Re: 2026 Application for Service Organization Funding Castle Rock Senior Activity Center

Dear Mr. Corliss, Ms. Muller, and Members of Town Council,

On behalf of the Castle Rock Senior Activity Center (CRSAC), thank you for your ongoing partnership and support. For 54 years, CRSAC has proudly served Castle Rock and the greater Douglas County area as a 501(c)(3) nonprofit organization. Our mission is to help older adults age in place—independently, actively, and with dignity—by offering programs and services that promote wellness, connection, and community engagement.

We are pleased to submit our application for 2026 Service Organization Funding to continue supporting two of our most vital program areas: **Senior Services and Transportation**. While we are not requesting an increase in funding this year, we want to highlight both the growing need in our community and the value this support enables us to provide.

In 2025, CRSAC reached a new record of 1,350 members, with an additional 1,200+ non-member participants benefiting from our transportation, nutrition, and outreach services. In total, we now serve over 3,000 older adults across our programs. These individuals' range in age from 50 to over 100 and include those living alone, with family, or in caregiving situations. We have continued to adapt and expand our services in response to the evolving needs of our population, particularly in the post-pandemic era.

Transportation remains one of our most critical—and most challenged—service areas. With over 480 registered riders and a dedicated team of volunteer drivers, our fleet now provides more than 1,150 rides each month. These trips include essential services such as medical appointments, grocery and pharmacy errands, daily activities at the Center, and meal and supply deliveries. As there is no public transportation in Castle Rock or surrounding areas in southern Douglas County, CRSAC has become a vital resource for seniors with no other means of transportation.

However, we are facing a significant strain. In just the first four months of 2025, we registered 62 new transportation clients—indicating a 20–25% increase over last year. At the same time, we

are preparing for a 30% reduction in funding from the State and County beginning in July. This funding gap puts our transportation program at risk despite the rising demand. Continued support from the Town is critical to keeping this lifeline service operational and accessible to our community's most vulnerable residents.

The Senior Services portion of our funding enables us to provide over 160 high-quality programs and activities each month at affordable rates. These include wellness and fitness classes, educational opportunities, social outings, and volunteer-led activities that promote engagement and mental well-being. As our participants become more diverse and discerning in their needs, these funds also support staff and volunteer training to help us meet expectations while keeping programs financially accessible to those on fixed incomes.

Looking ahead, our rapid growth signals the need for additional space to meet community demand. With our membership at an all-time high and our calendar packed with programming, we ask that the Town keep the Senior Center in mind for any future space allocation or expansion opportunities.

CRSAC is governed by a volunteer Board of Directors and operated by a dedicated professional staff, supported by an incredible network of volunteers. We are proud to have been recognized as a model senior center, offering guidance and mentorship to similar organizations across the country.

We are truly grateful for the financial, in-kind, and operational support the Town of Castle Rock provides. Your investment enables us to continue delivering meaningful services and programs that directly impact the quality of life for thousands of older adults. We look forward to another year of service and collaboration as a trusted community partner.

Sincerely,

Executive Director
