

AGENDA MEMORANDUM

To: David L. Corliss, Town Manager

From: Tara Vargish, PE, Director of Development Services

Title: **Town Manager Report – Development Project Updates**

This report contains development updates and new submittals or requests that have been submitted to staff since the last update to Town Council. The high-growth nature of Castle Rock results in numerous and diverse questions from individuals seeking information about existing conditions and future plans and formal applications for development. More information on community development activity and formal land use applications are located on the Town website under the Development Activity Map link, which can be accessed at CRGov.com/DevelopmentActivityMap

New Quasi-Judicial Applications Requiring Public Hearings

No new quasi-judicial applications were submitted this period.

New Pre-Application Meeting Requests

Dawson Trails Boulevard Infrastructure and Utilities

A pre-application meeting request was submitted seeking information on application and submittal requirements for infrastructure and utility design for North Dawson Trails Boulevard. The northern segment of Dawson Trails Boulevard is a proposed 4-lane minor arterial roadway between Plum Creek Parkway and the northern boundary of the Dawson Trails Planned Development. The project spans 6,000 linear feet with a proposed ROW of 111 feet. The proposal is located in Mayor Pro Tem Bracken and Councilmember Dietz's districts.

Meadows Chloramination Booster Station

A pre-application meeting request was submitted seeking information on application and submittal requirements to install a chlorination booster station at Tanks 17A & 17B in the Meadows, located northeast of Coachline and Wolfensberger Roads. The booster station will consist of continuous water quality monitoring instrumentation for disinfection, residual monitoring, chemical feeding, chemical storage tanks & chemical feed pumps for sodium hypochlorite and liquid ammonium sulfate. Equipment and instrumentation will be housed in a 12' by 16' pre-manufactured building. The proposal is located in Mayor Pro Tem Bracken's district.

Ray Waterman Demonstration Garden

A pre-application meeting request was submitted seeking information on application and submittal requirements for a ColoradoScape demonstration garden at the Ray Waterman Treatment Facility. Castle Rock Water is proposing to use approximately 2,000 square feet of the north portion of their treatment plant, located at 1282 Castle Oaks Drive in the Terrain, to showcase the range of regionally adaptive perennials, shrubs, and trees available, as well as designs for hardscapes like paths and outdoor rooms. The purpose of ColoradoScape design is to encourage residents and businesses to replace water-guzzling yards with colorful and vibrant options and ultimately save water. There will be an eco-friendly temporary parking lot built across the street until a planned Town of Castle Rock park is built with permanent parking. The proposal is located in Councilmember Cavey's district.

Sandstone Care 864 Barranca Drive

A pre-application meeting request was submitted seeking information on application and submittal requirements for establishing a residential group care facility at 864 Barranca Drive. Sandstone Care desires to establish this facility to serve adolescents suffering from mild to moderate mental health symptoms. These adolescents' lack of symptom severity makes them ineligible for acute psychiatric treatment at hospitals and other higher-level treatment settings. Therefore, the services would reach a population that is currently underserved, with a rising prevalence of incidence and acuity across the country. 864 Barranca Drive is located on the southwest corner of Woodlands Boulevard and Barranca Drive in Metzler Ranch. The property is located in Councilmember LaFleur's district.

Site Development Plan for Medical Office Building at 3737 New Hope Way

A pre-application meeting request seeking information on application and submittal requirements for a site development plan for a medical office building. The applicant is in the process of subdividing the New Hope Presbyterian Church property located at 3737 New Hope Way in Meadows Filing 21 (southeast corner of Meadows Boulevard and Red Hawk Drive). They would like to develop a three-story medical and professional office building with a building footprint of approximately 11,500 square feet on a vacant lot just west of the existing church. The proposal is located in Mayor Pro Tem Bracken's district.

The Little School on Perry Street

A pre-application meeting request was submitted seeking information on application and submittal requirements for a 1,316-square-foot building addition to connect the existing garage and main house and add a small deck at 203 North Perry Street, located on the northwest corner of Second and Perry Streets. The addition would be used for classrooms and kitchen space. The Little School on Perry Street is planning to provide weekday child care services to the community as well as date night child care on Friday and Saturday nights. The proposal is located in Councilmember LaFleur's district.

Ongoing Development Activity: **Commercial Development Activity**

- **Promenade:**
 - Alana at Promenade Apartments, building and site construction for 300 unit multi-family residential development, located on Alpine Vista Circle, west of Promenade Parkway.
