PLEDGE OF ALLEGIANCE

COUNCIL COMMENTS

Mayor Gray recognized the passing away of Mr. Sturm.

Councilmember Cavey extended her thanks to staff for their hard work at her open house with 128 in attendance. The Pine Canyon development came up and is before the County. She encouraged people to attend the County meeting to submit their comments. She will be opposing it.

Councilmember Bracken also referenced Pine Canyon development. It is currently in the County and is important to the Town as it is in the middle of our Town. He does not feel the county should determine what will happen in the middle of our Town. He also encouraged people to attend the County meeting.

Motion by Councilmember Brooks, Seconded by Councilmember Cavey to Direct the Town Attorney to bring the conversation with Douglas County and other municipalities that feel they have been impacted by Denver's failed migrant policy to sue Denver into stopping bringing in additional migrants.

Councilmember Brooks stated they don't have adequate services or housing and

it is spilling into other communities.

Mayor Gray spoke in favor of it. His mother immigrated legally and became a citizen. We need to protect our Town and our County.

Councilmember Dietz feels it is important and it is important to fund our police and fire and speaks in favor so that it doesn't take away services to our citizens.

Motion passed 7-0.

Dietz feels Pine Canyon should also be done within Town criteria. Dietz reminded citizens to continue to remember our past, not forget 9-11 and what we've been through, and to remember joy and patriotism.

Citizens that addressed Council:

Laura Martinez works for Sandstone as an Outreach manager, is a mom in Castle Rock for 21 years and shared her personal story about her daughter that had to find treatment out of state. She emphasized that these kids are already in our neighborhoods that have issues. These kids want to be there to get help.

Mark Davis, resident, was asked by residents in the neighborhood. They want to ensure doors are locked at night and kids are not free to leave whenever they want. The facility should take full responsibility and have security on site and criteria on the type of issues the kids have and should not be allowed to wander around at night.

Les Lilly asks Council to pass this as an employee of the school district for many years and feels many kids could benefit from this facility.

Montee Ball is a former Bronco and father to an 8 year old, and is a clinical manager at Sandstone and suffers from a mental disorder. He received the right treatment and feels this is a critical service. Some youth will experience hurdles that they will need help with. He asked that Council look at this from the standpoint that we have all known someone that needs this type of support. If not here, then where. Focus on not what we fear, but what will happen.

Keith Hayes spoke in favor and has served the last 5 years for 528 Recovery High School. He has referred students to Sandstone and had success and finds these kids want these services. There is a lack of resources for our kids in Colorado, and Castle Rock has the opportunity to provide them. He noted 50% of his students are from Douglas County.
