

COMMUNITY RISK ASSESSMENT AND STANDARDS OF COVER

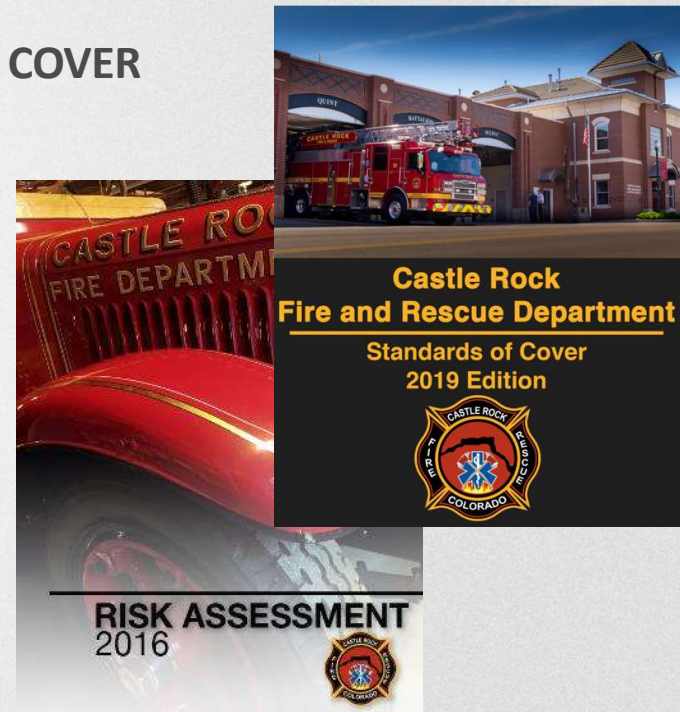

TOWN COUNCIL MEETING
SEPTEMBER 15TH 2020

SUMMARY

COMMUNITY RISK ASSESSMENT & STANDARDS OF COVER

1. Defines risk within the community by service type
2. Establishes performance baselines & benchmarks
3. Defines levels of service
4. Performance gaps
5. Provides recommendations for continuous improvement

SUMMARY

COMMUNITY RISK ASSESSMENT & STANDARDS OF COVER

1. Defines risk by service type (fire, EMS, tech rescue, HAZMAT, wildland) for each of the 9 planning zones
2. Establishes Performance
 - Baselines are historical performance (total of 40)
 - Benchmarks are performance goals (total of 40)
3. Levels of Service: Critical Task Analysis – ensure compliance to SOGs, firefighter safety, and efficient use of resources
4. Performance Gaps:
 - PZ6: Cobblestone Ranch, Liberty Village
 - PZ7: South/East portions of district: Stone Cañon Ranch, Lake Gulch Road area
 - PZ8: Dawson Ridge, Keene Ranch, Twin Oaks

2019 STANDARDS OF COVER

RECOMMENDATIONS

1. Root cause analysis of increased ERF response time for moderate risk EMS
2. Closely monitor PZ6 for growth, increasing calls for service and performance.
3. Closely monitor PZ9 for growth, increasing calls for service and performance.
4. Monitor actual and potential growth in PZ8
5. Provide updates to the Public Safety Commission, Town Manager and Town Council on a monthly and annual basis.

THANK YOU

STAFF RECOMMENDS THE ADOPTION OF THE
2019 STANDARDS OF COVER
