Subject: Support for the Encore Project

Hi there,

I'm unable to attend Town Council tonight, but I want to voice my personal support for the Encore project in downtown. I think it's exactly what the south end of downtown needs to create and keep a vibrant and walkable downtown where you can live, work, and play. The addition of public parking spaces is also a big plus. It sounds like there are also several amenities such as the dog park that many in the community can benefit from. The for-sale condos is something that are missing in the downtown area, and I think overall the project is very positive for the Town. Though I'm not a resident of Castle Rock, I work here and am very involved with the business scene, as well as on the Board of the Chamber of Commerce and part of the EDC.

Thank you for considering putting your support behind this project.

Best,

Abby Tardiff
