Title: Update: Residential Unit Data (through December 31, 2018)

Executive Summary

On December 18, 2018, staff presented an updated residential unit data report through the third quarter of 2018. This update includes data through the fourth quarter, ending on December 31, 2018. The data outlines the maximum zoning entitlements and growth areas approved by Council and provides an update on the pace of activity in each area of town. The current estimates show an approximate population of 68,762, which is an increase of about 1,011 persons from the previous quarter. There were 296 additional single family and 56 multi-family homes built within the fourth quarter of last year.

Discussion

Each planned development (PD) on **Table A** shows the PD's name, date of zoning approval and corresponding PD number depicted on the Town's Zoning District Map to help identify the areas included with the unit counts. The map in **Attachment A** shows the geographic location of each PD area. **Table B** compares estimates for each quarter. Please note the same qualifiers apply as noted in previous summaries.
