Dear Ms. Maloney,

I would like to introduce you to Denver-based Lumonics, among the earliest and longest-running light art studios in the U.S.

Regarding public art projects, here are four categories in which we hope we can serve the Castle Rock community:

- 1. Lumonics Mind Spa art installations that foster a state of comfort and creativity which can be as small as a room to as large as an entire art center**
- 2. Individual light sculptures**
- 3. Video art light projection on buildings and screens, both indoor and outdoor.**
- 4. Outdoor Light Sculptures**

Project examples can be viewed at
<https://protect-us.mimecast.com/s/SDtXCERmGYTg7wBsNelxP?domain=lumonics.net>

If you would like additional information or have any questions, you are welcome to reach me at 303.568.9406 or lumonics@gmail.com

We look forward to being a resource for you.

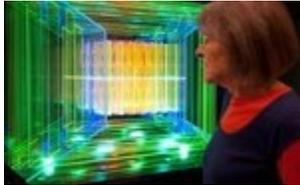

Best wishes,

Barry Raphael

Marc Billard of the Lumonics team was commissioned by [Night Lights Denver](#) and the Denver Theatre District to create a [3-minute video](#) that was projected on The Daniels & Fisher Tower in 2020. The Tower is located at 1601 Arapahoe St. on the 16th Street Mall. "Night Lights Denver is a permanent way for The Denver Theatre District to support innovative artists with an experimental platform while attracting people downtown to experience a free, unique, surprise-and-delight experience." Marc and Dorothy's music video, *New Mexico*, was accepted in the [Supernova Digital Animation Festival](#) in 2020. Three of Marc's videos were part of [Denver Digerati](#), 2020.
