

Q1 Based on the feedback received from the August 27 open house as described above, if the statements do not reflect your impression or understanding from the meeting, please describe what we missed or misunderstood?

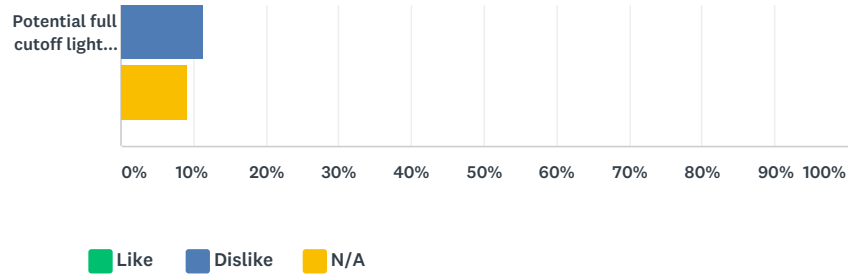

Answered: 13 Skipped: 90

#	RESPONSES	DATE
1	Very good. Focus on [multi-age] playgrounds and [senior] activities.	11/15/2019 12:18 PM
2	I wasn't there.	11/14/2019 9:57 PM
3	1. Missed dog parks on the map! Previously there were 2 dog parks. Community needs at least one park asap! 2. Any plans for real rec center with 25 yrd indoor swimming pool or just only swimming pool? 3. Orchard can be stretched along Castle Oaks to produce natural separation from the traffic. 4. Can the remaining part near McMurdo Gulch maintained as some kind of meadow for big crowd gathering?	11/12/2019 10:52 AM
4	I generally agree with the impressions above. More nature, less busy-ness. All your questions below are looking for things to fill space, not an overall vision. See comments below.	11/11/2019 10:22 AM
5	n/a	11/7/2019 8:44 PM
6	Could not attend but responded to survey.	11/6/2019 12:29 PM
7	Dog Stations including trash cans along trails and open space ??	11/6/2019 11:22 AM
8	I agree with the statements above but would like to emphasize that as much as the development as possible should be away from the homes on Arabella and should be closer to Cherry Creek and Castle Oaks.. there should be no walk in points off Arabella because that will great a parking nightmare on Arabella. The buffer should be more than 200' and include a fence and/ or trees, etc.	11/6/2019 8:38 AM
9	Thank you for removing camping from the original plan. I like that you included a secondary emergency exit through the neighborhood but did not make it a main entrance to the park. Love the idea of water conservation, but we are worried about the synthetic turf from a cleanliness perspective. Is it the same material that they put in the Parker Field House? That is very dingy and the kids come back smelling from it. Would rather have a grass field, if it is the same stuff. Very nice new plan!	10/31/2019 11:38 AM
10	Wow! You guys did an awesome job. You definitely listened to the community. Thank you!	10/29/2019 10:10 PM
11	Yes.	10/29/2019 8:23 PM
12	nothing	10/29/2019 8:11 PM
13	Dog area, more dirt trail	10/29/2019 5:34 PM

Q2 Items Incorporated into the latest drawing (attached/linked) include the following items, please rate your interest in these amenities:

Answered: 100 Skipped: 3

	LIKE	DISLIKE	N/A	TOTAL	WEIGHTED AVERAGE
Camping removed from the plan	87.63% 85	8.25% 8	4.12% 4	97	1.91
Vehicular access included from Castle Oaks Drive, with (2) potential Emergency Vehicle access points off of Arabella, which would also be walk in access points	84.95% 79	6.45% 6	8.60% 8	93	1.93
Sledding hill maintained and could be improved through mowing and overseeding to improve experience	95.96% 95	2.02% 2	2.02% 2	99	1.98
Paved and unpaved trails added to connect to Cherry Creek to provide large loops up to 3 miles in length	97.00% 97	0.00% 0	3.00% 3	100	2.00
Play areas added to the core of site with potential for water access if irrigation pond used by creating a shallow stream to fill the pond or the use of push button misters within the play area using non circulating water	86.46% 83	5.21% 5	8.33% 8	96	1.94
Added adequate on-site parking with the ability to add additional parking within the park from Castle Oaks Drive	95.92% 94	1.02% 1	3.06% 3	98	1.99
Use of synthetic turf for athletic fields, irrigated turf for high traffic area and native irrigation to create a water conserving design	91.67% 88	7.29% 7	1.04% 1	96	1.93
Potential full cutoff lighted fields located adjacent to Castle Oaks Drive or within site away from homes	79.38% 77	11.34% 11	9.28% 9	97	1.88

Q3 On a scale of 1 to 5, how do you like the proposed Cobblestone Ranch Master Park Plan?

