## **AGENDA MEMORANDUM**

**To:** Board of Adjustment

**From:** Tammy King  
Zoning Manager

**Title:** Request for Approval of Variance from the Minimum Rear Yard Setback  
PD (Planned Development)

**Subject Property: 5919 HIGH TIMBER CIRCLE**

---

### **Summary**

The purpose of this staff memorandum is to seek action by the Board of Adjustment on a request by Philip & Kristina Jones for variance from the minimum required rear yard setback of twenty feet (20') to build a deck on a single-family residence in the PD Zone (Planned Development). The subject property is addressed as 5919 High Timber Circle, also known as Lot 30 Block 1 Crystal Valley Ranch 12A.

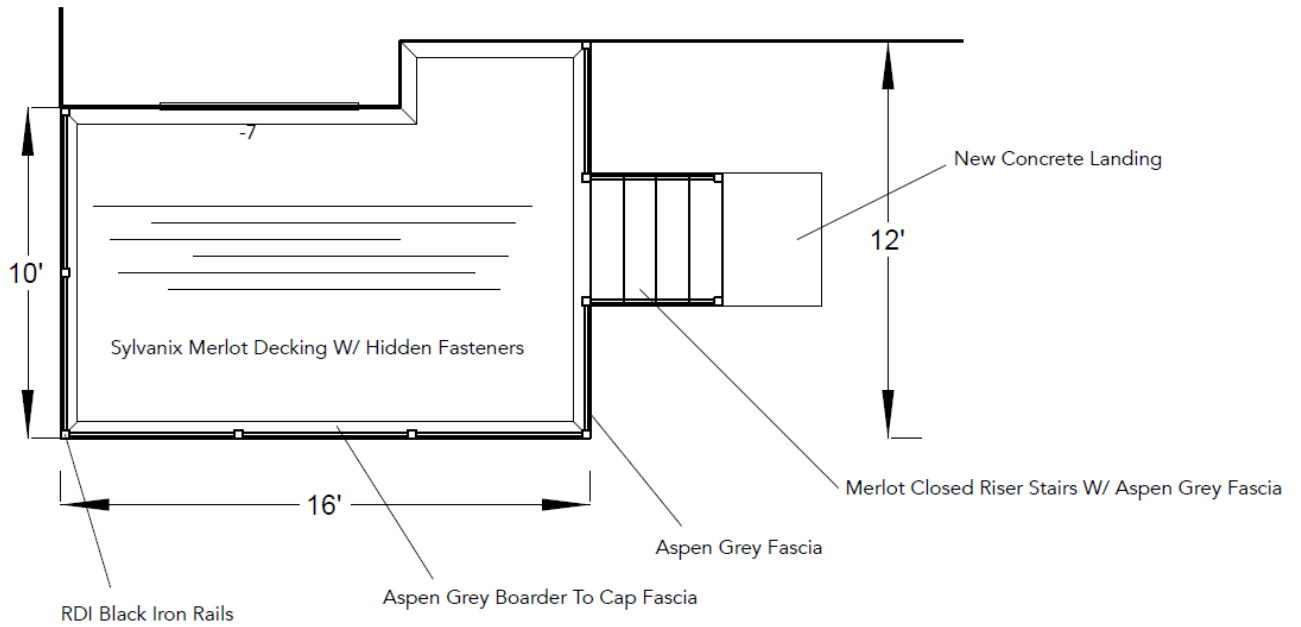

The applicant has submitted a site plan, which will constitute an approximate (9.5') rear variance to the minimum required twenty foot (20') REAR yard setback in the PD zone district, if approved by the Board. This variance, if approved, would allow a rear yard setback of (10.5') for a new deck on a single family residence.

The applicant is requesting consideration by the Board for approval of a variance from strict enforcement of the zoning regulations for the minimum setback from the REAR property line to build a deck on a single family dwelling that encroaches (9.5') into the required twenty feet (20') rear setback.

- Proposed deck will not encroach into the easement.
- Front setback requirement is 20'.
- The distance from the sliding door to level grade is 39"
- The topography of the lot would require extremely thick concrete to continue will a concrete deck.
- HOA approval
- No objection from neighbors.
