

## 2020 WUMP Summary of Changes

- 1.3: Added “**Registered Landscape Company:** The landscape and/or irrigation design, installation, or maintenance company registered with Castle Rock Water. This company designates a Responsible Landscape Professional as their authorized representative and indicates current properties under their control.”
- Added “**Responsible Landscape Professional:** The person or persons designated by a landscape design, installation, or maintenance company to represent and ensure all activities comply with Town of Castle Rock regulations.”
- 3.2.2 D: Omit “that are not repaired in a timely basis”
- 3.3.1 B: Remove “or Class II”. Class II compost contains animal waste and is higher in salt content. We’re removing Class II compost and only allowing Class I, as it is a more desirable amendment for Castle Rock soils.
- 3.3.1 G: Replace “administer” with “implement”
