April 12, 2022

Honorable Mayor Gray and Castle Rock Town Council  
Town of Castle Rock  
100 N. Wilcox St.  
Castle Rock, CO 80104

Dear Mayor Gray and Town Council,

The Castle Rock DDA met on Monday, April 11, 2022 to discuss the Train Horn Quiet Zone in Downtown Castle Rock. The Train Horn Quiet Zone is discussed multiple times in the DDA's Plan of Development and has been a goal of the entire Castle Rock community for many years, even prior to the inception of the Castle Rock DDA.

As a community that strives for a world class quality of life, quieting the horn at the 3 crossings in the community is an important goal to pursue, and support both philosophically and financially. At the most recent board meeting, the DDA Board voted in support of using up to \$900,000 of Property and Sales Tax Increment dollars from the Downtown Special Fund to support the implementation of the Quiet Zone in the DDA Boundaries in Downtown Castle Rock.

The Castle Rock DDA is proud to be a community partner with the Town of Castle Rock helping to invest in the heart of the community. Thank you for your partnership.

Sincerely,

Kevin Tilson  
Director  
Castle Rock Downtown Development Authority
