \$1.4 billion (net position). Of this amount, \$271.5 million
 (unrestricted net position) may be used to meet the Town's ongoing obligations to citizens and creditors.
- The Town's total Net Position increased by \$124.2 million or 9 percent.
- As of December 31, 2022, the Town's governmental funds reported combined ending fund balances of \$149.0 million, an increase of \$20.8 million from 2021.
- The Town's long-term liabilities totaled \$134.8 million at the end of 2022. The \$21.4 million or 19 percent increase from 2021 was primarily due to the issuance of Water and Sewer Enterprise Revenue Bonds.
- On December 31, 2022, the unassigned fund balance for the General Fund was \$19.5 million, which consisted of three-months cash reserves of \$14.6 million to cover cash flow requirements and unappropriated funds of \$4.9 million.

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements.

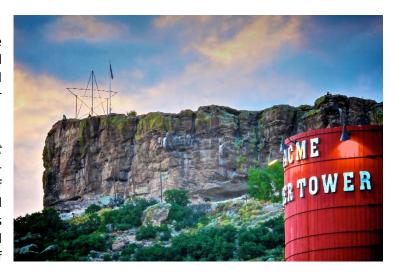

The basic financial statements are comprised of three components: 1) Town-wide Financial Statements, 2) Fund Financial Statements, and 3) Notes to the Basic Financial Statements. This report also contains Other Supplementary Information in addition to the basic financial statements and information about the Castle Rock Downtown Development Authority and the Miller's Landing Business Improvement District, the two discretely presented component units of the Town.

Town-wide Financial Statements

The *Town-wide financial statements* are designed to provide readers with a broad overview of the Town's finances presented in a manner similar to a private-sector business.

The Statement of Net Position reports net position as the difference between Townwide assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *Statement of Activities* presents information showing how the Town's net position changed during the year. Changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in a future period (e.g., uncollected taxes and earned but unused vacation leave).

The Town-wide financial statements distinguish functions of the Town that are primarily supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). Governmental activities of the Town include: general government, public safety (police and fire), public works (streets and transportation), culture and recreation (parks, open space and recreation), the Castle Rock Urban Renewal Authority, and the Festival Commons General Improvement District. The business-type activities of the Town include: water, water resources, stormwater, wastewater, golf course, community (recreation) center and development services.

The Town-wide financial statements include not only the Town itself (known as the *primary government*), but also legally separate entities for which the Town is financially accountable. Financial information for these component units are reported separately from the financial information presented for the primary government itself. The Castle Rock Urban Renewal Authority and the Festival Commons General Improvement District, although also legally separate, function for all practical purposes as departments of the Town, and therefore, have been included as integral parts of the primary government.

Fund Financial Statements

The Town, like other governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The funds of the Town can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the Town-wide financial statements. However, unlike the Town-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the Town-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the Town-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. The governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances, provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains nineteen individual governmental funds. Information on the Town's major governmental funds; the General Fund, including the Economic Development, Parking, and TABOR Excess Funds, the Transportation Fund and the Transportation Capital Fund are presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances. Data from the other thirteen governmental funds are aggregated into a single "Other Governmental Funds" column. Individual fund data for each of these non-major governmental funds is provided in the Combining and Individual Statements under the Supplemental Information tab.

The Town adopts an annual budget for all governmental funds. A schedule of revenues, expenditures and changes in funds available budget and actual (non-GAAP budgetary basis) has been provided to demonstrate compliance with the budget.

Proprietary Funds

The Town maintains two types of proprietary funds, enterprise and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the Town-wide financial statements. The Town uses enterprise funds to account for its water, water resources, stormwater, wastewater, golf course, community center and development services funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Town's funds and departments. The Town uses internal service funds to account for its fleet of vehicles and to accumulate and pay employee benefits. The internal service funds are included within governmental activities in the Townwide financial statements since these services predominantly benefit governmental rather than business-type functions.

Proprietary funds provide the same type of information as the Town-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the major enterprise funds: Water, Water Resources, Stormwater, and Wastewater. Data from the three non-major enterprise funds, Golf, Community Center, and Development Services, are aggregated into a single "Other Enterprise Funds" column. Individual fund data for each of these non-major enterprise funds is provided in the Combining and Individual Statements under the Supplemental Information tab. The internal services funds are aggregated into a single column on the proprietary fund financial statements. Individual fund data for internal service funds are provided in the form of Combining Statements under the Supplemental Information tab.

Fiduciary Funds

These funds are used to account for resources held by the Town for the benefit of parties outside of the Town government. Fiduciary activities are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. As of December 31, 2022, the Town's fiduciary activities include the following: one Pension Trust Fund and four custodial funds including the Add-on PIF Fund, Special District Fund, Use Tax Fund and Authority Development Fee Fund.

Required Supplementary Information and Supplemental Information

In addition to the basic financial statements and accompanying notes, this report also presents certain Required Supplementary Information concerning the Town's progress in funding its obligation to provide pension benefits for firefighters and sworn police officers. The General Fund and Transportation Fund budgets are presented as part of Required Supplementary Information.

The combining and individual fund statements and schedules include detailed information about the non-major governmental funds (non-major special revenue funds and non-major capital projects funds), the non-major enterprise funds, and the internal service funds and is presented as Supplementary Information.

Town-wide Financial Analysis

The chart below shows a summary comparison of the Town's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position for 2022 and 2021. Based on that comparison, assets and deferred outflows of resources exceed liabilities and deferred inflows of resources (net position) by \$1.4 billion at the close of 2022. Net position may serve over time as a useful indicator of the Town's financial position.

The largest portion of the net position, \$1.1 billion (76 percent), is reflected in the Town's investment in capital assets (e.g., land, buildings, machinery and equipment and infrastructure) less any related outstanding debt used to acquire those assets. The Town uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves are not liquidated to pay these liabilities.

An additional portion of the Town's net position, \$84.6 million (6 percent), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$271.5 million (19 percent), consists primarily of accumulated system development fees that will be used to fund infrastructure needs caused by growth, accumulated rates and fees that will be used to fund the long term water plan, and Town and management designated reserves for Business-Type Activities (operating, capital, revenue stabilization, and catastrophic failure).

At the end of 2022, the Town reported positive balances in all three categories of net position, both for the Town as a whole as well as for its separate governmental and business-type activities.

The Town's net position increased \$124.2 million during 2022. There was a \$62.9 million increase in the net position for governmental activities. Total net position of the business-type activities increased \$61.2 million. This increase was largely the result of system development fees of \$38.7 million due to continued growth in the community and contributed infrastructure from developers of \$27.1 million in the utilities enterprise funds.

The iconic Castle Rock Star is lighted on top of the rock every year around Thanksgiving and remains lit through the end of the Stock Show in Denver. This tradition has been in place since 1936.

Macaroni Kids awarded Philip S. Miller Park as the Best Place to go for Outdoor Fun in Douglas County in 2022. The park has won each consecutive year since 2018. The winners are promoted by Macaroni Kids in their weekly e-newsletters and website, which features local events and activities for moms, kids and families. With a wide variety of amenities, miles of paved and unpaved trails, an adventure playground, an amphitheater, Millhouse and the 200- step Challenge Hill, the park truly has something for everyone.

Governmental activities. The following chart shows the governmental activities revenues by source. Sales taxes provide 40 percent of the total revenues of the governmental activities. Program revenues including charges for services and grants and contributions provide 43 percent of revenues in the governmental activities. Only 1 percent of the revenues of the governmental activities are provided by property taxes.

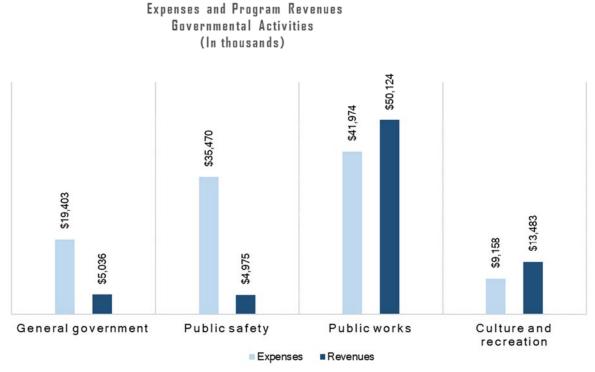

Revenues by Source - Governmental Activities

Governmental activities increased the Town's net position by \$62.9 million. Key elements of this change are as follows:

- Sales taxes increased by \$7.6 million or 12 percent in 2022 due to increasing consumer confidence and commercial growth within the Town
- Use taxes increased by \$553.8 thousand or 5 percent in 2022 due to community growth and increasing consumer confidence
- Public works operating grants and contributions increased \$5.5 million or 65 percent in 2022 primarily due to the recognition of American Rescue Plan Act (ARPA) grant funds.
- Public works capital grants and contributions increased \$10.4 million or 63 percent in 2022 due to increased street conveyances

The chart below shows the extent to which expenses of the various functions of governmental activities are covered by program revenues. Certain program revenues of public works are used for the construction of capital assets. These construction costs are not expensed in the year that the revenues are received but are instead capitalized and depreciated over the life of the assets.

Note: This chart does not include tax revenues, which are the primary source of funding for most governmental activities.

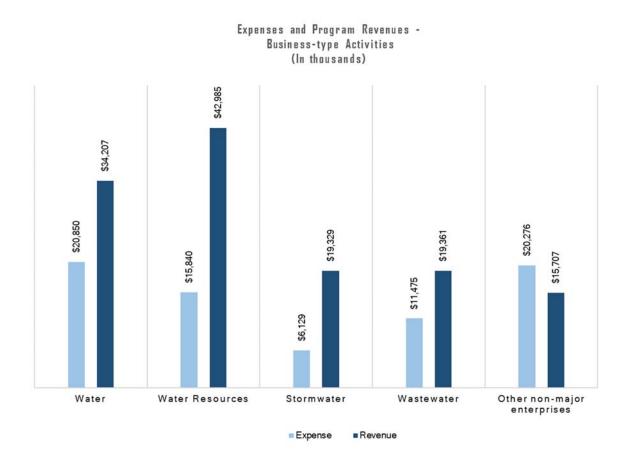

The Town of Castle Rock's Police Department expanded their School Resource Officer (SRO) and therapy dog program with the addition of SRO Luke Godfrey and Rocket at Mesa Middle School.

Business-type activities. Business-type activities increased the Town's net position by \$61.2 million, accounting for 49 percent of the total growth in the Town's net position. Key elements of this increase are as follows:

The change in net position in business-type activities resulted primarily from Water, Water Resources, Stormwater and Wastewater Fund system development fees of \$38.7 million to be used for future capital projects and contributed infrastructure from developers of \$27.1 million.

The chart that follows reflects all revenues of the enterprise funds including impact fees and system development fees. These impact and development fees can only be used for growth related costs, which are primarily the construction of infrastructure assets.

Financial Analysis of the Town's Funds

Governmental funds. The focus of the governmental fund financial statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a Town's net resources available for spending at the end of the year.

As of December 31, 2022, the governmental funds reported combined ending fund balances of \$149 million, which was an increase of \$20.8 million from 2021. Of the \$149 million, the unassigned balance is \$19.2 million or 13 percent, which is available to spend at the Town's discretion. The unassigned balance includes \$14.6 million in three-month cash reserves to cover cash flow requirements for the General Fund. The remaining fund balance of \$129.8 million, consists of fund balance that otherwise has constraints. These constraints include: \$6.5 million in non-spendable funds due to the nature of prepaid and long-term receivables, \$74 million in restricted funds due to revenues restricted for a specific purpose of which portions are not yet designated for a specific project, \$38 million in committed funds for spending determined by the Town Council, and \$11.2 million in assigned funds for future planned intentions.

The General Fund is the chief operating fund of the Town, which includes three subsidiary funds; the Economic Development Fund, the Parking Fund, and the TABOR Excess Fund. At the end of 2022, fund balance of the General Fund was \$56.5 million, of which \$19.5 million was unassigned. As a measure of the General Fund's liquidity, unassigned fund balance represents 31 percent of the General Fund expenditures of \$63.6 million. The General Fund balance increased by \$9.5 million during 2022.

At the end of 2022, total fund balance of the Transportation Fund was \$20.1 million. Of this amount, \$90 thousand is non-spendable funds due to prepaids, \$2.8 million is restricted for a specific purpose of which portions are not yet designated for a specific project, and \$17.3 million is committed by Town Council for future projects. Fund balance for the Transportation Fund decreased \$2.4 million in 2022. Overall, the Transportation Fund revenues increased \$2.2 million or 7 percent in 2022, excluding impact fees that are collected in the Transportation Capital Fund. Of the \$2.2 million increase in revenues, \$786 thousand was attributable to increased sales, use and motor vehicle tax revenues and \$1.7 million was attributable to increased intergovernmental revenues, including tax shareback and grant revenues. The increase in sales, use and motor vehicle taxes, both direct and intergovernmental, is attributable to increasing consumer confidence and commercial growth.

The Transportation Capital Fund qualifies as a major fund for 2022 and had a total fund balance of \$40.6 million at the end of 2022, \$10.8 million greater than at the end of 2021 as a result of increased developer contribution and intergovernmental revenues and a transfer in from the Transportation Fund in the amount of \$3.4 million. Under the American Rescue Plan Act (ARPA), guidance provided for a standard allowance of up to \$10 million for the revenue loss category. The Town utilized this standard exemption and applied funding in the amount of \$4.6 million towards capital road projects during 2022. The entirety of the Transportation Capital Fund balance is identified as restricted for a certain purpose.

Non-major governmental funds, which rely heavily on growth revenues, saw ending fund balances of \$31.7 million in 2022, \$2.9 million greater than at the end of 2021.

Proprietary funds. Unrestricted net position of the combined enterprise funds at the end of 2022 were \$185.0 million. The unrestricted net position consists largely of development impact fees that will be used to fund infrastructure needs caused by growth, rates and fees that will be used to fund the long term water plan and Town and management designated reserves for Business-Type Activities (operating, capital, revenue stabilization, and catastrophic failure). There was no restricted net position at the end of 2022. Net position for enterprise funds increased in 2022 by \$60.8 million with \$13.0 million from Water, \$27.0 million from Water Resources, \$13.3 million from Stormwater, \$7.6 million from Wastewater. Net position in the other

non-major enterprise funds (Golf, Development Services, and Community Center) decreased \$100 thousand in 2022.

Charges for services coupled with capital grants, contributions and transfers exceeded expenses by \$56.4 million. In addition, leases, lease interest, investment earnings and sales taxes contributed another \$4.6 million resulting in the increase to net position of \$60.8 million.

Capital Asset and Debt Administration

The Town's investment in capital assets for its governmental and business-type activities as of December 31, 2022, amounts to \$1.2 billion (net of accumulated depreciation). This investment in capital assets includes land, water rights, buildings and improvements, machinery and equipment, infrastructure (roads, highways, bridges, water and sewer systems), and construction in progress.

Major capital asset events during 2022 included:

- Began the process of acquiring the historic Cantril School located at 312 Cantril St.
- Continued progress toward a future Interstate
 25 interchange at Crystal Valley Parkway
- Completed construction of Cobblestone Ranch Park in northeast Castle Rock offering 12 acres of new amenities to the community, including playground and picnic areas, a pump track for biking, half-court basketball, six pickleball courts, a four-season restroom, off-street parking and a green lawn area
- Completed stream stabilization in McMurdo Gulch and Omni Tributary

• Completed Glovers Phase 2 water main rehabilitation project and Woodlands Phase 2 manhole rehabilitation project

Additional information concerning the Town's capital assets can be found in the Notes to the Basic Financial Statements on page(s) 63-64.

| The Town has no general obligation bonds outstanding. | | | | | | | | | | | | | |

At the end of 2022, the Town had total long-term debt outstanding of \$126.9 million. Of this amount, there were no general obligation bonds outstanding. There were revenue bonds of \$102.6 million and \$15.8 million in certificates of participation secured by specific revenue sources. The remainder of the debt (\$8.6 million) consists of notes payable agreements.

