Castle Rock continues to be one of the safest and fastest-growing communities in the country. To achieve this, we build upon our One-By-One Policing philosophy through our three strategic pillars:

People: We invest in our team members by providing quality training and the best equipment available. We are laser-focused on creating a healthy organizational culture where our members can thrive.

Innovation: The ability to innovate is key. We embrace the latest technology and best practices to solve problems and address crime.

Community: Policing is a team effort. Creating safe communities must involve trust and partnerships. We are grateful for Castle Rock's support and don't take it for granted.

Late last month, Gary Chavez came to Castle Rock with the intent to commit a large-scale organized retail crime in a stolen vehicle. Officers were alerted to his presence by our automatic license plate readers. As officers moved in, the subject abandoned over \$10,000 worth of merchandise he was attempting to steal. He fled on foot before carjacking a vehicle and leading officers on a pursuit into Aurora. His driving was reckless and endangered the lives of others, so the pursuit was called off.

Due to the diligent efforts of the Castle Rock Police Department, the subject was immediately identified. Earlier within the week, he was located in a residence in another jurisdiction. Though he barricaded himself, he later surrendered after a several-hour standoff. The subject faces multiple charges to include robbery, motor vehicle theft, vehicular assault, vehicular eluding and more. He is also being investigated for several other crimes throughout the Denver metro area.
