

What is Public Health?

Tri-County Health Department is the largest local health department in Colorado. It is our mission to protect, promote and improve the health, environment and quality of life of the 1.5 million residents of Adams, Arapahoe and Douglas Counties.

Most of the work of public health agencies is population based—that is, it focuses on improving the health of the entire community. We help you to make the healthy choice the easy choice!

General Information: 303-220-9200

Tri-County Health Department has achieved national public health accreditation—the measurement of health department performance against a set of nationally-recognized, evidenced-based standards.

Many programs have age, residency or income requirements. Some are offered for free or on a sliding-fee scale. Not all services are offered at each location. Tri-County Health Department values and welcomes people of all ages; ethnicities; genders and gender identities/expressions; sexual orientations; languages spoken; nationalities and cultures; physical, mental and developmental abilities; races; religions; and, socio-economic, insurance and immigration status. Printed on recycled paper.

Revised 12/2018

Tri-County Health Department

Public Health Services for the Residents of
Adams, Arapahoe and Douglas Counties

Birth and Death Certificates

Certified birth certificates are needed for work, passport applications and many school programs

- Birth certificates are available for people born in any county in Colorado
- Death certificates are issued for deaths that occurred in any county in Colorado
- Call 720-200-1401 for information and fees, or order online at www.tchd.org

Nutrition Services

Our nutrition programs promote good food and activity choices for healthy living

WIC – Women, Infants and Children

The supplemental nutrition program provides nutritious foods, education and referrals for income-eligible women who are pregnant or breastfeeding, and their children up to age five

Nutrition Education

Registered Dietitians are available for nutrition presentations:

- Community organizations
- Child care staff
- Schools and health fairs
- Breastfeeding support

Health Promotion

- Obesity prevention
- Older adult fall prevention
- HIV/STI/Hepatitis testing
- Chronic disease screenings
- Injury prevention
- Worksite wellness
- Mental health
- Tobacco prevention/cessation
- Substance abuse prevention