The Town's total long-term debt increased by \$21.3 million or 20 percent in 2022, offset by scheduled annual principal payments, due to the issuance of \$25.5 million in Water and Sewer Enterprise Bonds, Series 2022.

Additional information on the Town's long-term debt can be found in the Notes to the Basic Financial Statements on page(s) 65-71.

General Fund Budgetary Highlights

Unspent capital project appropriations do not automatically carry over into the new year, but unspent amounts are re-appropriated in the following year. The increase in total expenditures of \$11.6 million between the total "original" budgets and the "final" amended budgets for the General Fund, excluding subsidiary funds, was in part due to carryforward of previously unspent capital items totaling \$2.8 million and a supplemental appropriation of \$3.5 million to secure the purchase of the historic Cantril School in the downtown area. The largest components of the capital carryforward in the General Fund were \$1.3 million for the open space improvements and \$1.3 million for annual trail improvements.

When comparing budgeted to actual expenditures in the General Fund and subsidiary Economic Development Fund, Parking Fund, and TABOR Excess Fund there were positive variances of \$13.0 million, \$547 thousand, \$173 thousand, and \$2.2 million respectively. For the General Fund, this was made up of unspent capital funds of \$10.6 million or 81 percent, for projects not completed in 2022, \$440 thousand or 3 percent in personnel expenses, \$667 thousand or 5 percent in supplies, and \$1.4 million or 11 percent in services and other expenses such as utility costs, vehicle repairs, and contingencies. For the Economic Development Fund, the \$547 thousand were economic development opportunities that have not yet come to fruition in 2022 and will be re-appropriated in a future year. For the Parking Fund, the \$173 thousand positive variance was attributable to unspent maintenance costs associated with the new public parking spaces. For the TABOR Excess Fund, the \$2.2 million positive variance was attributable to \$1.4 million in unspent capital funds and \$847 thousand in services and other.

Economic Factors and Next Year's Budgets and Rates

In the development of the budget for the General Fund, the Town considered the following factors:

- The Town continued to experience growth during 2022 with the issuance of permits for 1,029 new residential units (677 single family, 352 multi-family), and 665,829 square feet of nonresidential development, (180,791 square feet of commercial/retail, 118,586 square feet of office space, and 366,452 square feet of warehouse development). The Town will budget 900 new residential units, 415 multifamily units and roughly 50,000 square feet of commercial development in the 2023 budget.
- No increase in tax rates of any kind.
- Unemployment rate for the State of Colorado.
- Inflation as measured by the change in the Denver-Boulder consumer price index (CPI).

The Town collects nine different development and impact fees to defray the costs of new infrastructure needs that are caused by growth. The Town has fee schedules for its various development, system development and impact fees. Impact fees are adjusted annually for inflation.

Existing rates and fees are set pursuant to Town Council approved schedules or policies. The 2023 budget includes a 3.88% increase to water rates and fees for existing customers, along with an increase to the maximum allowed amount for growth-related water resources system development fees. Inflationary increases are planned for all other development impact fees, as previously approved by Council. Golf green fees are to increase by \$5 for most rounds.

The 2023 budget provides for \$112 million in capital improvements. This includes the following significant projects:

- Construct the Plum Creek North neighborhood park
- Widening of 5th Street from Woodlands Boulevard to Ridge Road
- Improve the intersection of Park Street and Wolfensberger Road
- Continue design and preconstruction activities for the future Interstate 25/Crystal Valley Parkway interchange
- Rehabilitate and replace existing Town of Castle Rock wells and waterlines as they approach the end of their useful lives
- Design, planning and implementation of Advanced Metering Infrastructure (AMI)
- Continue additional pipeline connections and infrastructure expansion as part of the Water Infrastructure and Supply efficiency (WISE) Project
- Construct Castle Rock Reservoir No. 2, a new 786 acre-foot raw water storage reservoir
- Continue acquisition of locally available renewable water rights
- Continue stream channel stabilization throughout Castle Rock
- Upsize the sewer system along Prairie Hawk Drive

Requests for Information

This financial report is designed to provide a general overview for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: Finance Department, 100 North Wilcox Street, Castle Rock, Colorado 80104.

The Town of Castle Rock offers many ways to stay connected and informed such as:

Fund Financial Statements

GOVERNMENTAL FUNDS

Major governmental funds include the General Fund and any governmental fund that comprises 10% or more of a total governmental fund classification (assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures) and at least 5% of the combined governmental and enterprise funds total for the same classification.

MAJOR FUNDS

General Fund

The General Fund is the primary operating fund of the Town. This fund accounts for all financial resources of the Town except those required to be accounted for in another fund. There are three sub-funds of the General Fund: Economic Development, Parking, and TABOR Excess. Economic Development is used to facilitate expansion of the tax base, through primary job creation and improved local economy. Parking is used to account for public parking garage maintenance and debt payments related to the Encore Redevelopment Agreement. TABOR Excess is used to account for revenues in excess of the TABOR cap from 2021 through 2031 as approved by voters.

Transportation Fund

The Transportation Fund is a special revenue fund that accounts for revenue sources, including taxes, intergovernmental and charges for services that are committed to the furtherance of transportation projects within the Town of Castle Rock, maintenance of existing roads and infrastructure and the overall operations of the public works department.

Transportation Capital Fund

The Transportation Capital Fund is a capital projects fund that accounts for the resources and expenditures for the construction of new transportation projects which accommodate growth in the Castle Rock area.

NON-MAJOR FUNDS

Other Governmental Funds

The Other Governmental Funds column is an aggregate of the following non-major governmental funds.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION DECEMBER 31, 2022

| Total governmental funds - fund balances | \$ 149,045,082 |
|---|-------------------|
| Amounts reported for governmental activities in the Statement of Net Position are different from governmental fund balances because: | |
| Net capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Less \$7,009,640 internal service fund capital assets. | 465,727,277 |
| Net pension assets do not represent current financial resources available to pay current period expenditures and therefore are not reported in the funds. | 10,610,124 |
| Long-term receivables related to regulatary activities do not provide current financial resources until received and therefore are not recorded in the funds. | 1,153,964 |
| Internal service funds are used by management to charge the costs of insurance, employee benefits, vehicle replacement, and other activities to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position, net of the amount allocated to business-type activities. | 20,965,516 |
| Deferred outflows of resources, related to the loss on refundings is amortized over future reporting periods and is not recorded in the funds. | 725,980 |
| Deferred outflows of resources of \$6,663,406 and inflows of resources of (\$10,008,533), related to pension activity, that represent acquisition or consumption of net position that applies to future reporting periods and therefore are not reported in the funds. | (3,345,127) |
| Revenues associated with long-term receivables related to regulatory activities are not recognized in the fund statements until expended for the intended purpose. These revenues are reported as deferred inflows of resources in the governmental statement of net position. | (1,153,964) |
| Long-term liabilities, including bonds payable, capital leases, compensated absences and accrued interest payable are not due and payable in the current period and therefore are not reported in the governmental funds. | (46,058,235) |
| Net pension liabilities are not due and payable in the current period and therefore not reported in the funds. | (62,465) |
| Deferred inflows of resources related to unavailable fund resources are recognized as revenue in the Townwide financial statements. | 800,175 |
| Net position of the governmental activities | \$ 598,408,327 |

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2022

| Net change in fund balances total government funds | \$ | 20,775,304 |
|---|----|------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| Governmental funds report capital outlay \$28,395,917 as an expenditure while in the statement of activities the cost of those assets are capitalized and allocated over the estimated useful lives and reported as depreciation expense (\$19,656,036). This amount is the net difference between capital outlay and depreciation reported in the current period, less depreciation related to internal service funds. | | 8,739,881 |
| Contributed assets do not require the use of current financial resources of governmental funds, but are treated as revenues in the statement of activities. In 2022 the Town received capital assets for plaza infrastructure (general government) valued at \$40,000, streets (public works) valued at \$21,530,880, land and easements (culture and recreation) valued at \$3,317,651. | | 24,888,531 |
| Loss on disposal of capital assets do not require the use of current financial resources of the governmental funds, but are treated as program expenses in the statement of activities. The Town reported losses on the disposal of general government capital assets with net book value \$632. | | (632) |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatmen of long-term debt. | t | 1,623,050 |
| Internal service funds are used by management to charge the costs of insurance and employee benefits to individual funds, and to provide vehicle repair, maintenance and replacement. The net revenue (expenditures) of the internal service funds is reported with the governmental activities, net of the amount allocated to business-type activities. | : | 3,408,573 |
| Pension related expense reported in the statement of activities do not require the use of current financial resources and therefore are not reported in the funds. | | 3,168,738 |
| Deferred inflows of resources related to unavailable fund resources are not recognized as revenue in the governmental funds. | | 319,093 |
| Change in net position of governmental activities | \$ | 62,922,538 |

PROPRIETARY FUNDS

Major proprietary funds are enterprise funds that comprise 10% or more of a total enterprise fund classification (assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures) and at least 5% of the combined governmental and enterprise funds total for the same classification.

Enterprise funds account for operations that are financed and operated in a manner similar to private business where costs are predominantly supported by user charges or where management has decided periodic determination of revenues, expenses and / or changes in net position is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

MAJOR FUNDS

Water Fund

The Water Fund accounts for activities related to water well development and extraction, water treatment, water transportation systems and for the repair and maintenance of such facilities.

Water Resources Fund

The Water Resources Fund accounts for the Town's activities related to the analysis and measurement of the long-term water needs of the Town including conservation promotion and the development and maintenance of ground water and renewable water sources.

Stormwater Fund

The Stormwater Fund accounts for the development, operation and maintenance of infrastructure related to storm water run-off including storm sewers, detention ponds and other drainage ways within the Town.

Wastewater Fund

The Wastewater Fund accounts for the development and operation of activities related to the collection and treatment of wastewater.

NON-MAJOR FUNDS

RECONCILIATION OF THE PROPRIETARY FUNDS STATEMENT OF NET POSITION TO THE STATEMENT OF NET POSITION DECEMBER 31, 2022

Total enterprise net position

\$

840,021,674

Amounts reported for business-type activities in the Statement of Net Position are different from the enterprise funds Net Position because:

Internal balances between the governmental activities and the business-type activities result from the allocation of the internal service funds profit / loss that are attributable to the business-type activities: water, water resources, stormwater, wastewater, golf, community center and development services.

(362,893)

Net position of the business-type activities

FIDUCIARY FUNDS

Fiduciary funds account for assets held on behalf of outside parties, including individuals, organizations and other governments. Fiduciary funds are not reflected in the Town-wide financial statements because the assets of those funds are not available to support Town programs or operations.

PENSION TRUST FUNDS

Pension trust funds account for the activities and accumulation of resources to pay retirement benefits for employees.

FPPA Fire Volunteers Pension Fund

The FPPA Fire Volunteers Pension Fund is a pension trust fund used to account for the accumulation of resources to be used for retirement annuity payments at appropriate amounts and times in the future.

CUSTODIAL FUNDS

Custodial funds are used to report fiduciary activities that are not held in a trust or equivalent arrangement for individuals, organizations and other governments. The Custodial Funds column is an aggregate of the following funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Castle Rock, Colorado (the Town) was incorporated in 1881 and was voted by the citizens as a home-rule municipality in 1987 under the provisions of Article XX of the Constitution of the State of Colorado. The Town operates under a Council-Manager form of government.

These financial statements are prepared in accordance with accounting principles applicable to governments generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. A summary of the Town's significant accounting policies and descriptions of the financial statements are described below:

A. Financial Reporting Entity

The financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. The objective of the financial reporting entity is to provide users of the financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the Town's financial statements to be misleading or incomplete. These financial statements include all funds and activities of the Town. The accompanying financial statements present the Town and its component units, entities for which the Town is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the town-wide financial statements to emphasize that it is legally separate from the government.

Blended component units

The Castle Rock Urban Renewal Authority (CRURA) serves all the citizens of the Town and is governed by a board comprised of the Town's elected Council. The Town has agreed to provide financial support to the CRURA. The CRURA is reported as a special revenue fund and does not issue separate financial statements.

The Festival Park Commons General Improvement District (GID) was created under Colorado state statutes. The GID has the power to develop and maintain public improvements and to finance such improvements by levying a general property tax upon the benefiting property. The GID is a legally separate entity from the Town and is governed by a board comprised of the Town's elected Council. The Town's elected Council is responsible for adopting the GID's annual budget during years of activity. The GID is reported as a special revenue fund and does not issue separate financial statements.

<u>Discretely presented component units</u>

The Castle Rock Downtown Development Authority (CRDDA) was formed in 2008, under State of Colorado statutes as a quasi-municipal corporation, by the voters of downtown Castle Rock, Colorado to finance, construct and, on occasion, operate various public improvements including streetscape projects, sidewalks, street lighting, street furniture, public parks and places. The CRDDA is governed by a seven-member elected Board of Directors pursuant to the provisions of the Colorado Special District Act and

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

consists of property owners, business owners and other representatives of downtown Castle Rock. One of these individuals serves as a liaison to the Town Council and is a member of Council. The operations of CRDDA are guided by the 2008 Plan of Development adopted by the board of directors. The Town is able to impose its will on CRDDA as its operating plan and budget are approved by Town Council. The Town also approves and certifies the mill levy collected by the CRDDA and has issued debt on behalf of CRDDA.

The Miller's Landing Business Improvement District (BID) was organized on September 20, 2016, and is governed pursuant to provisions of the Business Improvement District Act, CRS 31-25-1203. The District operates under a service plan approved by the Town of Castle Rock on August 8, 2016, and is governed by a Board of Directors comprised of up to five members appointed by Town Council. The District was established for the purpose of making public improvements and providing services to the proposed commercial development, in accordance with the District's operating plan.

Separately issued financial reports are available for the CRDDA and the Miller's Landing BID. The reports may be obtained by contacting:

Town of Castle Rock Finance Department 100 North Wilcox Street Castle Rock, CO 80104

Fiduciary component unit

The FPPA Fire Volunteers Pension Plan is part of a statewide agent multiple-employer defined benefit Public Employee Retirement System. The Affiliated Local Plans represent the assets of numerous separate plans that have been pooled for investment purposes. These pension plans have elected to affiliate with FPPA for plan administration and investment purposes only and are held in trust. Each plan has a separate plan document and actuarial valuation and is governed by its own local pension board which has the authority to amend the plan benefits, such as cost-of-living increases, funeral benefits, and others as applicable. The Plan is funded by contributions from the Town and the State. The Town Fire Volunteer Pension Board consists of three plan members, two public safety commissioners, the Mayor, the Fire Chief, and the Finance Director. The FPPA Fire Volunteers Pension Plan is not included in the Town-wide statements because its assets are not available to support the Town's own programs. The FPPA Annual Comprehensive Financial Report can be obtained on FPPA's website at: www.fppaco.org/annual-reports.html.

B. Financial Statement Presentation

The basic financial statements consist of the Town-wide financial statements, the fund financial statements and the notes to the basic financial statements.

Town-wide financial statements

The Town-wide financial statements ("statement of net position" and "statement of activities") report information on all non-fiduciary activities of the primary government and component units.

The activities of the primary government are aggregated into two activity types: governmental and business-type.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

Governmental activities reflect most of the Town's services including: general government, public safety (police and fire), public works (transportation and streets) and culture and recreation (parks and open space), which are normally supported by taxes and intergovernmental revenues.

Business-type activities include water, water resources, stormwater and wastewater utilities, a golf course, community centers (recreation), and development services. These activities rely to a significant extent on fees and charges for services.

The *primary government* is reported separately from the legally separate *component units* for which the primary government is financially accountable.

The statement of net position reports what the Town owns (assets and deferred outflows of resources) and what the Town owes (liabilities and deferred inflows of resources) with the difference being reported as net position.

The statement of activities demonstrates the degree to which direct expenses of a function were funded by program revenues. Direct expenses are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other revenues not specifically identifiable with a given program are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the fiduciary funds are excluded from the Town-wide reporting as the assets are not available to support Town programs or operations. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Fund Financial Statements

The Town uses fund accounting to control and manage money intended for a particular purpose or to demonstrate compliance with finance-related legal requirements.

