**Recess to Work Session: Council Discussion of Community Goals and Challenges**

Town Manager Corliss lead the Town Council in a discussion on the following issues:

- 1) We have successfully grown in recent years - from 7,000 in 1990 to 57,000 twenty-five years later - what will be the keys for successful growth in the future?
- 2) We recently received the results of the most recent citizen survey. Do we see service areas which need additional focus and resources? Do we desire to increase service levels to achieve higher citizen satisfaction for Town services?
- 3) Community growth will come with both benefits and challenges. Are we sufficiently prepared for the challenges of growth? How can we successfully communicate to Castle Rock citizens about plans for community growth?
- 4) In reviewing our progress on the Town's strategic plan, are there areas of concern or areas which are not adequately addressed?
- 5) What other community goals or issues should the Town be addressing? What other items do we need to discuss to serve our community better?
