I'm in support of building the Plumcreek north park in my neighborhood this way we could walk to it if needed. It would be nice if we could also have lighted tennis courts and picnic areas until 10pm nightly and a neighborhood pool since we lost the only one we used to have which used to be where this is being built. Sort of like burgess park and pool outdoor pool operated by the town

Thank you  
Plumcreek Resident since 1999

Dear Council,

I am a resident of Plum Creek off Tavern Way for the last 2 years. I have two small kids and have interest in seeing my home value increase. A park at north Plum Creek will be great for families currently living in this area and families looking to move to the area. It will increase home values, and make the area a more family oriented neighborhood, making it appealing to future buyers.

Please approve this initiative on the 2023 budget!

Sincerely,  
Alicia Kliewer

**Subject:** Plum Creek Park North

I am a resident of Plum Creek. We have been waiting for the town council to approve the budget and start building the Plum Creek North Park. We would like to have a park to walk to, play catch, meet up at the pavilion, picnic, meet neighbors, shoot baskets, bring the kids and play pickelball. There really isn't any near parks in our neighborhood. The existing land is an eye sore, huge weeds growing all over and is home to a large coyote. It would be great for our community to have a park we can walk to. We urge the town council to build this park in 2023. We've been waiting for a long time.

Thank you for your time and consideration.

Christine Melton

Town of Castle Rock Town Council Members:

I am so happy and excited to see that the construction of Plum Creek North Park is included in the 2023 Proposed Budget for the Town of Castle Rock!

Neighborhood parks serve as the center of the community. A place for children to play, seniors to walk, parents to meet each other and exercise to take place. Although Plum Creek is one of the oldest neighborhoods it is one of the only neighborhoods in Castle Rock without any park. The Plum Creek Golf Course originally had a pool, tennis court and playground that residents could pay a "social membership" fee to use. For many years this was considered Plum Creek's "park". The former owners of the golf course let this area slide into disrepair and rendered it all unusable 11 years ago so for the past 11 years there has been no common neighborhood gathering place whatsoever.

We are very grateful to the Town for purchasing this land from the golf course several years ago and are excited to see a park built that will finally give the residents of Plum Creek a beautiful spot to gather and play!! It will be another shining jewel for our award winning Park Department!

Thank you for ensuring that the construction of the Plum Creek North Park is included in the final version of the 2023 Town Budget!

Sincerely,

Shawn L'Esperance

**Subject:** Plum Creek North Park (Emerald Dr across from McCracken Dr)

I am writing as a resident of this neighborhood, in an effort to urge you to include this park proposal in your final plans for construction in 2023.

When we moved here in 2017, we were led to believe (by realtors) that the existing abandoned pool/playground would be updated and reopened. Obviously, that was untrue. Over the years, we observed graffiti on its walls, trash, furniture and filthy water collecting in the decaying swimming pool. We were very happy to hear that the entire property was to become a town park, and even happier to see the decaying structures removed.

I feel that finishing this park sooner (2023) rather than in the next phase (2027?) will be beneficial to all residents by adding more recreational space and parkland for anyone to come and enjoy the lovely view of our town and the mountains beyond.

Thank you,

Christine Rivoir

I am writing in support of the planned park on the property purchased from Plum Creek Golf Club where the pool existed off of Emerald. This is a much needed residential park in our neighborhood! Across from the proposed park are many single family homes with young families that would greatly benefit from a local park.

We live in Fairway Vistas which is a community of older residents with young grandchildren which would provide an amazing benefit for our visiting families.

I look forward to the development of this park! What a wonderful addition to the Plum Creek community!

Thank You,

Dear Town Council,

It's great to see the Plum Creek North Park is currently in the CR budget for 2023. This park will be a valuable addition to the city's park system. We strongly support funding in 2023. The area has high numbers of walkers and runners and an increasing number of kids. The park also is in the center of a higher density area, gone without for decades and historically a longer trip to a park in other areas.

Moving forward soon should allow for limited parking lot expense vs. waiting and spending more.

