A message from Chief of Police Jack Cauley

Castle Rock continues to be one of the safest and fastest-growing communities in the country. To achieve this, we build upon our One-By-One Policing philosophy through our three strategic pillars:

People: We invest in our team members by providing quality training and the best equipment available. We are laser-focused on creating a healthy organizational culture where our members can thrive.

Innovation: The ability to innovate is key. We embrace the latest technology and best practices to solve problems and address crime.

Community: Policing is a team effort. Creating safe communities must involve trust and partnerships. We are grateful for Castle Rock's support and don't take it for granted.

CRPD 2026 Citizen and Youth Academies

CRPD Celebrates Academy Graduates

June marked the successful completion of two of the Castle Rock Police Department's premier community outreach programs as participants graduated from the 2026 Citizens Police Academy and the first of two sessions, of the Youth Police Academy. Throughout the spring and early summer, residents gained an inside look at modern policing through hands-on experiences, classroom instruction, and direct interaction with CRPD officers and professional staff.

The 10-week Citizens Police Academy concluded on June 24th, providing adult participants with a behind-the-scenes understanding of police operations, including patrol tactics, criminal investigations, traffic enforcement, crime scene processing, K-9 and SWAT demonstrations, and the department's community policing philosophy.

During two weeks in June, the Youth Police Academy introduced middle and high school students to leadership development, teamwork, and the many responsibilities of law enforcement through interactive scenarios and practical exercises led by CRPD School Resource Officers. Both programs continue to strengthen relationships between the department and the community by fostering transparency, building trust, and inspiring future community leaders and public safety professionals.
