**Description:** The applicant is proposing an apartment and office building at the northwest corner of Fifth and Jerry Streets. The existing residential homes would be demolished and replaced with a new building with two levels of parking with five levels above with apartments and individual office suites on each floor. A total of 70 apartments (13 units on each floor) will be a mix of one and two bedroom units. Storage will also be provided in the interior of each floor with the sixth floor including an open courtyard with private amenities for the residents. The lower parking levels include 78 spaces, with 4 accessible spaces and an additional 6 spaces for motorcycles. On the southeast corner of each floor will be individual office suites. The proposed building height and use are allowable per the zoning.

**Status:** under staff review

**Construction schedule:** possibly late 2017

**Of note:** The applicant held an open house on March 23, 2017, prior to SDP submission. The Design Review Board will consider this application during a future public meeting.