Answered: 96 Skipped: 7

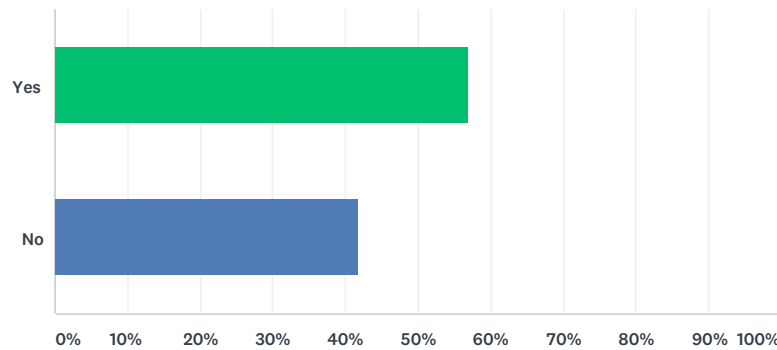

Totally, missed the mark. Not what I was picturing, but some good ideas.
Some things I like, some things I don't. Like it! Love it! N/A

	TOTALLY, MISSED THE MARK.	NOT WHAT I WAS PICTURING, BUT SOME GOOD IDEAS.	SOME THINGS I LIKE, SOME THINGS I DON'T.	LIKE IT!	LOVE IT!	N/A	TOTAL	WEIGHTED AVERAGE
☆	2.08% 2	3.13% 3	26.04% 25	32.29% 31	35.42% 34	1.04% 1	96	3.97

Q4 Is there anything about this design that you would change?