Fund statements are grouped into three fund categories: governmental, proprietary and fiduciary. The fund financial statements report Town operations in more detail than the Town-wide financial statements by providing information about financially significant funds called "major funds". Individual financial information is reported for each major fund with the remaining "non-major" funds, including its blended component units, being aggregated into a single "other" column.

Governmental Funds

The Town reports the following major governmental funds:

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund. The Economic Development Fund is a sub-fund of the General Fund to facilitate expansion of the tax base, through primary job creation and improved local economy. The Parking Fund is a sub-fund of the General Fund to fund public parking garage maintenance and debt payments related to the Encore Redevelopment Agreement. The TABOR Excess

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

Fund is a sub-fund of the General Fund to account for the use of revenues in excess of the TABOR cap from 2021 through 2031 as approved by voters.

The *Transportation Fund* is a special revenue fund that accounts for the accumulation of financial resources and expenditures for the construction, acquisition, installation, repair and maintenance of streets, bridges, sidewalks and public transit and the acquisition of easements and right-of-ways, development of transportation facilities and for the operations of the department responsible for the construction and maintenance of such facilities. The following revenue sources are committed to the furtherance of transportation projects within the Town of Castle Rock, the maintenance of existing roads and infrastructure and the overall operations of the public works department:

- Tax revenue inclusive of but not limited to the following:
 - Sales tax
 - Building Use Tax
- Intergovernmental revenues are inclusive of but not limited to the following:
 - Highway User Revenue
 - Road & Bridge Revenue
 - Douglas County Shareback
- Charge for services
- Investment earnings
- Contributions and donations
- Any other revenue inclusive of but not limited to the following:
 - Reimbursements
 - Refunds

The *Transportation Capital Fund* is a capital projects fund that accounts for the planning and construction of growth related capital improvement projects.

Proprietary Funds

The Town reports the following major proprietary funds:

The Water Fund is used to account for the Town's activities related to water well development, water extraction, treatment, and transportation systems, and for the repair and maintenance of such facilities.

The Water Resources Fund is used to account for the Town's activities related to the analysis and measurement of the long-term water needs of the Town including conservation promotion and the maintenance and development of groundwater and renewable water sources.

The *Stormwater Fund* is used to account for long-term stormwater planning, implementation of capital improvement projects, and administration of the Town's floodplain program.

The Wastewater Fund is used to account for the activities related to wastewater collection and treatment.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

In addition, the Town reports the internal service funds as non-major funds. The internal service funds are used to finance and account for goods and services provided to other funds, on a cost reimbursement basis. These funds are used to account for the operations of the Employee Benefits and Fleet Services Funds.

The proprietary fund "statement of revenues, expenses and changes in net position" classifies revenues and expenses directly related to the service provided as "operating". Operating revenues are primarily charges for services (exchange-like transactions) for utility services (water, water resources, stormwater, and wastewater), recreation services (golf, and community center) and for development services. Golf operating revenues include sales of merchandise. Operating revenues for internal service funds are charges for services provided to other funds and departments. All other revenues in the proprietary funds are reported as non-operating revenues. Operating expenses for proprietary funds include cost of sales and services, administrative expenses and depreciation of capital assets. All other expenses are reported as non-operating.

Fiduciary Funds

Fiduciary funds account for assets held on behalf of outside parties, including individuals, organizations and other governments. Fiduciary funds are not reflected in the Town-wide financial statements because the assets of those funds are not available to support Town programs or operations. The fiduciary activities of the Town are reported in the following fiduciary funds:

The FPPA Fire Volunteers Pension Fund is a pension trust fund used to account for the accumulation of resources to be used for retirement annuity payments at appropriate amounts and times in the future. Resources are contributed by the Town at amounts determined by biennial actuarial studies as well as contributions by the State of Colorado.

The Add-On PIF Fund is a custodial fund used to account for the receipt and disbursement of the Add-On Public Improvement Fee (PIF) collected on sales transactions in the Promenade retail center and within the Encore project. The Town remits collections of the Add-On PIF to the Promenade Metropolitan District No. 1 on a monthly basis.

The *Special District Fee Fund* is a custodial fund used to account for receipt and disbursement of the Meadows District imposed capital reserve fee. The Town remits collections of the capital reserve fee to the Meadows Districts on a monthly basis.

The *Use Tax Fund* is a custodial fund used to account for the receipt and disbursement of Douglas County's 1.00% portion of the use tax imposed on construction materials that are utilized in the construction of real property. The Town remits collections of the use tax to Douglas County on a monthly basis.

The Authority Development Fee Fund is a custodial fund used to account for the receipt and disbursement of the Cherry Creek Basin Water Quality Authority's imposed Development Fee. The fee is collected on new construction and development within the portion of the Town that overlaps the Authority's boundaries. The Town remits collections of the fee to the Authority periodically, as received.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

C. Measurement Focus and Basis of Accounting

The Town-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary funds, and discretely presented component unit financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the year. The Town reports deferred inflows when the potential revenue does not meet the measureable and available criteria for recognition in the current period. Expenditures are recorded when the liability is incurred. However, debt service and compensated absences are recorded when the payment is due.

Sales taxes, use taxes, motor vehicle use, property taxes, franchise fees, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual. These are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received.

As a general rule the effect of interfund activity has been eliminated from the Town-wide financial statements. Exceptions to this general rule are charges between the Town's water and wastewater funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

D. Cash and Investments

To facilitate the recording of cash transactions and maximize earnings on investments, the Town pools cash and investments of all funds, except for unspent bond proceeds. The Town maintains accountability for each fund's equity in pooled cash and investments. Unspent bond proceeds are separately accounted for in accordance with the bond requirements. All unrestricted funds of the Town are eligible for investment. Investment earnings related to combined funds are distributed to each fund on a pro rata basis. For financial statement presentation, each fund's share of the cash and investment pool is reported as "cash and cash equivalents" and "investments" of that fund at year-end.

The Town defines cash equivalents as highly liquid investments with a maturity of three months or less at the date of purchase. The Town has cash in escrow at Douglas County for the Open Space Shareback totaling \$1,277,599, at a third-party title company for a transportation capital project in its warranty period totaling \$18,581, and at a third-party company for the construction of enhanced water improvements per a construction escrow agreement between the Town and Crystal Valley Metropolitan District No. 2 Subdistrict.

Investments are reported at fair value except for local government investment pools and the affiliated local plan pool which are reported at the net asset value per share which is determined based upon how the fund is valued (i.e. fair value or amortized cost). Investment income includes increases and decreases

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

in the fair value of investments. Changes in fair value during the year do not necessarily represent trends that will continue; nor is it always possible to realize such amounts, especially in the case of temporary changes in the fair value of investments that the government intends to hold to maturity.

E. Restricted Assets

Certain resources, such as those set aside for the repayment of debt, are classified as restricted assets on the balance sheet because their use is limited by bond covenants or other agreements. These assets are generally not available to pay current obligations.

F. Receivables

Accounts receivable are reported net of an allowance for uncollectible accounts, where applicable. The allowance of \$438,105 is reported in the General Fund.

G. Inventories

Inventory is maintained in the Golf Fund for resale merchandise. Inventory is valued at cost, which approximates market, using the first in / first-out (FIFO) method.

H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods; the associated expense is recognized in the period benefitted by the prepayment in the Town-wide and proprietary funds and the associated expenditures are recognized when consumed in the governmental funds.

I. Capital Assets

All capital assets, including infrastructure capital assets such as streets and sidewalks are reported in the applicable governmental or business-type activities columns in the Town-wide financial statements and in the proprietary funds financial statements. Purchases and construction of capital assets are reported at cost. Donated assets are valued at the acquisition value at the date of donation. The Town identifies all reportable intangible assets and values of these assets based on purchase price or acquisition value if donated. Intangible assets include, but are not limited to, easements, right-of-ways, internally developed software, water rights, and trademarks.

The Town has established a capitalization threshold of individual assets costing \$5,000 or more with a useful life greater than one year.

Costs incurred for the purchase or construction of capital assets for governmental activities are recorded as capital outlay expenditures in the governmental funds. Infrastructure assets (e.g., streets, sidewalks, and trails) have been capitalized for all infrastructure acquired since 1980. Costs incurred for the purchase or construction of capital assets for business-type activities are reported as assets in the proprietary funds.

Depreciation of exhaustible capital assets is charged as an expense against operations. Accumulated depreciation is reported on the Town-wide and proprietary fund financial statements. Depreciation has been provided over the estimated useful lives using the straight-line method.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

The estimated useful lives are as follows:

| Machinery and equipment | 5 - 10 years |
|------------------------------|---------------|
| Buildings and improvements | 20 - 40 years |
| Infrastructure | 15 - 50 years |
| Water Rights (Non-tributary) | 100 years |

J. Property Taxes

Property taxes attached as a lien on property on January 1, are certified to the county by December 15th and are levied the following January 1st. Property taxes are payable in full by April 30th, or in two equal installments due February 28th and June 15th. Taxes collected by the county are remitted to the Town by the 10th of the following month. Property taxes are reported as receivables and deferred inflows when liened and as revenue when collected in the following year.

K. Leases

The Town is the lessor for noncancellable leases of land. As lessor, the Town recognizes a lease receivable and a deferred inflow of resources in the government-wide, governmental fund, and proprietary fund financial statements. Leases are reported at the present value of lease receipts.

At the commencement of a lease, the Town initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the commencement date.

Subsequently, the deferred inflow of resources is recognized as revenue on a straight-line basis over the life of the lease term. Variable lease payments based on future performance of the lessee or the usage of the underlying assets are not included in the lease receivable calculations but are recognized as inflows of resources in the period in which those payments occur.

Key estimates and judgements include how the Town determines the discount rate it uses to discount the expected lease receipts to present value, lease term and lease receipts.

- The Town uses the interest rate stated in the agreement or, if none is available, uses its estimated incremental borrowing rate (IBR) as the discount rate.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable are composed of fixed payments from the lessee.

The Town monitors changes in circumstances that would require remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

The Town leases portions of land for cell tower use as part of its' governmental activities, the terms of which expire in 2047. Payments are either set for the entire term or increase annually by a percentage as stated in the agreement. The leases were measured at lease commencement based upon the IBR.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

Revenue recognized under these lease contracts during the year ended December 31, 2022 was \$57,856 which include both lease revenue and interest. For governmental activities, the Town leases a portion of land for the use of a zip line and aerial trekking course. Payments are variable based upon a percentage of gross revenues from the business activities as stated in the agreement. Payments received under this lease contract during the year ended December 31, 2022 were \$72,979.

The Town leases portions of land for cell tower use as part of its' business-type activities, the terms of which expire in 2058. Payments either increase annually or at the end of the renewal period by a percentage as stated in the agreement. The leases were measured at lease commencement based upon the IBR. Revenue recognized under these lease contracts during the year ended December 31, 2022 was \$98,750 which include both lease revenue and interest. For business-type activities, the Town receives variable lease payments for the cell tower rents received by the tenant. Payments are based upon a percentage of actual rents received by the tenant as stated in the agreement. Payments received under this lease contract during the year ended December 31, 2022 were \$31,513.

L. Accounts Payable

Amounts reported as accounts payable on the statement of net position include:

| | Go | vernmental | al Business-type | | |
|-----------------------|----|------------|------------------|------------|--|
| | | Activities | | Activities | |
| Vendors | \$ | 9,360,064 | \$ | 4,789,403 | |
| Salaries and benefits | | 967,918 | | 410,861 | |
| Total | \$ | 10,327,982 | \$ | 5,200,264 | |

M. Unearned Revenue (Liabilities)

Unearned revenues reflect amounts that have been received before the town has a legal claim to the funds. In subsequent periods, when revenue recognition criteria are met, or when the Town has a legal claim to the resources, the unearned revenue is removed from the statements of net position or governmental funds balance sheet and revenue is recognized.

N. Accrued Leave

The Town allows employees to accumulate unused vacation and sick benefits up to certain maximum hours. Accrued compensated absences are recognized as expenses when earned by the employee for the Town-wide statements and the proprietary fund statements. Compensated absences are recognized as expenditures when paid in the governmental fund statements. In response to the Pandemic, employees were allowed to carryover unused vacation and sick benefits above the maximum hours.

O. Non-current Liabilities

Non-current liabilities include: bonds, notes, certificates of participation, earned but not used compensated absences, and net pension liabilities. The accounting and reporting treatment for a fund's non-current liabilities is determined by its measurement focus.

Governmental Funds

For governmental funds, the liability is recorded when payment is due or the resources have been accumulated for payment early in the following year. Proceeds from the issuance of debt are reported in

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

the governmental funds as "other financing sources". Payments of principal on debt are shown as expenditures. In the governmental fund financial statements, bond premiums and discounts, and bond issuance costs, are reported as expenditures of the current period.

Town-wide (governmental and business-type activities) and Proprietary Funds

The Town-wide and proprietary fund financial statements use the economic resources measurement focus. Proprietary funds report long-term liabilities in the fund. Long-term liabilities expected to be repaid by governmental funds are reported in the governmental activities column of the Town-wide statements. Under the economic resources measurement focus, debt issuances are reported as increases in non-current liabilities. Principal payments are shown as decreases in non-current liabilities. The outstanding amounts of non-current liabilities are reported on the statement of net position. Amounts due within the next twelve months are reported as "due within one year" with the remaining amount being reported as "due within more than one year". Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

P. Fund Balance and Net Position

Fund Balances

Fund balances reflect assets minus liabilities and deferred inflows of resources using the current financial resources measurement focus. Fund balances are only reported in the governmental fund statements. The Town follows GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in the governmental funds. In the governmental fund financial statements, fund balances are classified as follows:

Non-spendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in a spendable form or is legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance constrained for a specific purpose by external parties, constitutional provisions, or enabling legislation. Effectively, restrictions on fund balance may only be changed or lifted with the consent of resource providers.

Committed Fund Balance – The portion of fund balance that can only be used for specified purposes according to limitations imposed by Town Council prior to the end of the current fiscal year. The constraint may be removed or changed only by resolution of Town Council.

Assigned Fund balance – The portion of fund balance set aside for planned or intended actions. The intended use may be expressed by Town Council or other individuals authorized to assign funds to be used for a specific purpose. Through a resolution, Town Council assigned authority to the Town Manager. In governmental funds other than the general fund, assigned fund balance represents the amount that is not non-spendable, restricted, or committed. This indicates that resources in these funds are, at a minimum, intended to be used for the purpose of that fund.

Unassigned Fund Balance — This is the residual portion of fund balance that does not meet any of the above criteria. The Town will only report a positive unassigned fund balance in the General Fund. In 2016, Town Council approved a reserves policy that required funds to be reserved with the intent of stabilizing

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

revenues which are highly volatile in the event that regular planned revenues do not materialize to the degree anticipated for regular operational needs. Therefore, the Town maintains a cash reserve equal to at least three months of operating expenses in the General Fund to provide for this assurance.

In the Town's Fund Balance policy, it is not specifically identified which order the spending should occur. Therefore, the Town's practice is that the order of spending defaults to the following order: restricted, committed, assigned, and unassigned fund balance.

Net Position

In the government-wide and proprietary fund financial statements, net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources using the economic resources measurement focus and the accrual basis of accounting. Net Position is reported in three classifications. "Net investment in capital assets" which reflects capital assets (net of accumulated depreciation) reduced by the outstanding amount of the debt that was used to acquire or construct the capital assets. Restricted net position report amounts legally segregated for a specific use. The remaining net position is reported as unrestricted. When both restricted and unrestricted resources are available for use, it is the Town's practice to use restricted resources first, then unrestricted resources as needed.

Q. Deferred Outflows/Inflows of Resources

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future reporting period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports two items that qualify for reporting in this category - pension related amounts and deferred losses on debt refundings.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports four items that qualify for reporting in this category – pension related amounts, CORE (previously IREA) capital credit, property taxes that are deferred to future periods, and lease related amounts. The CORE capital credit is utilized when the Town has a qualifying future project that requires the removal, relocation or installation of CORE infrastructure.

Under the modified accrual basis of accounting, revenues and other fund financial resources are recognized in the period in which they become both measurable and available. Assets recorded in the fund financial statements for which revenues are not available are reported as a deferred inflow of resources. Unavailable fund resources are recognized in the Town-wide statement of activities.

R. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions. These assumptions affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenditure and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

The Town invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of financial position.

S. Implementation of New GASB Standards

During 2022, the Town adopted Government Accounting Standards Board Statement No. 87, Leases. GASB Statement No. 87 requires recognition of lease assets and liabilities for certain leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the lease contract. It establishes a single model for lease accounting based on the foundational principle that leases are the financing of the right-to-use an underlying asset. Under the statement, a lessee is required to recognize a lease liability and a tangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Effective January 1, 2022, the Town implemented the provisions of GASB Statement No. 87 which resulted in recognition of lease receivables of \$192,533 and \$835,215 in the Conservation Trust Fund/governmental activities and the Water Fund/business-type activities, respectively, for contracts entered into as lessor as of January 1, 2022. The Town did not record any leases under a lessee arrangement.

2. RECONCILIATION OF TOWN-WIDE AND FUND FINANCIAL STATEMENTS

The reconciliation of total governmental funds on the governmental funds balance sheet to the governmental activities on the statement of net position includes an amount for long-term liabilities including bonds payable and accrued leave that are not due and payable in the current period and therefore are not reported in the governmental funds.

A. Explanation of Certain Differences between the Government Fund Balance Sheet and the Townwide Statement of Net Position

The details of the \$46,058,235 difference relating to governmental activities long-term liabilities are as follows:

| 2013 Sales and use tax bonds | \$ 550,000 |
|---|------------------|
| 2016 Sales and use tax bonds | 4,720,000 |
| 2020 Sales and use tax bonds | 18,550,000 |
| 2013 Certificates of participation | 5,930,000 |
| 2020 Certificates of participation | 8,485,000 |
| Accrued leave, excluding internal service funds of \$35,478 | 5,709,828 |
| Debt premiums and discounts | 2,012,974 |
| Accrued interest payable | 100,433 |
| Net adjustments to governmental funds | |
| fund balances to arrive at net position for | |
| governmental activities | \$ 46,058,235 |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Town-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances, total governmental funds and changes in net position of governmental activities as reported in the Town-wide statement of activities. One element of that reconciliation states "repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This amount is the net effect of these differences in the treatment of long-term debt and related items."

The details of the \$1,623,050 difference are as follows:

| Principal payments | |
|--|-----------------|
| 2013 Sales and use tax bonds | \$ 525,000 |
| 2016 Sales and use tax bonds | 690,000 |
| 2013 Certificates of participation | 415,000 |
| Amortization of bond premium | 217,389 |
| Amortization of refunding loss | (59,966) |
| Accrued interest on debt | 4,777 |
| Net increase in accrued leave | (169,150) |
| | |
| Net adjustments to governmental fund revenues and | |
| expenditures to arrive at the change in net position for | |
| governmental activities. | \$ 1,623,050 |

3. DEPOSITS AND INVESTMENTS

A reconciliation of the Town's deposit and investment balances as of December 31, 2022 by type to the Statement of Net Position is below.

Summary of Deposit and Investment Balances

| | G | overnmental Activities | В | usiness-type Activities | Fidi | ıciary Funds | | Total |
|--|----|---------------------------|----|----------------------------|------|----------------|----|-------------|
| Carrying Value | | 71011711100 | | 7.00.710.00 | | zorary i arrae | | |
| Petty Cash | \$ | 11,267 | \$ | 6,345 | \$ | - | \$ | 17,612 |
| Deposits | | 75,004,378 | | 18,460,912 | | 139,096 | | 93,604,386 |
| Investments | | 95,467,400 | | 143,241,514 | | 897,538 | | 239,606,452 |
| Total | \$ | 170,483,045 | \$ | 161,708,771 | \$ | 1,036,634 | \$ | 333,228,450 |

| Restricted cash and cash equivalents | _ | 1,055,623 | | 28,777,850 | | 139,096 | | 29,972,569 |
| Total | \$ | 170,483,045 | \$ | 161,708,771 | \$ | 1,036,634 | \$ | 333,228,450 |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

A. Inherent Risks

The Town's deposits and investments, (like those of other governments), are subject to various risks:

1) Custodial Credit Risk

The custodial credit risk of deposits is the risk that in the event of failure of a depository financial institution, the Town would not be able to recover collateral securities that are in the possession of an outside party. The custodial risk for investments is the risk that in the event of the failure of a counterparty to the transaction, the Town would not be able to recover the value of the investment or collateral securities that are in the possession of an outside party.

2) Concentration of Credit Risk

State statutes do not limit the amount the Town may invest in one issuer. At December 31, 2022, the Town's investments in any one issuer greater than five percent of the Town's total investments include the following:

| Issuer | Percent of total investments |
|---------------|------------------------------|
| U.S. Treasury | 21.60% |

B. Town Deposit and Investment Policies

The risk exposure is essentially the same for both governmental and business-type activities.

Deposits

Deposits are exposed to custodial credit risks if they are not covered by depository insurance and the deposits are uncollateralized. The Town's deposit and investment policy allows Town funds to be deposited in any state or national bank located in Colorado, which is a member of the Federal Deposit Insurance Corporation (FDIC) and which complies with the Colorado Public Deposit Protection Act (PDPA). The PDPA requires that all local governments deposit cash in eligible public depositories. State regulators determine eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The fair value of the collateral must be at least equal to 102% of the uninsured public deposits. The PDPA has the effect of perfecting the security interest in the name of the local government agency. At December 31, 2022, the Town's cash deposits had a carrying value of \$93,604,386 and a corresponding bank balance of \$95,221,838 of which \$1,122,898 was FDIC insured and \$94,098,940 was collateralized by securities held by the pledging financial institution's trust department or agent in the Town's name.

Investments

To limit its exposure to the various investment risks, the Town, through its investment policy, adopted the Colorado Revised Statutes dealing with deposits and investments to restrict investments of Town funds to the securities and transactions meeting certain established criteria. The ratings shown in the following list are by Standard and Poor's (S&P). An investment may also receive an equivalent rating by another rating agency such as Moody's or Fitch. Maturity time limitations are measured from the date of purchase. State statutes do not address custodial risk.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

The Town's Investment Policy allows the following investments:

- 1) United States Treasury obligations, federal agency securities and federal instrumentality securities, S&P or Moody rated AAA with maturities not exceeding five years.
- 2) Prime commercial paper issued on U.S. companies and denominated in U.S. currency, S&P rated A-1, with maturities not exceeding 270 days.
- 3) Eligible bankers' acceptances, with maturities not exceeding 180 days, where banks meet certain capital and rating requirements.
- 4) Repurchase agreements and flexible repurchase agreements meeting certain criteria.
- 5) Local government investment pools, with a constant net asset value of \$1 per share, S&P rated AAAm, and which invests under the Colorado Revised Statutes dealing with local government deposits and is overseen by the Colorado Securities Commissioner.
- 6) Time certificates of deposit or savings accounts, with maturities not exceeding one year, meeting both the FDIC and PDPA requirements.
- 7) Money market funds, which are registered, with a constant weighted average maturity and S&P rating of AAAm. No more than 25% of the Town's aggregated portfolio may be invested in this type of investment.
- 8) Corporate bonds issued by a corporation or bank with a final maturity not exceeding three years from the date of purchase, rated at least AA- by S&P.
- 9) Municipal bonds with a final maturity not exceeding five years from the date of purchase and rated at least A by S&P for general obligation or revenue obligation debt of this state or any political subdivision, institution, department, agency, instrumentality, or authority of this state. Such obligations of any other governmental entity shall be rated at least AA by S&P.

The Town's investments on December 31, 2022 were as follows:

| | | | | | | (In Ye | ears) | | |
|--|----------------------------|----------|-------------|----|------------|--------|-------------|----|-----------------------|
| Investment Type | Standard & Poors Rating | <u>L</u> | ess Than 1 | | 1-5 | | Fair Value | N | et Asset per Share |
| U.S. Treasuries | AA+ | \$ | 17,471,357 | \$ | 34,094,904 | \$ | 51,566,261 | \$ | - |
| U.S Agencies | AA+ | | 19,011,049 | | 19,505,600 | | 38,516,649 | | - |

| Total | | \$ | 179,055,652 | \$ | 60,550,800 | \$ | 101,983,941 | \$ | 137,622,511 |

^{*}Included as part of cash and cash equivalents for financial reporting purposes.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

Local Government Investment Pool – At December 31, 2022 the Town had \$136,724,973 invested in the Colorado Surplus Asset Fund Trust (CSAFE) cash fund. This is an investment vehicle established by State Statute for local government entities in Colorado to pool surplus funds. Investment objectives and strategies focus on safety, liquidity, transparency, and competitive yields through investment in a diversified portfolio of short-term marketable securities. The pool does not have any limitations or restrictions on participant withdrawals. The State Securities Commissioner administers and enforces the requirements of creating and operating the pool. The pool operates similarly to a money market fund and each share is equal in value to \$1.00. The pool is rated AAAm by S&P. Investments of the pool are limited to those allowed by State Statutes. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the participating governments. Information regarding the CSAFE's financial statements is available at its website www.csafe.org.

Pension Trust Affiliated Local Plan Pool – At December 31, 2022 the Town had \$897,538 invested in FPPA's Long-Term Investment Pool of the Fire & Police Members' Benefit Investment Fund and fall under the complete investment authority of the FPPA Board of Directors. The Long-Term Pool is designed primarily for open plans with a longer time horizon, higher risk tolerance, and lower liquidity needs. On a monthly basis shared revenues and expenses are allocated to each affiliate. The Plan is included in FPPA's annual issued audited financials. Additional information regarding the investments and associated risk may be obtained in this report at www.fppaco.org.

Fair Value

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are valued using matrix pricing techniques; Level 3 inputs are significant unobservable inputs. The Town has the following recurring fair value measurements as of December 31, 2022:

| | | | Fair \ | ir Value Measurements Using | | | | | |
|---------------------------------------|----------------------|----|---------|-----------------------------|-------------|----|---------|--|--|
| Investment by Fair Value Level | December 31, 2022 | L | .evel 1 | | Level 2 | | Level 3 | | |

4. RESTRICTED ASSETS

Restricted Cash and Cash Equivalents

| <u>Fund</u> | <u>Purpose</u> | Dece | Balance ember 31, 2022 |
|--------------------------|---|------|---------------------------|
| Governmental activities | | • | 4 055 000 |
| General | Advance grant proceeds | \$ | 1,055,623 |
| | Total Governmental activities | \$ | 1,055,623 |
| Business-type activities | | | |
| Water Resources | 2022 Water & Sewer Reveune Bond | | |
| 0-14 | Unspent note proceeds | \$ | 28,277,035 |
| Golf | 2015 Revenue Refunding and Improvement Bonds Debt Service Reserve | | 500,815 |
| | Debt Service Reserve | | 500,615 |
| | Total Business-type Activities | \$ | 28,777,850 |
| | | | |
| | Total Restricted Cash and Cash Equivalents | \$ | 29,833,473 |

General Fund

The restricted cash in the General Fund relates to unearned grant revenue associated with advance State and Local Fiscal Recovery Funds (SLFRF) received. The remaining grant proceeds are \$1,055,623 as of December 31, 2022.

Water Resources Fund

The restricted cash in the Water Resources Fund relates to unspent 2022 Water and Sewer Bond proceeds of \$28,277,035 as of December 31, 2022.

Golf Fund

In 2015, the Golf Fund refunded its outstanding 2005 Golf Course Enterprise Revenue Refunding Bonds. The 2015 Golf Course Enterprise Revenue Refunding and Improvement Bonds require that the Golf Fund maintain a debt service reserve of \$500,815. It is anticipated that this restricted cash will be available to make the final debt service payment due in December 2027.

5. NOTES RECEIVABLE

Under an intergovernmental agreement between the Town of Castle Rock and the Consolidated Bell Mountain Ranch Metropolitan District, the Town agreed to provide water services to the Bell Mountain Ranch Subdivisions for the purpose of achieving economies of scale. Per the agreement, system charges totaling \$6,354,065 are due from system users in the service area for system development fees and system improvements. The charges are payable over a 30-year period at an annual interest rate of 2.54%. Payments are due monthly beginning in January 2023. The balance of the notes receivable at December 31, 2022 is \$6,354,065.

| | \$ 6,354,065 | | | | | | |

6. LONG-TERM RECEIVABLE

The Town reports a long-term receivable in the governmental activities on the Town-wide Statement of Net Position. The receivable relates to an agreement with CORE Electric Cooperative formerly known as Intermountain Rural Electric Association (IREA). The Town is allowed a percentage of the previous year's CORE adjusted gross revenue derived within the Town from the sale of electrical energy to customers other than the Town or any federal, state or local governmental entities after the write-off of uncollectible accounts and correction of bills theretofore rendered. CORE uses this allotment to apply against expenses incurred if the Town deems it necessary to change the location or nature of any CORE facilities to permit the Town to make street or sidewalk improvements, including but not limited to, pole relocations, pole changes and underground conversions. Unused allotments shall be carried over from year to year and will accumulate until used by the Town. The balance at December 31, 2022 is \$1,153,964.

8. INVESTMENT IN JOINT VENTURE

In 1989, the Town, Castle Pines Metropolitan District and Castle Pines North Metropolitan District agreed to establish the Plum Creek Water Reclamation Authority (PCWRA). The Town accounts for this agreement as a joint venture, in which the Town has an equity interest. The purpose of PCWRA is to provide wastewater treatment to the members through the operation of wastewater treatment plants. As part of this agreement, the Town transferred title of the Castle Rock treatment plant to PCWRA in 1990. Additionally, the Town shared in the costs of constructing the Castle Pines plant. The PCWRA is required by state statute to have an annual audit. The audit can be obtained by writing to PCWRA, 4255 North US Highway 85, Castle Rock, CO, 80108.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

At December 31, 2022, the Town had an equity interest in PCWRA of \$43,834,389. This represents an 79.13% interest in the net position of the PCWRA. During 2022, PCWRA charged the Town \$3,768,508 for the treatment of wastewater. The Town also paid to PCWRA \$700,938 which represents the Town's share of debt service payments for the previous treatment plant expansion.

^{*} Accrued leave for the Governmental Activities are expected to be liquidated primarily with revenues of the General Fund and Transportation Fund.

A. Revenue Bonds

Over the years, the Town has issued revenue bonds with pledged revenues as collateral. The revenue bonds have been issued as transportation revenue bonds, water and wastewater revenue bonds and golf revenue bonds. These bonds were issued to finance various construction projects within each of the issuing funds, with the pledged revenue coming from the respective fund.

^{**} The General Fund has been used in prior years to liquidate pension liabilities.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

The total pledged revenue is not estimable in comparison to pledged debt in that revenues are uncertain as to future amounts. However, the debt coverage requirement for each issue must be met or the bonds will be in default. This provides sufficient coverage each year for the pledged debt. The debt service coverage, or comparison of pledged revenues net of specific operating expenses, for each pledged debt, is provided in Tables 19 through 21 of the statistical section.

In March 2013, the Town issued \$20,000,000 at interest rates ranging from 1.5% – 5% of Sales and Use Tax Revenue Bonds. The purpose of the 2013 bonds was to finance a portion of Castle Rock Parkway. Principal payments are due annually on June 1 through 2035 commencing June 1, 2017. Interest payments are due semi-annually on June 1 and December 1 commencing June 1, 2013. In October 2020, the outstanding bonds were partially refunded with the Sales and Use Tax Revenue Refunding Bonds, Series 2020. A portion of the 2013 bonds maturing in 2021, 2022 and 2023 totaling \$1,590,000 were not refunded. The Town established an escrow account with proceeds from the 2020 refunding bonds. The amount deposited into the escrow is expected to be sufficient to pay interest on the defeased debt from 2020 until 2023 and to pay the outstanding principal on the defeased debt when the refunded bonds are called on June 1, 2023.