Thank you for listening,  
Ted and Kirsten Anderson

**Subject:** Plum Creek North Park

Dear Castle Rock Town Council:

We write to you in support of the new park at Plum Creek North. This park would fill a genuine need in the lives of people in this community. The Plum Creek area of town seems to be one of the most neglected for quality parks in the entire city. We realize Rhyolite Park is not far away, but a park on Emerald, of the quality being proposed would be a wonderful addition and a definite blessing to all of us. Yes, the demographics are "retired, old folks" we get it, but we have multitudes of grand kids that would love to visit grandma & grandpa, and spend time at a quality park. It would even get the grandparents out of our easy chairs, just to go watch those grandkids have fun.

Respectfully,

Jim & Connie Johnson

Re.: Plum Creek North community park

Hello-

I wanted to convey my appreciation for all the work that the city has done to "rescue" this space from many years of neglect- purchasing the property, clearing out the pool, assessing the need, involving the area residents in the design, and now approving that space for a park next year. THANK YOU.

This will be a fantastic park asset for the south area of town in an area under represented from a park perspective. The area residents are ready, willing and able to support this park moving forward!

Hello Town Council!

I like to tell you how much your Plum Creek residences have been anticipating the construction of the new Plum Creek Park! Every day I sit in my Backyard patio all summer to work on my business laptop and see near 100 people daily walking dogs, playing frisbee, having picnics, riding bikes in the current open space/parking lot that is not yet a park. It would be really great to get this park into the 2023 budget so that we can make it a reality! We don't have any parks nearby that resemble the proposed plan with botche ball courts, Rock viewing area and kids playgrounds so it would REALLY be a great UPGRADE to our older area (most new construction was back in the 90's).

Thank you for listening to me and we are very excited about this!

**Subject:** Proposed Plum Creek North Park

Members of the Castle Rock Town Council:

I am highly supportive of Castle Rock funding the **Plum Creek North Park** plan. The subdivisions surrounding the Plum Creek golf course need a quality park! The area has been a deserted swimming pool area for too long! Castle Rock does not want a blighted, weed filled run down area nestled next to quality subdivisions. I live in the Fairway Vistas II and I have always hoped to be able to walk to a nearby park to play with my grandchildren and see vistas and not just more houses. The Plum Creek North Park would be a good investment of Castle Rock's monies. There are so many crowded and tightly organized subdivisions being built; so let's create a space that gives residents a view of the mountains, the rock, sunrises and sunsets.

Please support the building of the Plum Creek North Park. Also provide a goodly amount of monies for flowers and beauty beyond scrub oaks. And please make sure the maintenance of the park is supervised and observed over the years. Don't let slop get any worse around town!

**To:** TownCouncil Mailbox  
**Subject:** Plum Creek North Park

Dear Town Council:

We were very happy to hear that the Plum Creek North Park made the proposed 2023 budget. Now, if only the budget passes with that included in the final version! We moved to Plum Creek two years ago. The park site has been an eye sore and currently such a waste of good space. There is no park in our area at all so we must get in the car and drive to get to one.

We ask that the council approve the funds for the Plum Creek North Park to be constructed as planned. This would provide a place for neighborhood children to play together, for adults to walk and exercise (hopefully pickle ball courts are part of the plan!), and for families to relax and visit with others. What a wonderful and needed amenity the park would be to the Plum Creek community.

Thank you for your kind consideration,

Gail Cooper

**Subject:** Plum creek north park

Please include budget money for the park in plum creek north, at the old plum creek golf club pool/ tennis location that the town purchased from plum creek. If it's not built; then it doesn't seem it was a good use of the towns money to buy that parcel. Also- it's a vacant unusable parcel that is sitting there and has no use currently unless the town does something with it. There are children in the area that have no local parks to go to.

Sincerely  
Adam Level

Good Afternoon,

We understand that preliminary funding to begin development of the Plum Creek park in 2023 is in place and that the council will review to determine if final budget approval will be given.

We have been residents in Plum Creek for 22 years and thoroughly love this community. We want to thank the council for purchasing the land from the owners of the golf course. For many years as this was abandoned it was truly an eye sore in the community. We are excited about the improvement to this part of the community. Both as home owners and Realtors we truly believe this will enhance the community and improve home values and perceptions of future home owners. We support council giving final approval and moving forward with the development in 2023. Thank you for your time.