Answered: 86 Skipped: 17

ANSWER CHOICES	RESPONSES
Yes	56.98% 49
No	41.86% 36
Total Respondents: 86	

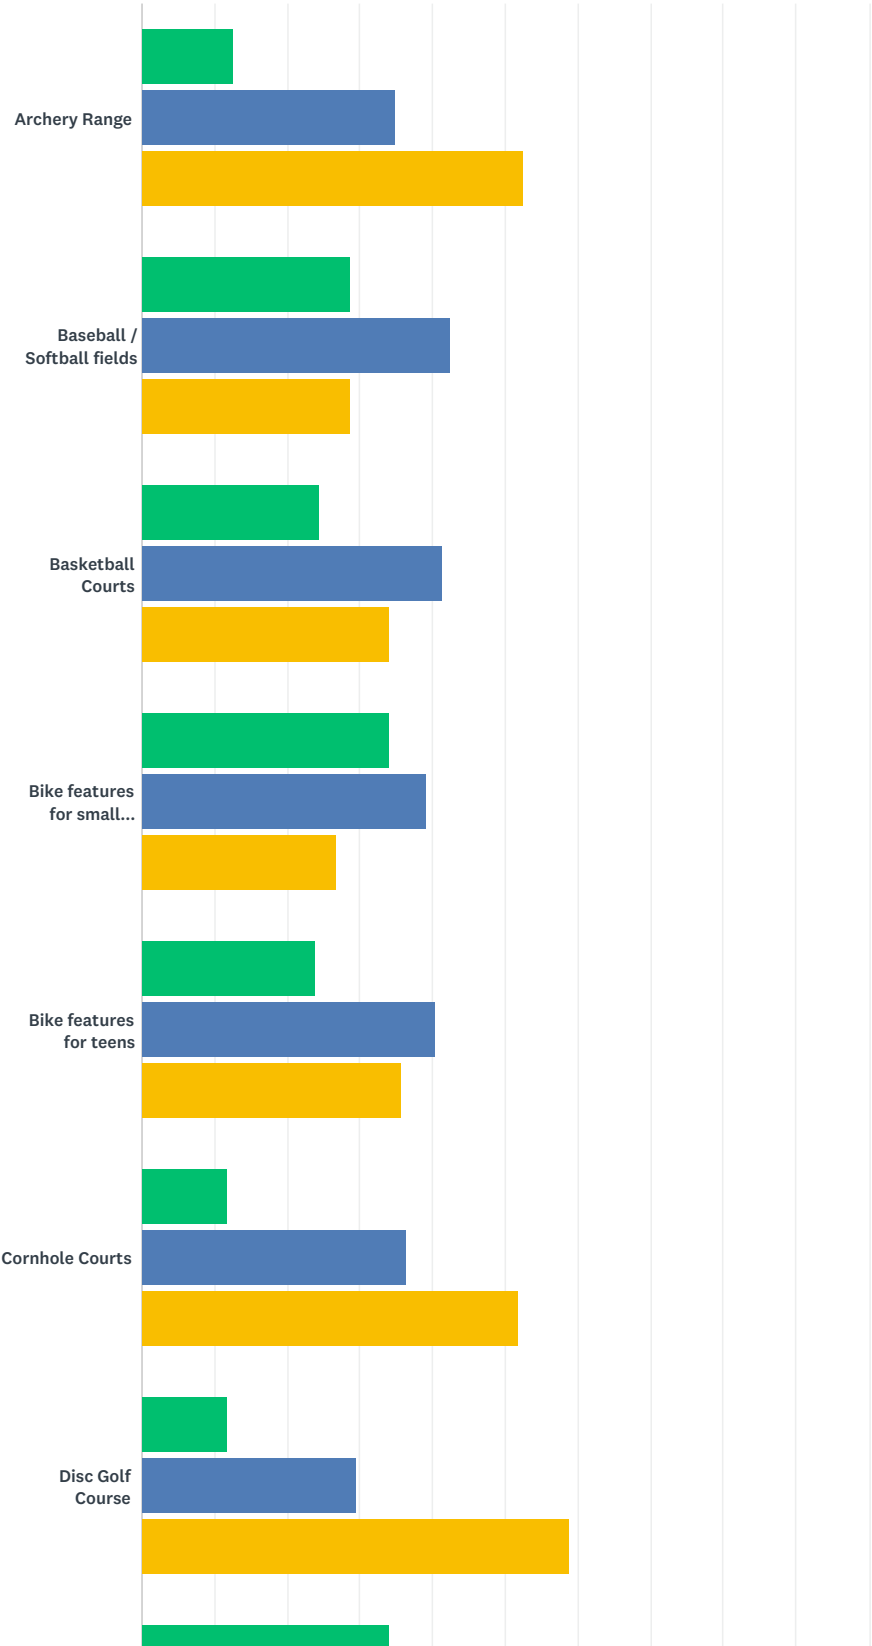

#	IF SO, WHAT WOULD THAT BE?	DATE
1	Camping should be included!	11/19/2019 3:54 PM
2	The drive along Castle Oaks current has a very natural view. I would prefer as much buffering as possible along Castle Oaks drive to maintain that feeling. There appears to be a heavy percentage of land use dedicated to sports fields - This does not seem to follow the inspiration image board. I would prefer that a majority of the land use be similar to items shown on the first three pages of the precedent imagery board as opposed to the final page of the precedent board.	11/19/2019 10:05 AM
3	More restroom sites - there seems to be only one? And there's not enough parking lots for now.	11/19/2019 9:28 AM
4	CAMP GROUNDS WOULD BE AWESOME	11/18/2019 7:01 PM
5	The "Overlook Shelter" and trail in the northern natural area east of Lynch Lane. Moving it further east a little would place the trail and shelter further down the hill and out of site from homes along Lynch Ln. The "Overlook" aspect of the shelter will still provide plentiful views North, thru East, to the South. There is nothing for Overlook Shelter and trail viewers to see to the West but houses along Lynch Lane. Please reserve our privacy as much as possible by looking at this small change. We would rather barely see the roof over the hill vs seeing the majority of the shelter and people "overlooking" into the backs of our houses. The small hill there is a great natural barrier yet can still provide views to the east where views actually exist.	11/18/2019 3:34 PM
6	191029 plan looks fantastic!	11/17/2019 7:10 PM
7	Bigger playground area. It is hard to tell from the plan, but I would like a large splash pad	11/16/2019 11:11 AM
8	Add more things to do for special needs.	11/15/2019 8:50 PM
9	Would like to see bigger softball/baseball fields. Make them support both baseball and softball by making 2 have 300 ft fences	11/15/2019 4:52 PM
10	Increase the number of pickleball courts.	11/15/2019 3:51 PM
11	Please, plan for a chlorinated pool-like pond and interactive water play, instead of non-potable water. Chlorine will reduce the risk of insects like mosquitoes (Zika) and Hep B transmittal. They have a current outbreak of Hep B in Denver homeless. A non-chlorinated pond invites problems. During the first planning meeting, many people were in favor of an outdoor movie theater. Perhaps, they could put a curved wall and artificial turf giant step seating (for lawn chairs) in the field, instead of the look out point. (Curved away from the housing, so they will not be bothered by the movie lighting.) I like the artificial turf for the baseball fields. They should be easy to maintain. I do not like the giant rectangle artificial turf. The giant artificial turf field will not blend during the winter months. It will be bright green when its surroundings are brown.	11/15/2019 12:18 PM
12	No archery range, no BMX track	11/15/2019 10:08 AM
13	you mention waterskiing on pond. not nearly big enough nor boat ingress/egress. concentrate on individual and group play for all ages.	11/14/2019 1:16 PM
14	I believe this plan favors only outdoor activities in the Summer. A park should be a year round use. There should be a building where the neighborhood can swim and play cards along with other activities.	11/13/2019 8:02 PM