The amount of debt outstanding in escrow at December 31, 2022 is \$16,425,000. As of December 31, 2022, future payments of principal and interest on the unrefunded Series 2013 Bonds total \$561,000. The bonds are payable solely from the revenue derived from sales and use tax at the rate of 1.35% pledged from the General, Transportation, General Long-Term Planning and Community Center funds. During the year ended December 31, 2022 revenues of \$30,891,244 were available to pay annual debt service of \$553,562.

In July 2016, the Town issued \$7,405,000 of Sales and Use Tax Revenue Refunding Bonds, Series 2016 at interest rates ranging from 2% – 5%. The purpose of the 2016 bonds was to refund all of the Town's Sales and Use Tax Revenue Bonds, Series 2008 in the amount of \$7,880,000. Principal payments are due annually on June 1 through 2028 commencing June 1, 2018. Interest payments are due semi-annually on June 1 and December 1 commencing December 1, 2016. As of December 31, 2022, future payments of principal and interest total \$5,426,125. The bonds are payable solely from the revenue derived from sales and use tax at the rate of 1.35% pledged from the General, Transportation, General Long-Term and Community Center funds. During the year ended December 31, 2022 revenues of \$30,891,244 were available to pay annual debt service of \$907,400.

In October 2020, the Town issued \$18,550,000 of Sales and Use Tax Revenue Refunding Bonds, Series 2020 at interest rates ranging from 1.03% – 2.42%. The purpose of the 2020 bonds was to reduce the interest rate paid on the Town's debt by refunding a portion of the Town's Sales and Use Tax Revenue Bonds, Series 2013 in the amount of \$16,425,000. The purpose of the 2013 bonds was to finance a portion of Castle Rock Parkway. Principal payments are due annually on June 1 through 2035 commencing June 1, 2025. Interest payments are due semi-annually on June 1 and December 1 commencing June 1, 2021. As of December 31, 2022, future payments of principal and interest total \$21,791,796. The bonds are payable solely from the revenue derived from sales and use tax at the rate of 1.35% pledged from the General, Transportation, General Long-Term Planning and Community Center funds. During the year ended December 31, 2022 revenues of \$30,891,244 were available to pay annual debt service of \$362,387.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

The Town issued Water and Wastewater Revenue Bonds in 2006 for \$9,665,000 at a 4% interest rate to construct water and wastewater system improvements. In May of 2012, the Town issued \$11,455,000 at interest rates ranging from 2% – 5% in Water and Wastewater Refunding Bonds. The purpose of the refunding was to reduce the interest rate paid on the previously issued Water and Wastewater Revenue Bonds. In July of 2015, the Town issued \$5,610,000 at interest rates ranging from 2% - 5% in Water and Wastewater Refunding Bonds. The purpose of the refunding was to reduce the interest rate paid on the 2006 Water and Wastewater Revenue Bonds. A portion of the 2006 Revenue Bonds totaling \$905,000 was not refunded. Principal payments are due annually on December 1. Interest payments are due semi-annually on June 1 and December 1. The bonds are payable solely from the net revenues of the Town's Water and Wastewater Funds after the payment of the operation and maintenance expenses of the systems. These bonds constitute an irrevocable lien upon the net pledged revenues. During the year ended December 31, 2022, net pledged revenues of \$50,376,369 were available to pay annual debt service of \$2,071,650 for the bonds. As of December 31, 2022, future payments of principal and interest, on the 2012 bonds total \$1,380,750 and the 2015 bonds total \$2,751,750.

In July 2016, the Town issued \$50,635,000 of Water and Sewer Enterprise Revenue Refunding Bonds, Series 2016 at interest rates ranging from 1.5% – 5%. The purpose of the 2016 bonds was to prepay all of the Town's obligations under its Certificates of Participation, Series 2008 (COPs). The purpose of the COPs was to fund the acquisition of a raw water storage easement in the Reuter-Hess Reservoir owned and operated by Parker Water and Sanitation District and to acquire, construct and install certain other water supply, storage, transmission, and treatment facilities. Principal payments are due annually on December 1 through 2034 commencing December 1, 2016. Interest payments are due semi-annually on June 1 and December 1 commencing December 1, 2016. As of December 31, 2022, future payments of principal and interest total \$47,511,750. The bonds are payable solely from the net revenues of the Town's Water and Wastewater Funds after the payment of the operation and maintenance expenses of the systems. These bonds constitute an irrevocable lien upon the net pledged revenues. During the year ended December 31, 2022, net pledged revenues of \$50,376,369 were available to pay annual debt service of \$3,766,750.

In February 2022, the Town issued \$25,455,000 of Water and Sewer Enterprise Revenue Bonds, Series 2022 at interest rates ranging from 2% – 5%. The purpose of the 2022 bonds was to construct a pipeline through Parker Water and Sanitation District to support additional conveyance capacity for water received pursuant to the Water Infrastructure Supply Efficiency (WISE) project, to construct a new 822 acre-foot reservoir, and to construct the Newlin Gulch Pipeline and Pump Station. Principal payments are due annually on December 1 through 2042 commencing December 1, 2022. Interest payments are due semi-annually on June 1 and December 1 commencing June 1, 2022. As of December 31, 2022, future payments of principal and interest total \$36,673,300. The bonds are payable solely from the net revenues of the Town's Water Resource Funds after the payment of the operation and maintenance expenses of the systems. These bonds constitute an irrevocable lien upon the net pledged revenues. During the year ended December 31, 2022, net pledged revenues of \$50,376,369 were available to pay annual debt service of \$1,833,491.

In 2015, the Town issued \$5,410,000 at a 2.86% interest rate of Golf Revenue Refunding and Improvement Bonds to refund the outstanding 2005 Golf Revenue Refunding Bonds, who's original purpose was to finance the acquisition, construction and equipping of the golf course facility. The purpose of the 2015 refunding was to reduce the interest rate paid on the 2005 Bonds and to provide funds for capital

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

improvements at the Golf Course. The outstanding bonds are payable solely from the revenues derived from the operation of the Red Hawk Ridge Golf Course after the payment of operation and maintenance expenses. Principal payments are due annually on December 1. Interest payments are due semi-annually on June 1 and December 1. During the year ended December 31, 2022, net pledged revenues of \$691,611 were available to pay annual debt service of \$497,648. As of December 31, 2022 the outstanding balance, including principal and interest was \$2,495,486.

B. Certificates of Participation

In September 2013, the Town issued Certificates of Participation (COPs) in the amount of \$9,245,000. The purpose of the COPs was to fund the construction of the Fieldhouse at Philip S. Miller Park. Principal payments are due annually on December 1 through 2033. Interest (based on a 360-day year consisting of twelve 30-day months) shall be paid semi-annually on the 1st day of the months of June and December. The Police and Municipal Court Facility are pledged assets.

In October 2020, the Town issued Certificates of Participation (COPs) in the amount of \$8,485,000. The purpose of the COPs was to fund a portion of the acquisition, construction, installation, and improvements of 308 public parking spaces in the Encore parking garage. Principal payments are due annually on December 1 through 2048, commencing December 1, 2033. Interest payments are due semi-annually on June 1 and December 1 commencing June 1, 2021.

C. Notes from Direct Borrowings and Placements

The following is a summary of notes and leases from direct borrowings and placements for the year ended December 31, 2022:

Notes from Direct Borrowings and Placements

| | Amount Issued | Amount Outstanding |
|--|------------------|--------------------|
| Business-type activities 2019 Stormwater Notes Payable | \$ 9,500,000 | \$ 8,600,000 |
| Total notes from Direct Borrowings and Placements | \$ 9,500,000 | \$ 8,600,000 |

In December 2019, the Town entered into a loan agreement with a financial institution in the amount of \$9,500,000, with an interest rate of 1.92%. The purpose of the loan was to finance Stormwater projects. As of December 31, 2022 the Town has received all \$9,500,000 of the proceeds. Principal payments are due annually on December 1, beginning in 2022. Interest payments are due semi-annually on June 1 and December 1. The loan is payable from the revenues of the Stormwater Fund. The Town drew funds based on the following schedule.

| Date | Amount |
|-----------------------------|-----------------|
| December 19, 2019 (Closing) | \$ 4,500,000 |
| September 30, 2020 | 4,500,000 |
| September 30, 2021 | 500,000 |
| | \$ 9,500,000 |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

11. PENSION PLANS

Town employees are covered under one of the five different pension plans, depending on occupation. Four of the plans are the General Employee Plan, Sworn Police Officers Plan, Sworn Police Officers Statewide Defined Benefit Plan and the Fire Employees Statewide Defined Benefit Plan (SWDB). The Town Manager and the Town Attorney are covered under the Executive Defined Contribution Plan. In addition to the employee pension plans, the Town also participates in an agent multiple-employer defined benefit plan that covers its volunteer fire fighters under the Volunteer Fire Pension Plan. All plans and plan amendments are approved by Town Council as a single-employer, defined contribution plans, qualified under IRS guidelines, except one police pension plan, two fire pension plans, an agent multiple-employer defined benefit plan and a cost sharing multiple-employer defined benefit plan, respectively.

The following table summarizes each of the Town's FPPA plans and the respective pension activity recorded in the financials.

| | | Deferred | Deferred | Pension | |
|-----------------------|--------------------|--------------|---------------|----------------|--|
| | Net Pension | Outflows of | Inflows of | Expense | |
| Plan | Liability (Asset) | Resources | Resources | (Reduction) | |
| FPPA SWDB - Police | \$ (4,801,333) | \$ 2,812,449 | \$ 5,573,859 | \$ (820,717) | |
| FPPA SWDB - Fire | (5,808,791) | 3,830,517 | 4,334,163 | (631,910) | |
| Volunteer Firefighter | 62,465 | 20,440 | 100,511 | (53,600) | |
| Totals | \$ (10,547,659) | \$ 6,663,406 | \$ 10,008,533 | \$ (1,506,227) | |

All plans are administered by outside trustees and, except for the Volunteer Fire Pension Plan, do not meet the standards of accounting principles generally accepted in the United States of America for inclusion as part of the reporting entity.

For purposes of measuring the net pension liability, net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town Fire and Police Pension Plans and additions to/deductions from the Fire and Police Pension Plans fiduciary net position have been determined on the same basis as they are reported by the Fire and Police Pension Association of Colorado (FPPA). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. All employees who participate in the FPPA plans are funded through the general fund and therefore the net pension liability or net pension asset are recorded at the government-wide level only.

A description of each plan and selected financial information follows.

A. General Employee Plan

A multi-employer defined contribution pension plan is maintained for all permanent full-time and parttime employees who work at least 20 hours per week on an annual basis. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Firefighters are excluded from the plan and are covered by a separate plan, as described in 11. E. Sworn Police Officers are excluded from the plan and are covered by separate plans, as described in 11. C & D. For 2022, the

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

plan requires mandatory employee pre-tax contributions to the plan of 4% of compensation. The Town also contributes 7% of each employees' compensation to the plan with the exception of the Town Manager and Town Attorney. As part of their employment contracts, the Town Manager and the Town Attorney receive an 11% contribution from the Town and do not have a mandatory employee contribution. The Town has no other obligations to fund this plan. Employees are permitted to contribute additional amounts beyond their 4% mandatory contribution into a deferred 457 plan. These additional amounts are invested in a deferred compensation plan pursuant to Internal Revenue Code (IRC) Section 457, see Note 12.

The plan requires employee participation in the plan immediately upon date of hire. Vesting of employer contributions are 100% after 1 year of employment. Unvested contributions for terminated employees are returned to the Town, net of servicing fees. Employees are fully vested for their contributions immediately. All administrative costs of the plans are borne by the participants of each plan.

Employer contributions are funded by the governmental and proprietary funds. The Town's contributions for 2022 were \$2,147,762. Town employees' mandatory contributions for 2022 were \$1,200,873.

Plan provisions and contribution requirements are established and administered by Mission Square Retirement and may be amended with the approval of Town Council.

B. Executive Defined Contribution Plan

In 2004, the Town agreed to adopt a qualified 401(a) Executive Defined Contribution plan as part of the employment contracts for the Town Manager and the Town Attorney. The Town contributed 9% of the covered employee's compensation into this plan. Vesting is based on years of service and an employee will not be fully vested until they have reached 10 years of service. The Town's contributions to the plan for the year ended December 31, 2022 were \$39,123, equal to the required contributions. Plan provisions and contribution requirements are established and administered by Mission Square Retirement and may be amended with the approval of Town Council.

C. Sworn Police Officers Defined Contribution Plan

In 2018, the Town's Sworn Police Officers were moved from the General Employee Plan and added to a new qualified 401(a) Money Purchase Retirement plan. For 2022, the plan requires mandatory employee pre-tax contributions to the plan of 5.6% of compensation. The Town also contributes 8.6% of each employees' compensation to the plan. The Town has no other obligations to fund this plan. Employees are permitted to contribute additional amounts beyond their 5.6% mandatory contribution into a deferred 457 plan. These additional amounts are invested in a deferred compensation plan pursuant to Internal Revenue Code (IRC) Section 457, see Note 12.

The plan requires employee participation in the plan immediately upon date of hire. Vesting of employer contributions are 100% after 1 year of employment. Unvested contributions for terminated employees are returned to the Town, net of servicing fees. Employees are fully vested for their contributions immediately. All administrative costs of the plans are borne by the participants of each plan.

Employer contributions are funded by the governmental funds. The Town's contributions for 2022 were \$135,470. Town employees' mandatory contributions for 2022 were \$81,495.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

Plan provisions and contribution requirements are established and administered by Mission Square Retirement and may be amended with the approval of Town Council.

D. Sworn Police Officers – Statewide Defined Benefit Plan

In March 2021 the Town of Castle Rock's sworn police officers were provided the option to participate in the Fire and Police Pension Association (FPPA) Statewide Defined Benefit Plan. The Town of Castle Rock's full-time sworn police officers who chose to opt into the plan, as well as full-time sworn police officers hired after entry into the plan, are members of the Statewide Defined Benefit Plan.

(a) Plan Description

The Town contributes to the Statewide Defined Benefit Plan (SWDB), which is a cost sharing multiple-employer defined benefit pension plan administered by the Fire and Police Pension Association of Colorado (FPPA). The Statewide Defined Benefit Plan provides retirement benefits for members and beneficiaries. Death and disability coverage is provided for plan members hired prior to January 1, 1997 through the Statewide Death and Disability Plan, which is also administered by FPPA. Plan provisions and contribution requirements are established and amended by FPPA. Colorado Statutes assign the authority to establish benefit provisions to the state legislature. FPPA issues a publicly available annual financial report that includes financial statements and required supplementary information for the Statewide Defined Benefit Plan and the Statewide Death and Disability Plan. The FPPA Annual Comprehensive Financial Report can be obtained on FPPA's website at: www.fppaco.org/annual-reports.html.

(b) Description of Benefits

A member is eligible for a normal retirement pension once the member has completed twenty-five years of credited service and has attained the age of 55. A member may also qualify for a normal retirement pension if the member's combined years of service and age equals at least 80, with a minimum age of 50 (Rule of 80).

The annual normal retirement benefit is 2 percent of the average of the member's highest three years' base salary for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter. Benefits adjustments paid to retired members are evaluated annually and may be redetermined every October 1. The amount of any increase is based on the Board's discretion and can range from 0 to the higher of 3 percent or the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W).

A member is eligible for an early retirement after completion of 30 years of service or attainment of age 50 with at least five years of credited service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have member contributions, along with 5 percent as interest, returned as a lump sum distribution. Alternatively, a member with at least five years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 2 percent of the member's average highest three years' pensionable earnings for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(c) Contributions

Contribution rates for the Statewide Defined Benefit Plan (SWDB) are set by state statue. Employer contribution rates can only be amended by state statute. Member contribution rates can be amended by state statue or election of the membership. Contribution rates for employers and members may be increased equally by the FPPA Board of Directors upon approval through an election by both the employers and members.

