A message from
Chief of Police
Jack Cauley

Castle Rock continues to be one of the safest and fastest-growing communities in the country. To achieve this, we build upon our One-By-One Policing philosophy through our three strategic pillars:

People: We invest in our team members by providing quality training and the best equipment available. We are laser-focused on creating a healthy organizational culture where our members can thrive.

Innovation: The ability to innovate is key. We embrace the latest technology and best practices to solve problems and address crime.

Community: Policing is a team effort. Creating safe communities must involve trust and partnerships. We are grateful for Castle Rock's support and don't take it for granted.

"Cases like this take months to solve. Our members were able to resolve it in less than 24-hours."
