- Chief Croom distributed the Fire Department's May and June monthly reports.
 - Call volume is up over 2018. We average 16 calls per day, but for the last couple of days, it has been 26 to 30 calls.
- Chief Croom thanked all Public Safety Commission members who attended the in-service ceremonies for Engine 152 and 154 in June.
- The four newly hired FF candidates began their orientation with the department this week.
 - The candidates officially start at the academy on Monday, August 5, 2019.
 - A lieutenant from the department is attending the academy as an adjunct instructor.
 - Graduation is in December.
- The department has filled the three fire prevention officer vacancies. One candidate was internal and the other two, are from the Police Department.
 - The Fire Prevention Bureau will be fully staffed.
 - One of these positions has been vacant for 18 months.
 - The two police officers will start September 9.
 - All three positions will be responsible for plan reviews, inspections, HazMat and arson investigations and be post certified.
- Ground breaking on Building II of the PSTC is scheduled for next week.
 - Anticipate the completion and move-in date will be next spring.
 - The 6,000 square foot building will be located on the empty lot on Malibu Street next to the Training Tower.
 - Facility will provide needed classrooms and indoor training space.
 - Several different Town departments share funding for the project (its use will not be exclusive to Fire and Police).
- The fire danger is increasing daily as evident by the West Douglas fire that occurred on Tuesday.
 - Fire season is now year round.
 - The County will have access to the helicopter (Trans Aero) late September/early October. Full time use would cost the County \$1,000,000 a year. By contracting services in 90-day blocks, the County is able to save money.
 - Does the Town contribute to the cost? No, the County funds it all. We are the only County that contracts with private providers. The County also has several other contracts for similar services that are pay-per-use.
- The department is working on its updated Master Plan (forecasting future resource needs) and Strategic Plan (direction and objectives). The documents will be presented to Council late this year. The Public Safety Commission will be given an opportunity to review the documents prior to the Council presentation.
- The department just had its yearly accreditation review. We received a positive recommendation maintaining our accreditation status.
- Crews had the opportunity in July, to conduct basic skills training (breaching, ladder skills) utilizing the building next to Town Hall.

- Crews are participating in a large-scale training with South Metro at Orchard and I-25 today and next week.

 - There are only four new positions recommended for all Town departments. Three of those positions are for Police (1 training position, 1 SRO and 1 detective).
