David Corliss
Town Manager, Town of Castle Rock
100 N. Wilcox St.
Castle Rock, CO 80104

March 1, 2019

Dear Mr. Corliss

In support of the Town's project to improve the intersection of Founders Parkway (State Highway 86) with Crowfoot Valley Road and its approaches, CDOT will collaborate on traffic safety improvements at the adjacent Avenida del Sol intersection. At this time, we commit to the following:

- Installing "DO NOT BLOCK INTERSECTION" regulatory signing facing eastbound Founders traffic at the intersection with Avenida del Sol
- Installing an advance intersection warning sign with a 45-mph advisory speed supplemental plaque facing eastbound Founders traffic on the approach to the intersection
- Placing channelizing pavement markings in the paved median between the left turn deceleration and acceleration lanes for westbound Founders
- Pursuing traffic signal timing adjustments at the Woodlands and Crowfoot Valley intersections with the goal of creating gaps for traffic turning left from Avenida del Sol as part of the overall corridor traffic signal coordination plan

We anticipate having all of these improvements completed by May 2019.

Sincerely,

Alazar Tesfaye, P.E.
Region 1 Traffic Engineer

cc: W. Williams, Local Agency Program Project Manager
