NEW LIQUOR LICENSE APPLICATIONS

[LLA 2022-008](#) New Beer & Wine License - Miss M's Tea Parlour 3 LLC dba Dilly Dally DIY Workshop CONTINUED

Judge Gresh opened the public hearing for Miss M's Tea Parlour 3 LLC dba Dilly Dally DIY Workshop for a beer and wine license application.

Lisa Anderson, Town Clerk, read the findings of the administrative review of the application showing no staff objection to issuing of the license.

Judge Gresh acknowledged the petition and noted that there were no individuals present to object to the hearing and entered the application into the record.

Judge Gresh swore in Bree Megas. Megas stated they own the LLC and have been operating Miss M's Tea Parlour and have operated the DIY Workshop without a liquor license, but they feel it would enhance their business as many other businesses like this offer beer and wine.

Megas will be the operating manager and the server. She has been certified in TIPS training and is aware of how to monitor for underage or overserving. The liquor will be locked up when they are closed. They will be doing a lot of wood sign making, holiday crafts, macramé and jewelry making. They are aware that no one under 18 can be a server and liquor must be consumed within the premise.

Judge Gresh noted that the petition reflects 100% favorable to issue the license and again noted that no one was in attendance to object.

Judge Gresh found that:

The applicant is of good and morale character based on the background check. The inhabitants of the neighborhood wish the license be issued. All Town and State requirements have been met.

Judge Gresh approved the liquor license, and it will be issued upon receiving state approval and the certificate of occupancy.
