NOW THEREFORE, in consideration of the mutual agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Town and Roxborough agree as follows:

1. If the Town elects to withdraw the Bell Mountain Ground Water, it will provide a minimum of 48 hours' notice to Roxborough and indicate which Bell Mountain Well(s) will be utilized and the pumping of the Bell Mountain Ground Water shall be in compliance with the applicable decrees and well permits. This Agreement does not obligate the Town to withdraw any specific quantity of the Bell Mountain Ground Water.

2. The Town intends to divert the Bell Mountain Ground Water from East Plum Creek at its CR-1 Diversion located near the Plum Creek Water Purification Facility for treatment and delivery into its municipal distribution system.

3. The Town shall record pumping rates of the Bell Mountain Ground Water on a daily basis for water accounting purposes and shall provide a weekly report to Roxborough on the previous week pumped quantities. If the Town is the only user of the Bell Mountain Wells during this period, the Town shall pay the electrical costs associated with pumping. If other parties request the wells be pumped during this period (Roxborough or Lochbuie), the electrical costs shall be split on a pro-rata basis relative to the quantities of water pumped for each party.

4. In exchange for the Bell Mountain Ground Water the Town withdraws, the Town shall make available to Roxborough an equivalent amount of Surplus Water constituting fully reusable effluent to Roxborough at the following prices:

- a. \$42.50 per acre-foot for the same quantity of the Bell Mountain Ground Water that was pumped from the Dawson Aquifer;

- c. \$177.93 per acre-foot for the same quantity of the Bell Mountain Ground Water that was pumped from the Arapahoe Aquifer.

5. If Section 4 is not applicable, and if the Town has Surplus Water available, and if Roxborough has requested a quantity of Surplus Water to be delivered, the Town shall lease this quantity of water at \$340 per acre-foot, measured at the Ravenna Pump Station flow meter. This lease price is subject to annual review by the Town and can be changed by market price evaluations and/or cost of service adjustments.

6. Roxborough intends to pick up the Surplus Water at the Town's Plum Creek Diversion near Sedalia. All costs of diversion, transmission and utilization of the Surplus Water shall be borne by Roxborough. The rate of delivery of Surplus Water shall be mutually agreed upon by the Parties.

7. The Town shall invoice to Roxborough on a quarterly basis for Surplus Water taken by Roxborough and Roxborough shall make payment within 30 days of receipt.

8. Town shall confirm to Roxborough that all Surplus Water is decreed to allow Roxborough to divert, store, inject, use, reuse, and successively reuse to extinction the Surplus Water, and shall confirm to Roxborough satisfaction that all Surplus Water and has been recognized and is administered by the Colorado State Engineer for all such uses.

9. Surplus Water shall be delivered “as is,” but shall be of a quality that meets all standards and effluent limitations specified in Colorado Discharge Permit System Permit No. CO-0038547, as amended, or in any other discharge permit issued by the Water Quality Control Division or by the U.S. EPA authorizing discharges from the Plum Creek Water Reclamation Authority facility; such quality to be measured at the authorized discharge point(s) specified in any such discharge permit. By entering into this Agreement and taking delivery of the Surplus Water, Roxborough acknowledges that the Surplus Water is suitable for all purposes that Roxborough shall make of the water, if the Surplus Water meets the requirements of this Section. Roxborough and any entity providing water to Roxborough shall be precluded from arguing or otherwise asserting that effluent discharged from the Plum Creek Water Reclamation Authority and carried in East Plum Creek and Plum Creek to the Plum Creek Diversion is not of suitable quality to meet the requirement of use to which water delivered to Roxborough has normally been put. Roxborough shall have no obligation to take delivery of or pay for any of the Surplus Water that does not satisfy the requirements of this Section.

10. The term of this Agreement shall commence on its execution and expire December 31, 2021. Provided however, by mutual written agreement of the Parties, this Agreement may be renewed on the same or on different terms.

11. Roxborough’s financial obligations under this Agreement are limited to making the payments as described in Sections 4 and 5, above, as applicable, for the Surplus Water it elects to take. Roxborough’s sole source of compensation for the Bell Mountain Ground Water withdrawn by the Town is the right to utilize Surplus Water pursuant to this Agreement.