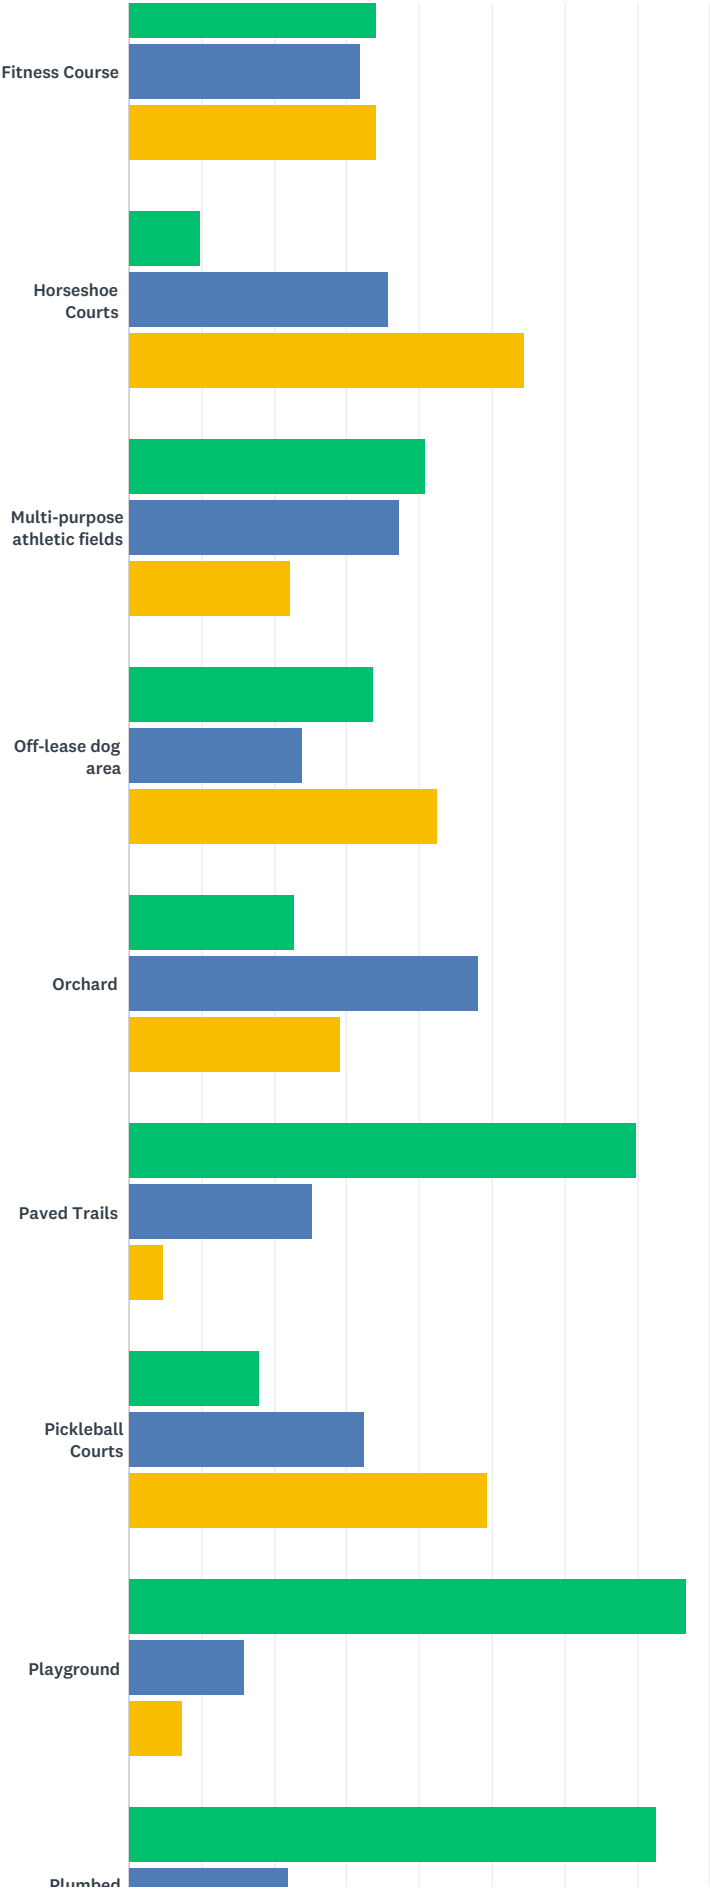

15	(4) ensure at least one outdoor racquetball court - could easily be factored into existing design by swapping it in place of one or two pickleball court(s)	11/13/2019 11:59 AM
16	Plenty of shade by courts!	11/12/2019 10:38 PM
17	Orchards in the area close to homes on Arabella instead of a sports field.	11/12/2019 8:34 PM
18	It would be nice if the parks shifted a bit to focus less on ball fields, we certainly have a lot of these is Castle Rock.	11/12/2019 4:12 PM
19	Orchard or denser trees along Castle Oaks	11/12/2019 10:52 AM
20	This should be a natural park for relaxation. A place to get away from it all. Not a hodge-podge of fields. No to artificial turf. Think in terms of nature, lakes, trails, natural vegetation, trees, etc.	11/11/2019 10:22 AM
21	Don't add it. Leave it alone. This is why we like it out here This will add so much unnecessary traffic and make access to Parker road a nightmare for residents of Cobblestone.	11/9/2019 12:07 PM
22	Remove the baseball/softball fields, tennis courts and soccer fields; leave a multi use turf field; more water features--both for play and for nature viewing; obstacle course;	11/8/2019 5:52 PM
23	Pickle ball courts blended with playground.	11/8/2019 12:19 PM
24	Not that many sports fields	11/7/2019 8:44 PM
25	Add a pop-up event space	11/7/2019 3:03 PM
26	The road needs to be a loop so that traffic can move through the park, especially if large events will be held there. PS Miller is a problem because it doesn't have more than one way in and out.	11/7/2019 2:47 PM
27	An added fenced in dog park would be nice. as well as dog poop baggie stations located throughout the park.	11/7/2019 11:02 AM
28	In the proposed future site number 6, I don't think we need more than the original 4 baseball diamonds. 4 is plenty. Use that area for something else, please.	11/6/2019 6:09 PM
29	Adding an off leash dog park	11/6/2019 2:24 PM
30	It is WAY better than the original concept, but the multi-use turf fields are still too close to the homes on Arabella. We have grown children and are not interested in our house overlooking ball fields or having lights stream into our bedroom (which faces east). This is the only part of the plan that negatively impacts only those of us who live on Arabella. Although that only represents a small number of houses in the neighborhood, the impact on us should be taken into consideration.	11/6/2019 12:29 PM
31	I would question the heavy weighting given to the sports courts/fields. I don't see other local facilities being utilized that much to justify even more of the same type facilities. Are off leash facilities for dogs included? Picnic areas?	11/6/2019 11:51 AM