Members of the SWDB plan and their employers are contributing at the rate of 12.0% and 9.0%, respectively, of base salary for the total contribution rate of 21.0% in 2022. Reentry members of the SWDB plan and their employers are contributing at a combined contribution rate of 24.5% in 2022, 3.5% above non-reentry groups. It is a local decision as to whether the member or employer pays the additional 3.5%. For full-time sworn police officers who opted to enter into the plan, member and employer contributions rates are 10.75% and 13.75%, respectively, of base salary for the total contribution rate of 24.5% in 2022. For sworn police officers hired after entry into the plan, member and employer contributions rates are 12.0% and 9.0%, respectively, of base salary for the total contribution rate of 21.0% in 2022, and a 1.60% continuing rate of contribution split 50/50 between employer and member. In 2014, the members elected to increase the member contribution rate to the SWDB plan beginning in 2015. Member contribution rates will increase 0.5% annually through 2022. Employer contributions will increase 0.5% annually beginning in 2021 through 2030.

The Town's contributions to the SWDB Police Plan for 2022 were \$752,870, equal to the required contribution for the year.

(d) Pension Asset

At December 31, 2022, the Town reported an asset of \$4,801,333 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2021 and the total pension liability used to calculate the net pension asset was determined based upon the January 1, 2022 actuarial valuation, which was unchanged from December 31, 2021.

The Town's proportion of the net pension asset was based on the Town's share of contributions to the pension plan relative to the contributions of all participating employers. The Town's proportion measured as of December 31, 2021, was 0.886%, which was an increase of 0.886% from its proportion measured as of December 31, 2020 since the Town began participating in this plan during 2021.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(e) Pension Expense and Deferred Outflows/Inflows of Resources

For the year ended December 31, 2022, the Town recognized a reduction in pension expense for the SWDB of \$820,717. At December 31, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of | | | Deferred Inflows of | |
|--|-------------------------|------------------|---|------------------------|-----------|
| | Resources | | | Resources | |
| | _ | | _ | 11 | |
| Difference between expected and actual experience | Ş | 1,374,875 | | Ş | 111,981 |
| Changes in assumptions | | 684 <i>,</i> 704 | | | - |
| Net difference between projected and actual | | | | | |
| investment earnings | | - | | | 3,213,322 |
| Changes in proportion and differences between Town | | | | | |
| contributions and proportionate share of contributions | | - | | | 2,248,556 |
| Town contributions subsequent to the measurement date | | 752,870 | _ | | |
| Total | \$ | 2,812,449 | | \$ | 5,573,859 |

The \$752,870 reported as deferred outflows of resources related to Town contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to SWDB will be recognized in pension expense as follows:

| | Net Deferred |
|-------------|--------------------|
| Year ending | Outflows (Inflows) |
| December 31 | Of Resources |
| 2023 | \$ (714,307) |
| 2024 | (1,046,685) |
| 2025 | (710,570) |
| 2026 | (401,512) |
| 2027 | 5,430 |
| Thereafter | (646,636) |
| Total | \$ (3,514,280) |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(f) Actuarial Assumptions

The January 1, 2022 actuarial valuations, based on the most recent actuarial study completed in 2018, used the following:

| Actuarial Method | Entry Age Normal |
|--------------------------------------|---|
| Long-term Investment Rate of Return* | 7.0% |
| Projected Salary Increases* | 4.25% - 11.25% |
| Cost of Living Adjustments (COLA) | 0.0% |
| *Includes Inflation at | 2.5% |
| Mortality | For determining the total pension liability, the post-retirement mortality tables for non-disabled retirees uses the 2006 central rates from the RP-2014 Annuitant Mortality Tables projected to 2018 using the MP-2017 projection scales, and the projected prospectively using the ultimate rates of the scale for all years. The pre-retirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015. |

No changes in Assumptions or benefit terms since the prior valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (assumed at 2.5 percent). Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation (as of December 31, 2021 are summarized in the following table:

| | | Long-term |
|-----------------------|------------|----------------|
| | Target | Expected Real |
| Asset Class | Allocation | Rate of Return |
| Cash | 2% | 2.32% |
| Fixed Income - Rates | 10% | 4.01% |
| Fixed Income – Credit | 5% | 5.25% |
| Absolute Return | 10% | 5.60% |
| Equity Long/Short | 8% | 6.87% |
| Global Equity | 39% | 8.23% |
| Private Markets | 26% | 10.63% |
| Total | 100% | |
| | | |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(g) Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the SWDB plan fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Regarding the sensitivity of the net pension liability/(asset) to changes in the Single Discount Rate, the following presents the plan's net pension liability/(asset), calculated using a Single Discount Rate of 7.00 percent, as well as what the plan's net pension liability/(asset) would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

| | 1% | Si | ngle Discount | 1% |
|--------------------------------------|-----------------|----|---------------|-------------------|
| | Decrease | | Rate | Increase |
| | 6.00% | | Assumption | 8.00% |
| | | | 7.00% | |
| Town's net pension liability/(asset) | \$ (662,134) | \$ | (4,801,333) | \$ (8,230,428) |

(h) Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in FPPA's Annual Report.

(i) Changes between the measurement date of the net pension liability and December 31, 2022

Statewide Retirement Plan

During 2022, House Bill 22-1034 was signed into law. This legislation combines the assets of the Statewide Defined Benefit Plan and Statewide Hybrid Plan to form the Statewide Retirement Plan effective January 1, 2023. The merger will result in increased longer term stability for both plans in addition to simplification of administration, operation and communication benefits. The financial impact of the merger of plans is being determined.

Actuarial Experience Study

During 2022, FPPA engaged Gabriel, Roeder Smith & Co. to complete an actuarial experience study. The FPPA Board of Directors accepted the findings of the study at its July 28, 2022 meeting. The assumptions will be included in the Statewide Retirement Plan valuation as of January 1, 2023.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

E. Fire Employees - Statewide Defined Benefit Plan

(a) Plan Description

All full-time firefighters of the Town are members of the Statewide Defined Benefit (SWDB) Plan and the Statewide Death and Disability Plan. Reference note 11.D.(A) for the SWDB plan description.

(b) Description of Benefits

Reference note 11.D.(b) for a description of benefits of the SWDB plan.

(c) Contributions

Contribution rates for the Statewide Defined Benefit Plan (SWDB) are set by state statue. Employer contribution rates can only be amended by state statute. Member contribution rates can be amended by state statue or election of the membership. Effective January 1, 2021, contribution rates for employers and members may be increased equally by the FPPA Board of Directors upon approval through an election by both the employers and members.

Members of the SWDB plan and their employers are contributing at the rate of 12.0% and 9.0%, respectively, of base salary for the total contribution rate of 21.0% in 2022. In 2014, the members elected to increase the member contribution rate to the SWDB plan beginning in 2015. Member contribution rates will increase 0.5% annually through 2022 to a total of 12% of base salary. Employer contributions will increase 0.5% annually beginning in 2021 through 2030 to a total of 13.0% of pensionable earnings.

The Town's contribution to the SWDB for the year ending December 31, 2022 was \$889,200, equal to the required contribution for the year.

(d) Pension Asset

At December 31, 2022, the Town reported an asset of \$5,808,791 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2021 and the total pension liability used to calculate the net pension asset was determined based upon the January 1, 2022 actuarial valuation, which was unchanged from December 31, 2021.

The Town's proportion of the net pension asset was based on the Town's share of contributions to the pension plan relative to the contributions of all participating employers. The Town's proportion measured as of December 31, 2021, was 1.072%, which was a decrease of 0.038% from its proportion measured as of December 31, 2020.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(e) Pension Expense and Deferred Outflows/Inflows of Resources

For the year ended December 31, 2022, the Town recognized a reduction of pension expense for the SWDB of \$631,910. At December 31, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | (| Deferred Outflows of | | | Deferred nflows of |
|--|----|-------------------------|---|----|-----------------------|
| | | Resources | | R | Resources |
| Difference between expected and actual experience | \$ | 1,663,363 | | \$ | 135,477 |
| Changes in assumptions | | 828,375 | | | - |
| Net difference between projected and actual | | | | | |
| investment earnings | | - | | | 3,887,570 |
| Changes in proportion and differences between Town | | | | | |
| contributions and proportionate share of contributions | | 449,579 | | | 311,116 |
| Town contributions subsequent to the measurement date | | 889,200 | _ | | |
| Total | \$ | 3,830,517 | | \$ | 4,334,163 |

The \$889,200 reported as deferred outflows of resources related to Town contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to SWDB will be recognized in pension expense as follows:

| | Net Deferred | | | |
|-------------|--------------------|--|--|--|
| Year ending | Outflows (Inflows) | | | |
| December 31 | Of Resources | | | |
| 2023 | \$ (503,172) | | | |
| 2024 | (905,294) | | | |
| 2025 | (494,068) | | | |
| 2026 | (114,655) | | | |
| 2027 | 372,398 | | | |
| Thereafter | 251,945 | | | |
| Total | \$ (1,392,846) | | | |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(f) Actuarial Assumptions

The January 1, 2022 actuarial valuations, based on the most recent actuarial study completed in 2018, used the following:

| Actuarial Method | Entry Age Normal |
|--------------------------------------|---|
| Long-term Investment Rate of Return* | 7.0% |
| Projected Salary Increases* | 4.25% - 11.25% |
| Cost of Living Adjustments (COLA) | 0.0% |
| *Includes Inflation at | 2.5% |
| Mortality | For determining the total pension liability, the post-retirement mortality tables for non-disabled retirees uses the 2006 central rates from the RP-2014 Annuitant Mortality Tables projected to 2018 using the MP-2017 projection scales, and the projected prospectively using the ultimate rates of the scale for all years. The pre-retirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015. |

No changes in Assumptions or benefit terms since the prior valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (assumed at 2.5 percent). Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation (as of December 31, 2021 are summarized in the following table:

| | | Long-term |
|-----------------------|------------|----------------|
| | Target | Expected Real |
| Asset Class | Allocation | Rate of Return |
| Cash | 2% | 2.32% |
| Fixed Income - Rates | 10% | 4.01% |
| Fixed Income – Credit | 5% | 5.25% |
| Absolute Return | 10% | 5.60% |
| Equity Long/Short | 8% | 6.87% |
| Global Equity | 39% | 8.23% |
| Private Markets | 26% | 10.63% |
| Total | 100% | |
| | | |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(g) Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the SWDB plan fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Regarding the sensitivity of the net pension liability/(asset) to changes in the Single Discount Rate, the following presents the plan's net pension liability/(asset), calculated using a Single Discount Rate of 7.00 percent, as well as what the plan's net pension liability/(asset) would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

| | 1% | Sir | ngle Discount | 1% |
|--------------------------------------|-----------------|-----|---------------|-------------------|
| | Decrease | | Rate | Increase |
| | 6.00% | A | Assumption | 8.00% |
| | | | 7.00% | |
| Town's net pension liability/(asset) | \$ (801,068) | \$ | (5,808,791) | \$ (9,957,410) |

(h) Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in FPPA's Annual Report.

(i) Changes between the measurement date of the net pension liability and December 31, 2022

Statewide Retirement Plan

During 2022, House Bill 22-1034 was signed into law. This legislation combines the assets of the Statewide Defined Benefit Plan and Statewide Hybrid Plan to form the Statewide Retirement Plan effective January 1, 2023. The merger will result in increased longer term stability for both plans in addition to simplification of administration, operation and communication benefits. The financial impact of the merger of plans is being determined.

Actuarial Experience Study

During 2022, FPPA engaged Gabriel, Roeder Smith & Co. to complete an actuarial experience study. The FPPA Board of Directors accepted the findings of the study at its July 28, 2022 meeting. The assumptions will be included in the Statewide Retirement Plan valuation as of January 1, 2023.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

F. Volunteer Firefighters' Pension Plan

(a) Plan Description - Benefits Provided

The Town participates in an agent multiple-employer defined benefit pension plan that covers its volunteer firefighters. The plan is administered and benefit provisions are executed by FPPA. This plan provides retirement benefits as well as death and disability benefits. The Town's volunteer firefighters become fully vested after 20 years of active service and reaching age 50. The benefit, payable at age 50, would be equal to the retirement benefit prorated based upon the number of years of service accrued at termination. Surviving spouses of deceased retirees are entitled to 50% of the retirement benefit until remarriage or their death. Pre-retirement death and disability benefits are only available if incurred in the line of duty. The plan also provides for a lump-sum burial benefit upon the death of an active or retired firefighter. The FPPA Annual Comprehensive Financial Report can be obtained on FPPA's website at: www.fppaco.org/annual-reports.html. The volunteer firefighters' pension plan is closed to new entrants.

(b) Contributions

Volunteer Plan participants are not compensated and do not contribute to the plan. The Volunteer Firefighters' Pension Plan receives contributions from the Town in an amount not to exceed one-half mill of property tax revenue. As established by the legislature, the State of Colorado contributes up to ninety percent of the Town's contribution. The State's contribution does not meet the definition of a special funding situation as defined by GASB 68 and is considered a discretionary contribution. The State's contribution must not exceed the greater of the actuarially determined contribution or the highest State contribution during the years 1998 through 2001, which was \$17,635 in 2000. The actuarial study as of January 1, 2021, indicated that the current level of contributions to the fund is adequate to support on an actuarially sound basis, the prospective benefits for the present Plan. For the year ended December 31, 2022, the Town and State contributions were \$20,440 and \$17,635 respectively.

(c) Members Covered by Benefit Terms

Membership covered by benefit terms at December 31, 2022:

| Retirees and Beneficiaries | 20 |
|----------------------------|----|
| Active Members | 1 |
| Total | 21 |

(d) Pension Liability

At December 31, 2022, the Town reported a net pension liability of \$62,465. The net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined based upon the January 1, 2021 actuarial valuation.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(e) Actuarial Assumptions

The January 1, 2021 actuarial valuation based on the most recent experience study completed in 2018 used the following:

| Actuarial Cost Method | Entry Age Normal |
|---------------------------|---|
| Asset Valuation Method | 5-Year Smoothed Fair Value |
| Inflation | 2.50% |
| Salary Increases | N/A |
| Investment Rate of Return | 7.00% |
| Retirement Age | 50% per year of eligibility until 100% at age 65. |
| Mortality | Pre-retirement: 2006 central rates from the RP-2014 Employee Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years, 50% multiplier for off-duty mortality. Post-retirement: 2006 central rates from the RP-2014 Annuitant Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years. Disabled: 2006 central rates from the RP-2014 Disabled Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years. |

No changes in assumptions.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic nominal rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2021 are summarized in the following table:

| | Target | Expected |
|-----------------------|------------|----------------|
| Asset Class | Allocation | Rate of Return |
| Cash | 2.0% | 2.32% |
| Fixed Income - Rates | 10.0% | 4.00% |
| Fixed Income - Credit | 5.0% | 5.25% |
| Absolute Return | 10.0% | 5.60% |
| Long Short | 8.0% | 6.87% |
| Global Equity | 39.0% | 8.23% |
| Private Markets | 26.0% | 10.63% |
| Total | 100.0% | |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(f) Single Discount Rate

A single discount rate of 7.00% was used to measure the total pension liability. The single discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumes that all actuarially determined contributions will be made. The plan's fiduciary net position was projected to be available to make all projected future benefit payments. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(g) Changes in Net Pension Liability

| Total Pension Liability | |
|---|-----------------|
| Service Cost | \$ 1,095 |
| Interest on the Total Pension Liability | 76,592 |
| Benefit changes | - |
| Difference between expected and actual experience | |
| of the Total Pension Liability | - |
| Changes in assumptions | - |
| Benefit Payments | (109,924) |
| Net Change in Total Pension Liability | (32,237) |
| | |
| Total Pension Liability - Beginning | 1,147,662 |
| Total Pension Liability - Ending | \$ 1,115,425 |
| | |
| Plan Fiduciary Net Pension | |
| Employer Contribution | \$ 20,440 |
| Net Investment Income | 139,501 |
| Benefit Payments | (109,924) |
| Pension Plan Administrative Expenses | (6,089) |
| State of Colorado Supplemental Discretionary Payment | 35,270 |
| Net Change in Plan Fiduciary Net Pension | 79,198 |
| Plan Fiduciary Net Position – Beginning (Fair value of assets at beginning of | |
| year) | 973,762 |
| Plan Fiduciary Net Position – Ending (Fair value of assets at end of year) | \$ 1,052,960 |
| Net Pension Liability | \$ 62,465 |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

(g) Changes in Net Pension Liability (continued)

Regarding the sensitivity of the net pension liability to changes in the Single Discount Rate, the following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.00%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

| | | 1% | | Single | | 1% |
|--------------------------------------|----|----------|------|-----------|----|----------|
| | [| Decrease | Disc | ount Rate | I | ncrease |
| | | 6.00% | Ass | sumption | | 8.00% |
| | | | | 7.00% | | |
| Town's net pension liability (asset) | \$ | 164,393 | \$ | 62,465 | \$ | (24,356) |

(h) Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued FPPA financial reports online at www.fppaco.org/annual-reports.html

(i) Pension Expense

For the year ended December 31, 2022, the Town recognized pension income of \$53,600.

