DISCUSSION ITEMS

We have reached out to our local representative, Max Brooks, who serves House District 45 in Douglas County and is also a Town of Castle Rock Councilmember. Depending on the legislative schedule that day, Representative Brooks may be able to meet with us.

Senator Lisa Frizell has also indicated she will try to meet with us. While at the Capitol, Senator Frizell has offered several options, including a tour of the dome, access to the Senate floor balcony, or a meeting in her office. Does the Youth Commission have a preference on which one of these they would like to do?
