“I have always had high respect for fireman and this class just increased that. This is a tough job and I’m grateful we have great people in our town doing it.”

“We were amazed at the quality of the Public Works equipment and Technology. Really liked the whole evening.”

“The trainings/food/details/management are all great---AND---I actually believe and feel the sincerity of/about transparency and the sincere desire for overall competence. I never expect perfection---but what I see/feel/hear makes me feel comforted we picked Castle Rock.”

“Each class has been very different and very informative. I loved the interactive classes! EVERY town/city should offer something like this and I am so grateful that Castle Rock does. My goals were to meet new people, learn about the various areas that make our community whole/function/and be just plain amazing ... and learn how to get involved in the community. All goals accomplished thanks to you and all of the other presenters!”
