A message from
Chief of Police
Jack Cauley

Castle Rock continues to be one of the safest and fastest-growing communities in the country. To achieve this, we build upon our One-By-One Policing philosophy through our three strategic pillars:

People: We invest in our team members by providing quality training and the best equipment available. We are laser-focused on creating a healthy organizational culture where our members can thrive.

Innovation: The ability to innovate is key. We embrace the latest technology and best practices to solve problems and address crime.

Community: Policing is a team effort. Creating safe communities must involve trust and partnerships. We are grateful for Castle Rock's support and don't take it for granted.

"We look for the best when we are hiring police officers and academy recruits"... highlighting the importance of selecting skilled individuals for the Castle Rock Police Department.

Police Recruits embark on their academy journey

On July 15th, we welcomed seven police cadets to the Castle Rock Police Department. This enthusiastic group with unique backgrounds and motivations, is united by a common goal: to serve and protect the Town of Castle Rock.

Over the next twenty-one weeks, they will undergo rigorous training that encompasses physical fitness, tactical skills and academic education. Every step will prepare them to meet the high standards required to become Colorado P.O.S.T. certified officers.

We're excited to support and watch their transformations as they embark upon their journey into the policing profession.

Our newest officers, front row left to right: Jacob Rose, Hayley Riley, Jeremy Hastings, Kallista Johnson and Zoe Sailer. Back row: Joel Dawes and Noah Haneke.

VISION: To serve people one-by-one so together, we can create environments that are safe and secure, and where people can thrive.

MISSION: The Castle Rock Police Department is dedicated to excellence through community safety, innovation, and public trust. Our goal is to provide for the safety and welfare of both the citizens and visitors of the Town of Castle Rock utilizing effective community-policing philosophies, including crime prevention, traffic enforcement, criminal investigation, crime analysis and community involvement.

Customer survey results

CRPD utilizes a survey tool which measures customer service on select non-violent or property crime calls for service. Citizens receive a short text survey and may also leave comments. Results are listed in the graph below.

Domestic violence lethality assessment

The Lethality Assessment Program (LAP) tool is designed to reduce risks, save lives and involves an assessment by policing personnel to determine risks in collaboration with community-based victim service providers. More information can be found at LethalityAssessmentProgram.org.