32	I would love to see a dog park added. There are dogs all over my neighborhood and having a dog park nearby would benefit many people (and dogs)!	11/6/2019 9:13 AM
33	Pickle Ball??? Add a skate park in the flex space	11/6/2019 9:05 AM
34	No development behind or near existing homes.	11/6/2019 8:38 AM
35	I'm not a big fan of making this another "sports complex". Castle Rock has plenty of existing sports areas that we don't need to load up this neighborhood, plus the expense to the Town in maintaining that. I am in favor of the Draft Plan's ideas of just four baseball fields and two soccer fields with a basketball court. I am happy with getting rid of the campgrounds all together and adding an area with a larger pond for ice skating & hockey for winter and potential rafting/kayaking??? for summer. I also love the idea of an archery range!	11/4/2019 11:22 AM
36	Allow fishing in the pond.	11/1/2019 6:36 AM
37	No tot lot next to residential. Would cause parking issue next to homes. Expand on the beach idea. We don't have any "beaches" in the southern metro area. So, it could be a good draw to Cobblestone. Thinking of CA beaches, skate parks, beach volleyball and roller blading paths (like Santa Barbara's) would be nice. The skate park they have off 20 mile in Parker might be better than the Santa Barbara one. It is less walled in. The openness might discourage teen drug hang out potential. Feet rinses to get the sand off the kids before getting into the car like Pismo Beach would be a definite plus. A sand ditch/play area for tots would be nice in the playground area. That way tots can play in the sand without having to go to the more mature "beach" area. It would be nice if the trail to the car from the beach was cement with grass next to the cement. That way, if the kids feet are too wet from the beach, they can walk without putting on their shoes on the cooler grass but also not track mud to the car from a dirt path. You might consider rotating the park and green playing field... It would give a larger spacer between the play park and the water hazard, for tots and young kids. We like the idea of the large recreation facility. Ideas that we would love in it would be indoor ice rink, bowling (good senior and teen activity), mommy and me classes (lots of stroller walkers in the community), teen movie/pool table hangout room, senior center classes/support services. We are a bit far out from the senior center and we have a large senior population. Senior transportation/recreation may be an issue for the population, in the future, considering the location. (Sorry to submit twice. The #5 ranking system wasn't working during my first post.)	10/31/2019 11:38 AM
38	No pickleball courts, make all sports fields synthetic turf so that would mean less water being used, more soccer fields	10/31/2019 10:33 AM

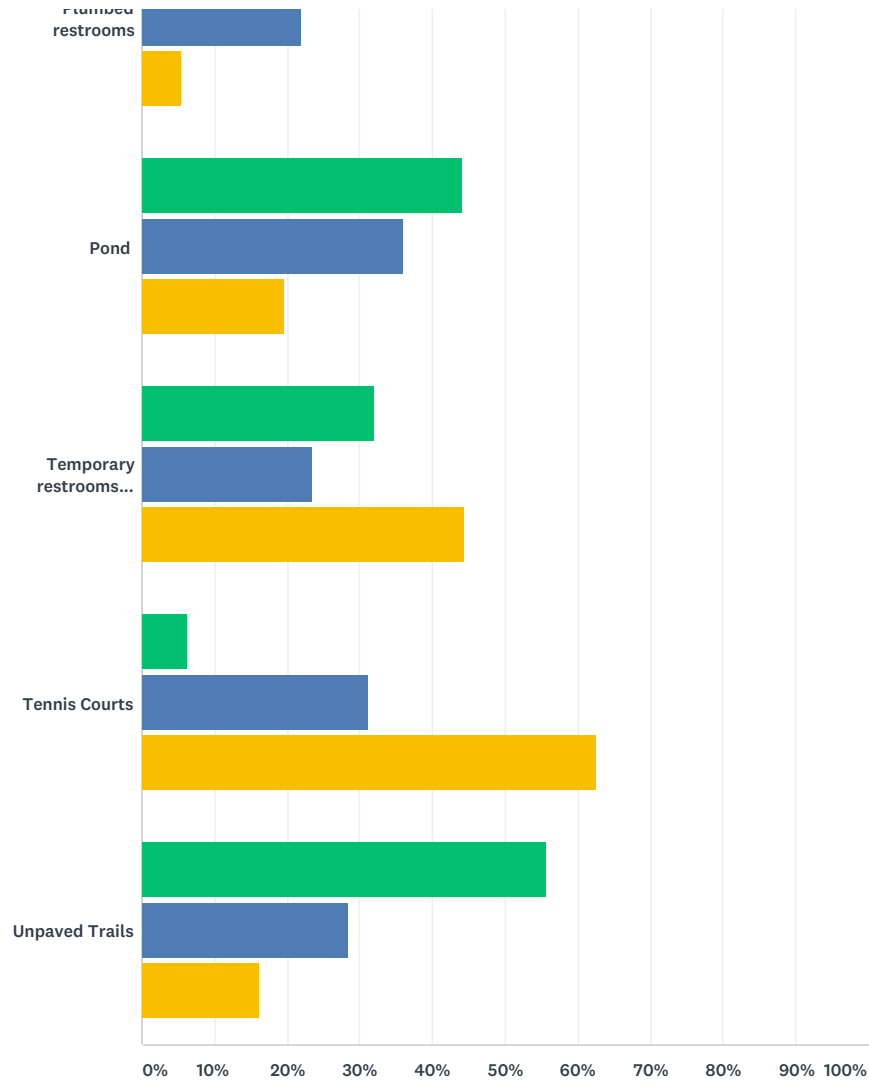

39	It was hard to tell from the plans, but the water play and playground areas did look small. I would like to be bigger.	10/30/2019 7:38 AM
40	Traffic on Castle Oaks is horrendous. We have been here 12 years and folks greatly exceed the speed limit. You need to plan for alternate roads for traffic access instead of relying on Castle Oaks only.	10/30/2019 6:48 AM
41	Add more landscaping as buffer to houses behind park area.	10/29/2019 10:55 PM
42	I love the beach idea. I would expand on the beach idea. Instead of tennis and pickle ball, I would put beach volleyball! No one seems to use the tennis courts that we have near the pool already. Exiting the beach area, I would put a foot wash/kid rinse off post. The kids could get the sand off themselves before getting into the car. The foot wash/kid rinse should have push buttons that have to be held while using it, so it does not turn into an outdoor shower spot. I really like the boardwalk!!! I hope that can be in phase 1. Please, have paved paths leading up to the boardwalk. That way we can use it for stroller walks. The tot lot is not functional, as is. People would have to park next to the houses to use the park. At least 8 parking spots would have to be added and the street would have to be extended to the parking spots. Also, a tot lot in that location could entice young unsupervised kids out into the field, toward the water... You could fence off the area and put a cow grate on the roadway to prevent the younger kids from venturing past the tot lot. Seems like it would just be easier not to have it, though. I like the water conservation idea. The rocks landscaping and native plants are a great idea. I'd rather have grass than synthetic turf athletic fields, though. Please, get rid of the archery shed.	10/29/2019 10:10 PM
43	Remove the pickleball courts, more soccer fields, remove archery range, not sure we need that many tennis courts with the courts at the clubhouse. What happened to the amphitheater?	10/29/2019 9:13 PM
44	1. Similar to the zip-line Park in castle rock, we could have slides built into the hill that would double as sledding hills in winter. In short, improve the sledding hills. 2. Fire pits with gas timers. 3. Shaded playground areas (large shade sails) so the playground isn't too hot in peak summer. 4. Parks are best when you feel like you're separated from the normal day-to-day. Like an oasis. Ways to make the park feel separate from the development. 4. Less baseball fields. More play areas. 5. Splash pad area.	10/29/2019 8:23 PM
45	Sand Volleyball Pits. Potential for a coffeehouse similar to what is near Legend HS in Parker. Area for food/ice cream trucks?	10/29/2019 8:17 PM
46	Sand Volleyball pits	10/29/2019 8:11 PM
47	I'm not seeing the paved trail through the park for bicyclists to connect to the Cherry Creek Trail and McMurdo Gulch Trail. Also, this park site needs roads that allow flow "through" the park not just circulation within the park and back out the same way. Events held here with this type of flow cause traffic problems.	10/29/2019 7:08 PM
48	Option for catch and release fishing in the pond	10/29/2019 5:32 PM
49	Would have loved a full splash park	10/29/2019 5:15 PM
50	A community center that can be used for indoor events. Adding a splash pad for the littles.	10/29/2019 4:52 PM
51	An offleash area for dogs.	10/29/2019 4:48 PM

Q5 Based on the inspiration image board, precedent imagery board, conceptual plan and preliminary budget ranges, please rank your priorities to be included in the first phase?

Answered: 103 Skipped: 0

■ Important
 ■ Would like included, if budget allows
 ■ Not a priority

	IMPORTANT	WOULD LIKE INCLUDED, IF BUDGET ALLOWS	NOT A PRIORITY	TOTAL	WEIGHTED AVERAGE
Archery Range	12.50% 10	35.00% 28	52.50% 42	80	1.07
Baseball / Softball fields	28.75% 23	42.50% 34	28.75% 23	80	1.71
Basketball Courts	24.39% 20	41.46% 34	34.15% 28	82	1.56
Bike features for small children	34.15% 28	39.02% 32	26.83% 22	82	1.80
Bike features for teens	23.81% 20	40.48% 34	35.71% 30	84	1.52
Cornhole Courts	11.69% 9	36.36% 28	51.95% 40	77	1.08
Disc Golf Course	11.76% 10	29.41% 25	58.82% 50	85	0.94

Tennis Courts	6.25% 5	31.25% 25	62.50% 50	80	0.81
Unpaved Trails	55.56% 45	28.40% 23	16.05% 13	81	2.23

Q6 Please provide any additional feedback.

Answered: 36 Skipped: 67

#	RESPONSES	DATE
1	Sounds and looks great. Just concerned about traffic/parking problems that may arise if not enough parking slots... And restrooms.	11/19/2019 9:28 AM
2	Put the money in to preparing the sight for a completed park not just pice it together.	11/18/2019 6:53 PM
3	Good job, only missing item is a timeline for the project.	11/17/2019 7:10 PM
4	I worry about the additional traffic to this rather small development. Also, there is no left turn signal into the neighborhood from Parker road. There have been several accidents and it is extremely dangerous. I have waited thru 3 lights to turn left. If we are going to have more people into our neighborhood this needs to be fixed ASAP.	11/16/2019 11:11 AM
5	Public pool. Soccer field(s). Gas fire pits. Hill challenge similar to the MAC.	11/15/2019 10:24 PM
6	Including our family I know there are several families that have kids with special needs. It would be great to have adaptive swings or other equipment they could use.	11/15/2019 8:50 PM
7	Thanks!	11/15/2019 12:18 PM
8	Like the fitness trail idea. Also like pond interaction, nature discovery and play ideas that make use of the natural environment but help the community enjoy the outdoors.	11/15/2019 10:08 AM
9	As the park is developed, what is the idea for when events are exiting? When park is fully developed, current traffic veins don't support an event exit once neighborhood is also built out.	11/14/2019 9:57 PM
10	Handicap access to all areas and access to handicap bathrooms. Wheelchair accessible.	11/14/2019 8:40 PM
11	Pickleball courts are really needed. The sport is growing by leaps and bounds, enjoyed by all age groups. Footprint is relatively minimal compared to multiple tennis courts. Courts at Parrish and Founders Village are used extensively and additional courts should be considered in several parks around town(Gemstone has one tennis court, might we have at least one pickle ball court too?)	11/14/2019 1:16 PM
12	Really liked the idea of a small water feature for kids to play in. I don't see that at many parks in the area. My only question - will that attract wildlife (specifically snakes) in the summer looking for water. Also, something not included in the above options is shade of some variety. It gets hot here in Colorado during the summer and having some shade to rest in would be nice.	11/13/2019 2:03 PM
13	Pickleball is such an addition for all ages!	11/13/2019 2:53 AM
14	Pickleball is growing so big here. Would love more court.	11/13/2019 12:08 AM
15	Keep as natural as possible.	11/12/2019 8:34 PM
16	It would be nice to keep a more natural terrain feel, rather than flattening for more ball fields.	11/12/2019 4:12 PM
17	Trails! Would love an incline, dirt trails, paved trails, any kind of trail!	11/11/2019 1:08 PM
18	The plan as shown is covering nature with artificial spaces and turf with gratuitous patches of nature. We need something that Castle Rock can be proud of not something thrown together. This makes us look like just another Denver suburb not a community that has pride in itself. Throw away the computer design programs and utilize your people who know something about nature to design a park where the citizens can relax, of which they can be proud. Think in terms of trails, perhaps a bike trail and a walking and/or fitness trail. Use real lawn, not artificial turf, natural to Colorado plants, vegetation, trees, orchards, community gardens, ponds and streams or even a lake (visit Sloans Lake or other Denver parks for ideas), somewhere you can relax. The 117' boundary between the existing homes and artificial turf multi-use fields is unacceptable. There should be an overall natural vision for this property, not a cut and paste-looking assemblage of pieces. We appreciate you asking for input. I'm sure you meant well but lets put Castle Rock on the map with a unique, potentially award-winning design that other communities will envy. We can do better.	11/11/2019 10:22 AM
19	Phase 6!!! Indoor fitness/play/sports facilities a Must!!!	11/9/2019 2:33 PM
20	I don't like the idea of having baseball/softball fields and soccer fields in the Cobblestone Ranch neighborhood, as access to the area is very restricted on Castle Oaks. It is an issues already during certain times of the day, and unless improvement are made on highway 83 to 4 lanes with dedicated turning lanes, the traffic would be a nightmare when tournaments are going on, which would not be fair to the homeowners.	11/8/2019 5:52 PM
21	Please make it so that there is not a dead end road in the park. There needs to be a through road, so two access points not just emergency access only.	11/7/2019 2:47 PM
22	I love the beach/water play area idea. I hope I'm interpreting this correctly and that means a splash pad (often called a spray park). I love the rendering and am so excited for this park to be built.	11/6/2019 6:09 PM
23	I like plan A more than B... it allows for more outdoor activities besides field sports. Hiking, trails and such	11/6/2019 1:52 PM

24	Having playgrounds and trails would be a huge advantage for the neighborhood and would benefit most, if not all, in some way. The ball fields would only benefit a small percentage of people. There does not seem to be a shortage of parks in the Parker area, and people are not coming from Castle Rock to use these fields. Let's keep the neighborhood a neighborhood, not a recreational stop.	11/6/2019 12:29 PM
25	Castle Rock already has some of the best organized athletic facilities I have seen anywhere. It would be appreciated if the pure recreational aspects of the facilities are emphasized.	11/6/2019 11:51 AM
26	No buildings or lights. Daytime use only	11/6/2019 8:38 AM
27	assuming temporary toilets would be replaced by plumbed restrooms. Prefer plumbed restrooms if its one or the other.	11/5/2019 5:20 PM
28	As I do like where the Town is going with the Draft Plan, there were some things I really liked about the Concept A plan. I agree that this area should focus on "nature" and walking, hiking, biking paths are a must! It would also be nice to have quite a few of those trails unpaved. I am a HUGE fan of having orchards! in the area and I was also excited to hear about the potential pollinator garden? In the new design I'm not sure what is being suggested about dog parks, but in Concept A, there were two in there and I hope that might still exist. I am still a fan of having some of that open space for hot air balloon launching. All in all, I like the Draft Plan and pulling some extra features from Concept A. I am still disappointed that CR didn't put in a 50m pool at Philip S Miller park. Would that be a potential for the "flex sports space- area 6" on the Draft Plan? The Rec Center does not have enough availability for lap swimmers during convenient times and this would alleviate some of those restrictions. Those indoor/outdoor triathlons would get even better with the potential for running paths in open space and already being on the bike route for so many rides. Maybe we could even start a XTERRA-type event! Also, I agree with my neighbors and we do cherish the "darkness" this area has at nighttime. I would hate to pollute the streets, parking, and park area with bright light. If there could be some kind of outdoor lighting ordinance or make it "dark sky compliant" within this area, it will maintain the charm everyone has come to love about this neighborhood.	11/4/2019 11:22 AM
29	My kids liked the hillside slide and the interactive water feature that you had pictured. I liked the boardwalk feature. Very nice!	10/31/2019 11:38 AM
30	Do we need more tennis courts if we have the ones by the clubhouse? Shaded areas and places to have picnics would be nice	10/31/2019 10:33 AM
31	the above list to rank priorities it not working. The items I think are important in the 1st phase are off dog area, pond, playground, paved and unpaved trails, plumbed restrooms, orchard, bike feature for small children. Everything else would be nice if budget allows.	10/30/2019 7:38 AM
32	My kids really liked the picture of the hill slide that you had and the picture of the interactive water stream.	10/29/2019 10:10 PM
33	Would be nice if all fields wer synthetic so there would be less maintenance and less need for water.	10/29/2019 9:13 PM
34	This neighborhood is kid centric. Make the park very kid friendly. Lots of playground areas. Lots of interconnected playground areas. Shaded sails over playground. Bathrooms are a must for young kids.	10/29/2019 8:23 PM
35	I am unable to select multiple important features in section 5 of the survey above. For area number 6 of the draft park plan, because 4 ball fields are planned, I would like to see an additional structure for indoor sports, ideally similar to the rec center in Parker.	10/29/2019 8:17 PM
36	I am unable to select multiple important and might need... the items become lost once I tap important again!	10/29/2019 8:11 PM