(j) Pension Deferred Outflows/Inflows of Resources

At December 31, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of | | Deferred Inflows of | |
|--|-------------------------|----------|------------------------|-----------|
| | R | esources | | Resources |
| Net difference between projected and actual earnings on pension plan investments Town contributions subsequent to the measurement | \$ | - | \$ | (100,511) |
| date | | 20,440 | | - |
| Total | \$ | 20,440 | \$ | (100,511) |

The \$20,440 reported as deferred outflows of resources related to the Volunteer pension plan resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Volunteer pension plan will be recognized in pension expense as follows:

| | | Net Deferred | | |
|-------------|----------|-------------------|--|--|
| Year ending | Oı | utflows (Inflows) | | |
| December 31 | | Of Resources | | |
| 2023 | \$ | (23,431) | | |
| 2024 | | (37,591) | | |
| 2025 | (24,808) | | | |
| 2026 | | (14,681) | | |
| Total | \$ | (100,511) | | |

12. DEFERRED COMPENSATION PLANS

The Town provides employees deferred compensation plans created in accordance with IRC Section 457. These plans permit employees to defer a portion of their salary until future years.

The general employee plan is administered and benefit provisions are amended through ICMA. All full-time and part-time employees who are covered by the ICMA general employees defined contribution pension plan are eligible to participate in the ICMA deferred compensation plan. There are no contributions made by the Town.

A second IRC 457 plan is established with Colorado County Officials and Employees Retirement Association (CCOERA). The plan is administered and benefit provisions are amended through CCOERA. This plan is only available to those employees who were eligible to participate in the CCOERA defined contribution pension plan. There are no contributions made by the Town.

A third plan is available to fire employees who meet the eligibility requirements for FPPA membership. This plan is administered and benefit provisions are amended through FPPA. The Town contributes 3% of each paid fire fighter's salary. Employee participation in the 457 plans is optional. For the year ended December 31, 2022, the Town contributions were \$296,617.

Deferred Compensation is only available to employees upon termination, retirement, death or unforeseeable emergency. Each plan's trustee manages investments. Several investment options are available to participants.

13. RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts, theft, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

The Town has agreed to partially self-insure claims for health insurance of Town employees to a maximum liability of \$110,000 per covered person. For insured risks, settlements have not exceeded the aggregate coverage during the past three years.

Self-insurance activities are accounted for in the accounts payable line item of the Employee Benefits Fund. The basis for estimating the liabilities of unpaid claims is by using actuarial projection techniques. Changes in claims payable were as follows:

| | 2022 | | 2021 |
|-----------------------------|---------------|----|-------------|
| Claims payable, January 1 | \$ 563,000 | \$ | 651,116 |
| Incurred claims | 6,729,751 | | 6,518,651 |
| Claims paid | (6,705,751) | (| (6,606,767) |
| Claims payable, December 31 | \$ 587,000 | \$ | 563,000 |

For excess liability, property and workers compensation claims, the Town is involved with the Colorado Intergovernmental Risk Sharing Agency (CIRSA), a separate and independent governmental and legal entity formed by an intergovernmental agreement by member municipalities pursuant to the provision of 24-10-115.5, Colorado Revised Statutes (1982 Replacement Volume) and Colorado Constitution, Article XIV, Section 18(2).

The purpose of CIRSA is to provide members defined liability and property coverage and to provide assistance in prevention of loss to municipal property and to personal injury.

It is the intent of the members of CIRSA to create an entity in perpetuity, which will administer and use funds contributed by the members to defend and indemnify, in accordance with the bylaws, any member of CIRSA against stated liability of loss to the limit of the financial resources of CIRSA. It is also the intent of the members to have CIRSA provide continuing stability and availability of needed coverage at reasonable costs. All income and assets of CIRSA shall be at all times dedicated to the exclusive benefit of its members.

CIRSA is a separate legal entity and the Town does not approve budgets nor does it have the ability to significantly affect the operations of the unit.

In 2022, the Town's CIRSA deductibles per occurrence were:

| Liability | \$ 100,000 |
|----------------------|---------------|
| Auto Liability | \$ 5,000 |
| Property | \$ 100,000 |
| Auto Physical Damage | \$ 100,000 |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

14. COMMITMENTS AND CONTINGENCIES

Committed Construction

As of December 31, 2022, the Town had unexpended construction related commitments of \$84,357,215.

Federal Programs

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

Litigation

Although the Town is subject to pending and threatened litigation, the Town's Management and the Town Attorney believe that all lawsuits and claims, which have been filed against the Town, are either adequately covered by insurance or the final settlement of uninsured matters will not have a materially adverse effect on the financial position of the Town.

Taxpayer Bill of Rights (TABOR)

In November 1992, Colorado voters approved a State Constitutional Amendment, TABOR, the general purpose of which is to restrain government growth (as measured by revenues) without a vote of the local citizens. The key mechanisms for restraining growth without a vote are: 1) the prohibition of revenue and expenditure growth other than for inflation and a component for new construction growth, 2) the prohibition of new taxes or higher tax rates, 3) the prohibition of new debt, and 4) the refunding of any revenues collected in excess of the revenue limitations.

Castle Rock voters have approved certain revenue exemptions. These exemptions include: 1) a \$.0075 exemption of sales and motor vehicle taxes approved in 1994 to be used for streets, trails, bridges and sidewalks, 2) a \$.004 exemption of sales and motor vehicle taxes approved in 1995 to be used for transportation and the community center, and 3) approved in 2005, an exemption of all transportation impact fees and all building use taxes to be used for transportation and the community center.

In November 2021, the voters approved the Town to use excess revenues from 2021 through 2031 solely for police, fire protection, emergency medical services, roads and other transportation purposes. As of December 31, 2022 \$18,446,108 is available for these purposes.

TABOR further requires the Town to establish a TABOR emergency reserve of at least 3% of fiscal year spending (excluding bonded debt service). This reserve was recorded in the General Fund as reserved fund balance of \$2,815,555 as of December 31, 2022. Use of the TABOR reserve is limited to extreme disasters and any use of the reserve must be replaced within one year. Local governments are prohibited from use of these emergency reserves to compensate for economic conditions, revenue shortfalls, salary or benefit increases.

The Town's management believes the Town is in compliance with the provisions of TABOR.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

15. INTERFUND TRANSACTIONS

Transactions that are representative of lending / borrowing arrangements which were outstanding at the end of the year are referred to as "Loans to / from Other Funds" or "interfund loans". Any residual balances outstanding between the governmental activities and business-type activities are reported in the Townwide financial statements as "internal balances". Eliminations are made in interfund activities, payables and receivables. All internal balances in the Town-wide Statement of Net Position have been eliminated except those representing balances between the governmental activities and business-type activities, which are reported as internal balances and are eliminated in the total column. In the Statement of Activities, internal service fund transactions have been eliminated. Transactions between governmental and business-type activities are not eliminated.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

In 2002, the Town established the Parks, Municipal Facilities, Fire, Police, and Recreation Capital Funds. Prior to 2002, these activities were accounted for in the General Fund. At the point of the transfer, certain projects completed by the General Fund were expected to be reimbursed by development impact fees that are collected in the capital funds. To assure reimbursement of the costs, the Town recorded loans between the General Fund and the capital funds. Since the expenditures had already occurred, this resulted in the capital project funds showing fund deficits in prior years. Currently, only the Police Capital Project Fund remains in deficit from these loans.

In 2017, the Town recorded a loan from the General Fund to the Fire Capital Fund of \$3,000,000 to partially fund the construction of the Crystal Valley Fire Station.

In 2022, the Town recorded a loan from the General Fund to the Golf Fund of \$541,816 to fund the golf course maintenance equipment.

In 2022, the Town recorded a loan from the Parks Capital Fund to the Conservation Trust Fund of \$3,700,000 to fund the Mitchell Gulch Park project.

16. DEFICIT FUND BALANCES

On December 31, 2022, the Police Capital Fund had a fund deficit of \$236,211. This will be eliminated with the repayment of the loans from the collection of future development impact fees.

On December 31, 2022, CRURA had a fund deficit of \$22,370. This will be eliminated with the repayment of the loan from future administration fees collected by the URA.

17. TAX ABATEMENTS

The Town enters into public finance agreements with developers in order to create jobs, expand the tax base, encourage existing businesses to make capital investments, and spur new office, industrial, and retail expansion and development. Town ordinances authorize abatements of incremental sales tax and property tax revenues for public finance agreements. For the year ended December 31, 2022, the Town abated approximately \$1,359,496 in sales taxes and approximately \$421,637 in property taxes under this program.

18. DISCRETELY-PRESENTED COMPONENT UNITS

<u>Castle Rock Downtown Development Authority (CRDDA)</u>

As of December 31, 2022, all of the CRDDA's deposits were either insured by the FDIC or held in eligible depositories.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

Capital assets activity for the CRDDA for the year ended December 31, 2022 was as follows:

| | Beginning Balance* | <u>Additions</u> | <u>Deletions</u> | Ending Balance |
|--|-----------------------|--------------------|------------------|-----------------------|
| Capital assets being depreciated Improvements | \$ 124,532 | \$ 29,735 | \$ - | \$ 154,267 |
| Total capital assets being depreciated | 124,532 | 29,735 | | 154,267 |
| Lease assets being amortized Buildings | 47,509 | | | 47,509 |
| Total lease assets being amortized | 47,509 | | | 47,509 |
| Capital asset accumulated depreciation Lease asset accumulated amortization | (111,354) (18,840) | (6,155) (9,829) | <u>-</u> | (117,509) (28,669) |
| Total accumulated depreciation | (130,194) | (15,984) | - | (146,178) |
| CRDDA capital assets, net | \$ 41,847 | \$ 13,751 | \$ - | \$ 55,598 |

^{*}Beginning balance was restated due to implementation of GASB Statement No. 87.

In January 2020, CRDDA entered into a sublease agreement in which CRDDA will sublease two offices for the period of January 2020 through December 2024. As of December 31, 2022, CRDDA recognized a lease liability and an intangible right-to-use lease asset.

| | ginning alance* | Additions Reductions | | Ending Balance | | <u>Due in One</u> <u>Year</u> | | |
|---------------|------------------------|----------------------|--|-------------------|----|----------------------------------|----|--------|
| Lease Payable | \$ 29,231 | \$ - | | \$ 9,779 | \$ | 19,452 | \$ | 10,088 |
| Total | \$ 29,231 | \$ = | | \$ 9,779 | \$ | 19,452 | \$ | 10,088 |

^{*}Beginning balance was restated due to implementation of GASB Statement No. 87.

CRDDA restated beginning net position in order to properly reflect long-term sale agreement of capital assets and to properly adopt GASB Statement No. 87, *Leases*. The schedule below outlines the impact of these items on beginning net position.

| Net Position, as of December 31, 2021 | \$ 860,169 |
|--|---------------|
| Restatement for the long term sale of capital assets | (50,000) |
| Implementation of GASB Statement No. 87 | (559) |
| Net Position, restated as of December 31, 2021 | \$ 809,610 |

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

Miller's Landing Business Improvement District (BID)

As of December 31, 2022, all of the Miller's Landing BID's deposits were insured by FDIC coverage and PDPA collateral.

Capital assets activity for the Miller's Landing BID for the year ended December 31, 2022 was as follows:

| <u>Beginning</u> | | | | | | Ending |
|--|----------------|----------|----------|-----|--------|----------------|
| | <u>Balance</u> | <u>A</u> | dditions | Del | etions | <u>Balance</u> |
| Capital assets not being depreciated | | | | | | |
| Construction in progress | \$ 14,132,362 | \$ | 261,730 | \$ | - | \$ 14,394,092 |
| Total capital assets not being depreciated | 14,132,362 | | 261,730 | | | 14,394,092 |
| Miller's Landing BID capital assets, net | \$ 14,132,362 | \$ | 261,730 | \$ | | \$ 14,394,092 |

The following is an analysis of changes in long-term obligations for the Miller's Landing BID for the year ended December 31, 2022:

| , , , | Beginning Balance | Additions Reductions | | Ending Balance | <u>Due Within</u> <u>One Year</u> | |
|-------------------------------|----------------------|----------------------|--------------|-------------------|--------------------------------------|--|
| Bonds Payable | | | | | | |
| Series 2018A | \$ 8,065,000 | \$ - | \$ 105,000 | \$ 7,960,000 | \$ 115,000 | |
| Series 2018B | 13,185,000 | - | 180,000 | 13,005,000 | 200,000 | |
| Notes from Direct Borrowing | | | | | | |
| Developer Advance - Operating | 642,205 | 56,135 | - | 698,340 | - | |
| Developer Advance - Debt | 768,239 | 1,708,822 | - | 2,477,061 | - | |
| Developer Advance - Capital | 2,778,346 | 261,730 | 2,602,525 | 437,551 | - | |
| Developer Advance - Interest | 812,481 | 187,153 | 536,537 | 463,097 | | |
| | \$ 26,251,271 | \$ 2,213,840 | \$ 3,424,062 | \$ 25,041,049 | \$ 315,000 | |

Miller's Landing BID has yet established a revenue base sufficient to pay operational expenditures. Until an independent revenue base is established, continuation of operations in the District will be dependent upon funding by the developer.

19. RELATED PARTY TRANSACTIONS

The Castle Rock Council members are on the boards of various organizations in the region, including the Castle Rock Chamber of Commerce, Castle Rock Economic Partnership, Castle Rock Economic Development Council, Castle Rock Fire Volunteer Pension Board, Chatfield Watershed Authority, Cherry Creek Basin Water Quality Authority, Colorado Municipal League Policy Committee, Denver Regional Council of Governments, Douglas County Housing Partnership, Douglas County Youth Initiative, Downtown Development Authority, Downtown Merchants Association, Metro Mayors Caucus, and Partnership of Douglas County Governments. In addition, the Director of Parks and Recreation is on the board of Rueter Hess Recreation Authority.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2022

The Town made payments of the following amounts to these organizations in 2022:

Related Party Transactions

| Castle Rock Chamber of Commerce | \$ 113,334 |
|--|---------------|
| Castle Rock Economic Development Council | 226,892 |
| Chatfield Watershed Authority | 75,510 |
| Colorado Municipal League | 24,657 |
| Denver Regional Council of Governments | 8,300 |
| Douglas County Housing Partnership | 35,000 |
| Douglas County Youth Initiative | 19,800 |
| Downtown Development Authority | 201,116 |
| Downtown Merchants Association | 75,000 |
| Rueter Hess Recreation Authority | 221,000 |

20. TRANSFER OF OPERATIONS

Under an intergovernmental agreement between the Town of Castle Rock (Town) and the Consolidated Bell Mountain Ranch Metropolitan District, the Town agreed to provide water service to the Bell Mountain Ranch Subdivisions for the purpose of achieving economies of scale. On November 1, 2022, the Consolidated Bell Mountain Ranch Metropolitan District transferred the assets of its water service operations to the Town. As a result of the transfer, the Town recognized the following assets:

| | Carrying Values | | |
|--------------------------|-----------------|-----------|--|
| Transferred Assets (Net) | | | |
| Land | \$ | 304,993 | |
| Water rights | | 1,396,350 | |
| Infrastructure | | 1,909,868 | |
| | \$ | 3,611,211 | |

The useful life of the infrastructure was adjusted to five years based on expectations of how long the assets will be used without replacement or significant improvements.

