

Planned Development Zoning

An illustration of the names and boundaries of all Planned Developments and Amendments. There is no significance represented by the colors used except to delineate boundaries. Numbers in table do not represent chronological order of Planned Development approvals. There are two types of zoning mapped within the Town: Standard Zone districts and Planned Development (PD) districts. Standard Zoning consists of a series of pre-established districts. The criteria for these zone districts (permitted uses, setback requirements, and maximum building heights) remain the same, no matter where the zone is located. Standard Zoning is an historic approach to land use management and is still in effect for the core of Town, which refers to the older downtown area and nearby residential areas. Each Planned Development district is unique and relates to a development plan that was prepared specifically for that property (typically large properties). All "newer" communities situated within the Town refer to Title 17 of the Town of Castle Rock Municipal Code.
