In addition to any incentives that may be offered by the State and/or other potential funding sources, an owner of a Landmark or a Contributing Structure in the Historic Downtown Area may be eligible to apply for the following economic incentives for the Restoration or Rehabilitation of the property, and such additional incentives as may be developed by the Historic Preservation Board and authorized by the Town Council:

C. Local Restoration Grant Program. The purpose of this program is to provide Historic Landmarks monetary assistance with Rehabilitation or Restoration projects. Grants will be issued for Restoration, reconstruction and Rehabilitation projects. Generally, these grants would be available for smaller projects, such as sanding and re-painting a facade, reconstruction of windows, re-roofing or reconstruction of porches. However, larger projects or State Historic Fund cash match projects may be considered.

Analysis: The grant request meets this criterion. As previously mentioned, the property is Nationally and locally landmarked. This local grant would help reimburse the property owner for the exterior painting.