SCHEDULE OF CONTRIBUTIONS FIRE AND POLICE PENSION ASSOCIATION OF COLORADO (FPPA) VOLUNTEER FIRE PENSION PLAN LAST TEN FISCAL YEARS (to be built prospectively)

| | 2022 | 2021** | 2020 | |
|--|----------------|----------------|------|----------|
| Actuarially determined contributions | \$ 26,473 | \$ 25,013 | \$ | 25,013 |
| Contributions in relation to the actuarially determined contribution * | 38,075 | 55,710 | | 38,075 |
| Contribution deficiency (excess) | \$ (11,602) | \$ (30,697) | \$ | (13,062) |
| Town's covered payroll | N/A | N/A | | N/A |
| Contributions as a percentage of covered payroll | N/A | N/A | | N/A |

^{*}Includes both employer contributions and State of Colorado Supplemental Discretionary Payment for all years except 2019. For 2019, this includes employer contributions only.

Notes to Schedule

Actuarially determined contribution rates are calculated as of January 1 of odd number years. The contribution rates have a one-year lag, so the actuarial valuation as of January 1, 2021 determines the contribution amounts for 2022 and 2023

Methods and Assumptions Used to Determine Contribution Rates:

| Actuarial Cost Method | Entry Age Normal |
|-------------------------------|--|
| Amortization Method | Level Dollar, Open* |
| Remaining Amortization Period | 20 Years* |
| Asset Valuation Method | 5-Year smoothed fair value |
| Inflation | 2.5% |
| Salary Increases | N/A |
| Investment Rate of Return | 7.0% |
| Retirement Age | 50% per year of eligibility until 100% at age 65. |
| Mortality | Pre-retirement: 2006 central rates from the RP-2014 Employee Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all year, 50% multiplier for off-duty mortality. Post-retirement: 2006 central rates from the RP-2014 Annuitant Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years. |
| | Disabled: 2006 central rates from the RP-2014 Disabled Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years. |

^{*} Plans that are heavily weighted with retiree liabilities use an amortization period based on the expected remaining lifetime of the participants.

^{**}For year 2021, the amount includes the State of Colorado Supplemental Discretionary Payments for current and prior year.

| 2019* | | | 2018 | | 2017 | | 2016 | 2015 | | |

| | 2022 | 2021 | |
| Statutorily required contributions | \$ 889,200 | \$ | 733,443 |
| Contributions in relation to the statutorily required contribution | 889,200 | | 733,443 |
| Contribution deficiency (excess) | \$ | \$ | |
| Town's covered payroll | \$ 9,880,000 | \$ | 8,628,741 |
| Contributions as a percentage of covered payroll | 9.0% | | 8.5% |

^{*} The amounts presented as of the current year end, December 31, 2022.

Methods and Assumptions Used to Determine Contribution:

Actuarial valuations done every year. Actuarial assumptions as of January 1, 2021 were used in the determination of the actuarially determined contributions as of December 31, 2021, which represents contributions required in 2022.

| Actuarial Valuation Date | January 1, 2021 |
|--------------------------------------|--------------------------|
| Actuarial Cost Method | Entry Age Normal |
| Amortization Method | Level % of Payroll, Open |
| Amortization Period | 30 Years |
| Long-term Investment Rate of Return* | 7.0% |
| Projected Salary Increases* | 4.25% - 11.25% |
| Cost of Living Adjustments (COLA) | 0% |
| *Includes Inflation at | 2.5% |

For determining the actuarially determined contributions, the post-retirement mortality tables for non-disabled retirees uses the 2006 central rates from the RP-2014 Annuitant Mortality Tables projected to 2018 using the MP-2017 projecton scales, and the projected prospectively using the ultimate rates of the scale for all years. The pre-retirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015.

At least every five years the FPPA's Board of Directors, in accordance with best practices, reviews its economic and demographic actuarial assumptions.

Changes in actuarial assumptions effective for 2019: The real return on investments assumption was reduced from 5.0% to 4.50% while the inflation assumption remained unchanged at 2.50% for a reduced overall nominal investment return of 7.00% from 7.50%. In addition, the productivity component of the salary scale assumption increased from 1.50% to 1.75%; when combined with the 2.50% inflation rate, this creates an ultimate salary scale assumption of 4.25%. For demographic assumptions, the blue collar adjustment was removed from the mortality tables being used and the mortality projection scale was updated from Scale BB to the ultimate rates of the MP-2017 projection scale. In addition, disability rates were increased for members covered by a defined benefit program and retirement rates were slightly modified to reflect increased retirement utilization for low service members and slightly decreased normal retirement rates after age 55.

Changes in actuarial assumptions effective for 2016: The inflation assumption was reduced from 3.0% to 2.5% while the real return on investments was increased to 5.0% from 4.5% for an overall nominal investment return of 7.5% which is unchanged from the prior year. In addition, an explicit charge for administrative expenses was added in the actuarial contribution calculation, the base mortality tables were revised with the explicit assumption for increasing longevity in the future to reflect current mortality studies and the expected incidence of total disability was increased.

Changes in actuarial assumptions effective for 2014: The married assumption for active members was increased from 80% to 85% to reflect the passage of the Colorado Civil Union Act.

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION DECEMBER 31, 2022

1. Budgets and Budgetary Accounting

Annual appropriations are adopted for all funds.

For the governmental funds, the Town budgets on a basis consistent with generally accepted accounting principles (GAAP), except that interfund loans are treated as revenues of the receiving fund and expenditures of the loaning fund in the year that the loan is made. Principal payments of interfund loans are treated as expenditures of the paying fund and revenues of the receiving fund.

For proprietary funds, the Town budgets on a basis consistent with GAAP except as follows: (1) purchases of capital assets are reported expenditures (capital outlay), (2) debt service principal payments are treated as budgetary expenditures, (3) proceeds from bond issues are treated as revenues, (4) bond issue and discount costs are treated as expenditures of the period, (5) amortization and depreciation of capital assets are not budgeted and (6) interfund loans are treated as revenues of the receiving fund and expenditures of the loaning fund in the year that the loan is made. Principal payments of interfund loans are treated as expenditures of the paying fund and revenues of the receiving fund.

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

- (a) Prior to November 1, the Town Manager submits to the Town Council a proposed operating and capital budget for the fiscal year commencing the following January 1. The budget includes proposed expenditures and the means of financing them.
- (b) Public hearings are conducted at Town Council Meetings to obtain taxpayer comments.
- (c) The Town's mill levy is formally certified to the Douglas County Treasurer prior to December 15, based on the budget.
- (d) Prior to December 31, the budget is legally enacted through passage of an ordinance. Adoption of the budget ordinance constitutes appropriations of amounts specified therein as expenditures from the funds indicated. If during the year, the Town Manager certifies that there are revenues available for appropriation in excess of those estimated in the budget, the Council may, by ordinance, make supplemental appropriations for the year up to the amount of such excess. If during the year, the Town Manager determines that the revenues available will be insufficient to meet the amount appropriated, the Council may by ordinance reduce one or more appropriations. At any time during the year, the Town Manager may transfer part or all of any unencumbered appropriation balance amount between departments within a fund.
- (e) Expenditures may not legally exceed budgeted appropriations at the fund level. Appropriations may not legally exceed estimated revenues and budgetary fund balances (reserves) estimated as available.
- (f) All appropriations lapse at year-end.

Supplemental Information

Combining and Individual Fund Statements and Schedules

GENERAL FUND

General Fund

The General Fund is the primary operating fund of the Town. This fund accounts for all financial resources of the Town except those required to be accounted for in another fund. There are three sub-funds of the General Fund: Economic Development, Parking and TABOR Excess. Economic Development is used to facilitate expansion of the tax base, through primary job creation and improved local economy. Parking is used to account for public parking garage maintenance and debt payments related to the Encore Redevelopment Agreement. TABOR Excess is used to account for revenues in excess of the TABOR cap from 2021 through 2031 as approved by voters.

OTHER GOVERNMENTAL FUNDS

The statements that follow combine the non-major governmental funds as "other governmental funds". These totals are comprised of non-major special revenue funds and non-major capital project funds, which are aggregated into the "Other Governmental Funds" column. Also included are major capital project funds Schedule of Revenues, Expenditures and Changes in Funds Available Budget and Actual (Non-GAAP Budgetary Basis).

Non-major Special Revenue Funds

Special revenue funds account for revenues from specific sources that are legally or by management decision required to be used for particular activities. This column combines all non-major special revenue funds.

Major Capital Project Funds

Capital project funds account for financial resources used for the construction and acquisition of major capital projects such as streets and parks.

Non-major Capital Project Funds

Capital project funds account for financial resources used for the construction and acquisition of major capital projects such as information systems and Town facilities. This column aggregates all non-major capital project funds of the Town.

NON-MAJOR SPECIAL REVENUE FUNDS

Special revenue funds account for revenues from specific sources that are legally or by management decision required to be used for specific activities.

Conservation Trust Fund

The Conservation Trust Fund accounts for lottery proceeds that are received directly from the State of Colorado or received from Douglas County through a share-back agreement and for fees charged for the use of sports and multi-purpose fields. The monies collected are used for the development and renovation of qualifying parks, recreation facilities and parks infrastructure.

Philip S. Miller Trust Fund

This fund accounts for donations made to the Town from the Philip S. Miller Trust. These funds are used to finance community service programs including financial support for the senior center, the museum, and the local chamber of commerce.

Public Art Fund

This fund is supported by the Philip S. Miller Trust Fund and accounts for public art endeavors within the Town of Castle Rock; it is managed by the Town Council.

Police Forfeiture Fund

This fund accounts for funds received and expended as the result of State or Federal cooperative efforts. Funds are only expended if they are received.

Downtown Development Authority TIF Fund

The Downtown Development Authority TIF Fund (DDA TIF Fund) was established in 2015. The tax increment is the sales and property tax amount received in the Downtown Castle Rock area that is greater than the established base that was set in 2008. This revenue increment is eligible to be placed in the DDA TIF Fund and is allowed for certain, Council-approved uses.

Castle Rock Urban Renewal Authority

The Castle Rock Urban Renewal Authority (CRURA) facilitates investment and redevelopment of blighted areas within the Town of Castle Rock. CRURA is a blended component unit.

Parks and Rec Lodging Tax

This fund accounts for the lodging tax of 6% imposed on all sales of lodging. Lodging tax revenues are restricted for the use of parks and recreation.

Festival Park Commons GID

The Festival Park Commons General Improvement District (GID) was formed to finance, construct and on occasion, operate various public improvements. The Festival Park Commons GID is a blended component unit. This fund accounts for the GID's tax revenues which serve as a source of funding for development and maintenance of the Encore parking garage.

MAJOR CAPITAL PROJECT FUND

Capital project funds account for financial resources used to construct and acquire all major capital projects such as parks and town facilities except for those capital projects that are required to be accounted for in an enterprise fund.

Transportation Capital Projects Fund

The Transportation Capital Projects fund accounts for the resources and expenditures for the construction of new transportation projects which accommodate the growth in the Castle Rock area.

The notes to the financial statements are an integral part of the financial statements.

NON-MAJOR CAPITAL PROJECT FUNDS

Capital project funds account for financial resources used to construct and acquire all major capital projects such as parks and town facilities except for those capital projects that are required to be accounted for in an enterprise fund.

Parks and Recreation Capital Fund

The Parks and Recreation Capital Fund accounted for resources and expenditures for the construction, expansion and improvement of recreation facilities and other capital needs related to recreational services. The primary source of revenue in this fund is from development impact fees, which are collected at the time a building permit is issued.

Municipal Facilities Capital Fund

The Municipal Facilities Capital Fund accounts for resources and expenditures for the construction, expansion and improvement of Town facilities. The primary source of revenue in this fund is from development impact fees that are collected at the time a building permit is issued. Certain projects in this fund were financed through an interfund loan from the General Fund.

Fire Capital Fund

The Fire Capital Fund accounts for resources and expenditures for the construction, expansion and improvement of fire facilities and other capital needs of the Fire Department. The primary source of revenue in this fund is from development impact fees, which are collected at the time a building permit is issued. Certain projects in this fund were financed through an interfund loan from the General Fund.

Police Capital Fund

The Police Capital Fund accounts for resources and expenditures for the construction, expansion and improvement of police facilities and to provide for other capital needs of the Police Department. The primary source of revenue in this fund is from development impact fees that are collected at the time a building permit is issued. Certain projects in this fund were financed through an interfund loan from the General Fund.

General Long-Term Planning Fund

The General Long-Term Planning Fund establishes a source to prioritize and perform needed repairs, improvements and replacement of Town facilities, technology, and infrastructure. The primary source of revenue in this fund is from residential building use tax.

NON-MAJOR ENTERPRISE FUNDS

Enterprise funds account for operations that are financed and operated in a manner similar to private business where costs are predominantly supported by user charges or where management has decided periodic determination of revenues, expenses and / or changes in net position is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Golf Fund

The Golf Fund accounts for the activities related to the construction, operation and maintenance of the Town owned golf course, Red Hawk Ridge, at Castle Rock.

Community Center Fund

The Community Center Fund accounts for the Town's recreational facilities including a recreation center, the Miller Activity Center, two outdoor pools, inline skating rinks, multi-purpose ball fields, and a skateboard park. This fund also accounts for recreational and child care programs.

Development Services Fund

The Development Services Fund accounts for revenues and expenses related to community development within the Town. Primary revenues are from user fees to include building and electrical permits, plan reviews and inspections.

INTERNAL SERVICE FUNDS

Internal service funds account for the financing of goods or services provided by one department to another. Revenues are from user charges to funds and departments, which are calculated on a cost reimbursement basis.

Employee Benefits Fund

The Employee Benefits Fund accounts for the accumulation and payment of health insurance claims; for the payment of premiums for various employee insurance policies (life insurance, long-term disability, accidental death and dismemberment, stop-loss insurance) and for the payment of fees to third-party administrators; and for disbursement of cafeteria plan monies.

Fleet Services Fund

The Fleet Services Fund accounts for centralized acquisition and maintenance of Town owned vehicles. Operations and vehicle replacements are funded by charges to user departments.

CUSTODIAL FUNDS

Custodial funds are used to report fiduciary activities that are not held in a trust or equivalent arrangement for individuals, organizations and other governments.

Add-On PIF Fund

The Add-On PIF Fund is a custodial fund used to account for the receipt and disbursement of the add-on public improvement fee (PIF) collected on sales transactions in the Promenade retail center and the Encore project.

Special District Fee Fund

The Special District Fee Fund is a custodial fund used to account for receipt and disbursement of the Meadows District imposed capital reserve fee.

Use Tax Fund

The Use Tax Fund is a custodial fund used to account for the receipt and disbursement of Douglas County's 1.00% portion of the use tax imposed on construction materials that are utilized in the construction of real property.

Authority Development Fee Fund

The Authority Development Fee Fund is a custodial fund used to account for the receipt and disbursement of the Cherry Creek Basin Water Quality Authority's imposed Development Fee.

- (1) Because no single parcel of property located within the Town's boundaries is located within every entity shown, the table is not indicative of the actual or potential burden upon any single property.
- (2) The metropolitan districts fall within the Town's limits and property taxes are collected to fund debt repayment. The mill levy assessed represents ranges based on the individual district's mill levy.
- (3) The only component in the Direct Rate is the General Operating Expenses.
- (4) Includes law enforcement authority levy.
- (5) Dawson Ridge Metro District was issued refunds and abatements in 2015.

⁽¹⁾ Gross resources include all operating revenues, system development fees and investment earnings. Prior to the issuance of the 2016 Bonds, the definition of Gross resources specifically excluded the Water Resource Fee and Renewable Water rates and charges imposed pursuant to the Municipal Code. However those revenues are pledged to the 2016 Bonds. The Bond Ordinance specifically extends the pledge of those revenues to the Prior Bonds.

⁽²⁾ This figure includes all expenses properly allocable to the System pursuant to GAAP. Does not include depreciation, amortization, interest paid on outstanding bonds and gains or losses from sale of capital assets.

⁽³⁾ Net pledged revenue equals gross resources minus expenses.

⁽⁴⁾ Represents the Combined Maximum Annual Principal and Interest Requirements payable on the remaining Revenue Bonds and Notes.

⁽⁵⁾ Coverage ratio equals net pledged revenue divided by the total principal and interest.
