SPLASHES
OF LIFE
IN VIBRANT
COLOR

"SPLASHES OF LIFE IN VIBRANT COLOR" - CINDY WELCH

Beautiful, vibrant color and water! What could be more exciting? I love the challenge and surprise that watercolor brings. I am blessed to live in the majestic state of Colorado and I am continually inspired by beauty all around me. It can be anything from a sprawling landscape, historic site, colorful flower or simple element that moves me to paint. My passion is color and creating an image more exciting to the viewer with beautiful hues while maintaining realism. My hometown of Castle Rock, CO has provided me with many inspiring subjects and I am so grateful for my collectors and supporters. I paint purely for fun and a love of the medium, and I am honored when others enjoy my work.
