Hi,

As a crystal valley resident unable to attend next weeks meeting, I wanted to share that I am in support of the Costco investment in our communities future economy. It will be beneficial to residents and bring in additional foot traffic for smaller Caste Rock businesses.

Sincerely,
Diane

I'm so excited for the interchange and Costco being built down here. We've been in Crystal Valley for 17 years and have waited patiently for the development of the interchange and for some retail development.

Thank you.

Sandy,

I really appreciate your time in returning my emails. I'm just a Castle Rock resident and Costco customer who is looking forward to shopping at our own Costco! Then all we need is a Trader Joes.

Diane

Diane,

I really can't say. The Town of Castle Rock does not oversee a property owner's construction schedule. I can provide you information on land use submittals that the Town has accepted. May I ask your interest? Sandy

So it sounds like the 2025 opening probably won't happen?

Diane,

The Town is in the process of reviewing the Site Development Plan, which is likely to be scheduled for public hearings in the next month or two. Construction Documents and building permit applications have yet to be submitted and will need to be approved before construction permits will be issued and construction onsite commences. Sandy
