

# Proclamation

*Fire Prevention Week  
October 4-10, 2015*

**WHEREAS**, the Town of Castle Rock is committed to ensuring the safety and security of all those living in and visiting our town; and

**WHEREAS**, fire is a serious public safety concern both locally and nationally, and homes are the locations where people are at greatest risk from fire; and

**WHEREAS**, home fires killed 2,755 people in the United States in 2013, according to the National Fire Protection Association (NFPA), and fire departments in the United States responded to 369,500 home fires; and

**WHEREAS**, working smoke alarms cut the risk of dying in reported home fires in half; and

**WHEREAS**, three out of five of home fire deaths result from fires in homes without working smoke alarms; and

**WHEREAS**, in one-fifth of all homes with smoke alarms, none were working; and

**WHEREAS**, when smoke alarms should have operated, but did not do so, it was usually because batteries were missing, disconnected, or dead; and

**WHEREAS**, half of home fire deaths result from fires reported at night between 11 p.m. and 7 a.m. when most people are asleep; and

**WHEREAS**, Town of Castle Rock residents should install smoke alarms in every sleeping room, outside each separate sleeping area, and on every level of the home; and

**WHEREAS**, Town of Castle Rock residents should install smoke alarms and alert devices that meet the needs of people who are deaf or hard of hearing; and

**WHEREAS**, Town of Castle Rock residents who have planned and practiced a home fire escape plan are more prepared and will therefore be more likely to survive a fire; and

**WHEREAS**, Town of Castle Rock first responders are dedicated to reducing the occurrence of home fires and home fire injuries through prevention and protection education; and

**WHEREAS**, Town of Castle Rock residents are responsive to public education measures and are able to take personal steps to increase their safety from fire, especially in their homes; and

**WHEREAS**, the 2015 Fire Prevention Week theme, "Hear the Beep Where You Sleep. Every Bedroom Needs a Working Smoke Alarm!" effectively serves to remind us that we need working smoke alarms to give us the time to get out safely.

**THEREFORE**, we the Town Council of the Town of Castle Rock, do hereby proclaim

**October 4-10, 2015 as Fire Prevention Week**

throughout this town, and we urge all the people of Castle Rock to install smoke alarms in every bedroom, outside each sleeping area, and on every level of the home, including the basement and to support the many public safety activities and efforts of the Town of Castle Rock Fire and Rescue Department during Fire Prevention Week 2015.

ATTEST:

TOWN OF CASTLE ROCK:
