Hello! I hope everyone is keeping warm this week! I'm not ready for it to be this cold yet!

I am attaching photos for a possible location for the Dancing Moon sculpture. This location is right off of Meadows Parkway at the East Plum Creek Nature Trail entrance/parking lot. There is a lot of vehicle traffic in this area-the sculpture would be very visible.

Hi everyone!!

I looked for places today for Dancing Moon. I noticed that we have absolutely no Public Art Commission presence in Crystal Valley. So I went to Rhyolite Park. I found 3 possible places there. See attached images. I focused on high traffic areas that would get a lot of eyes on it. Food for thought.

Thinking also of our painting of castle Rock, any chance any of the schools would enjoy it...particularly elementary? Perhaps even the new college campus?

Welcome to the Public Art Commission Diana!

Maia, the dimensions of The Rock paint-by-number are 4'5" x 6'5". It was originally going to be 4-1/2' x 6-1/2', but after being painted, the canvas shrank a little bit. When contacting potential places for displaying, I would just say 4-1/2' x 6-1/2'.

Thank you,

Stephanie

Subject: Public Art Commission Follow Up
Items

Hi Everyone,

I would first like to formally welcome our newest PAC member – Diana Sterling. Diana was officially appointed at this week's Town Council meeting and is really looking forward to meeting and working with everyone in the near future!

I am sending out a follow up to last week's meeting to remind everyone to brainstorm ideas as to where to relocate Dancing Moon IV. If you have any suggestions, please reply all no later than Wednesday, Nov. 6. Once I have a list of locations, I'll check in appropriate Town staff so we can make a final recommendation at the November meeting. I have attached a photo of the sculpture, as well as its location for reference. We will need to relocate this piece due to roundabout construction.

Lastly, please read Stephanie's update (attached) regarding the request to hang the paint-by-numbers of the Rock at the library. Please also reply all to let us know if you have additional suggestions for places to hang this painting by Wednesday, Nov. 6. We can then try to also make a final recommendation at the November meeting. I have attached a photo of the final painting for reference as well; the painting is 4 feet by 6 feet (Stephanie, please correct me if these dimensions are incorrect and thank you for reaching out to the library!).

Thank you! Have a great October.
