In 2020, the council accepted entitlement status to be eligible to receive an allocation of funding provided through the U.S. Department of Housing and Urban Development. The grant can be used to revitalize neighborhoods, expand affordable housing, offer economic opportunities, and improve community facilities and services. A 30-day public comment period on the town's plan begins this month with a public hearing with the council on July 20.

No less than 70 percent of the funds expended over a period specified by the grantee, not to exceed 3 years, must be used for activities that benefit low- and moderate-income persons.

Where and when can the Town's plan for these Entitlement funds be reviewed?

Has acceptance and use of these Entitlement funds imposed federal government requirements on the Town that otherwise did not exist?
