I am in full support for a newer center that supports at least 6 pickleball courts so that we don't have to go to Parker and spend our hard earned money there. I also feel that anyone living outside CS should pay a premium to play pickleball as they aren't paying the real estate taxes to support any of our rec centers... By the time this proposed rec center is built we will have another 200 pickleball players!

Subject: Proposed Recreation Center

Hi Tim-

I am excited to see that the proposed Acme Brick site for a new recreation center is on the town council agenda this Tuesday evening! From what I know of the proposal it appears to be a great public-private partnership helping the town acquire a badly needed new recreation complex. I played Pickleball 3 days per week indoors at the recreation center all winter and personally saw every opening sell out! There is just not enough capacity at the current Recreation Center to accommodate our growing town.

I hope you will support the proposal for a new recreation center at the Acme Brick site.

Sincerely,
Shawn L'Esperance

Hello Tom,

I will forward this, it will be added to the agenda record.

Also this item is only up for Discussion and direction at this time.

Tim Dietz

D6 Councilman

Castle Rock

Subject: New Rec Center

Tim, as a 25 year resident of Plum Creek and Castle Rock, I have experienced the significant growth of our town and enjoyed using our parks and the current rec center. Needless to say a new larger rec center is needed and will be a positive resource to Castle Rock and its thousands of citizens. Therefore I strongly ask you to vote yes on a new Castle Rock rec center.

Thank you, Tom & Dorothy Nugent
