Another #1 Recognition for Castle Rock

In September, Castle Rock was named Colorado's Safest City, according to a new study from reAlpha. It is because of our dedicated and highly trained team members, innovative mindset and partnership with our community that we continue to be recognized among the safest in the state! A list of our 2025 accolades include:

reAlpha: No. 1 Safest City in Colorado
SmartAsset: No. 1 Safest Suburb in Colorado
SmartAsset: No. 58 Safest in America
SafeWise: No. 6 Safest City in Colorado

Castle Rock continues to be one of the safest and fastest-growing communities in the country. To achieve this, we build upon our One-By-One Policing philosophy through our three strategic pillars:

People: We invest in our team members by providing quality training and the best equipment available. We are laser-focused on creating a healthy organizational culture where our members can thrive.

Innovation: The ability to innovate is key. We embrace the latest technology and best practices to solve problems and address crime.

Community: Policing is a team effort. Creating safe communities must involve trust and partnerships. We are grateful for Castle Rock's support and don't take it for granted.

”

"We are very fortunate. It really takes the people, the technology and the community working together to see the results we are seeing.

- Castle Rock
Police Chief
Jack Cauley

Castle Rock Police Department

VISION: To serve people one-by-one so together, we can create environments that are safe and secure, and where people can thrive.

MISSION: The Castle Rock Police Department is dedicated to excellence through community safety, innovation, and public trust. Our goal is to provide for the safety and welfare of both the citizens and visitors of the Town of Castle Rock utilizing effective community-policing philosophies, including crime prevention, traffic enforcement, criminal investigation, crime analysis and community involvement.

Customer survey results

CRPD utilizes a survey tool which measures customer service on select non-violent or property crime calls for service. Citizens receive a short text survey and may also leave comments. Results are listed in the graph below.

Domestic violence lethality assessment

The Lethality Assessment Program (LAP) tool is designed to reduce risks, save lives and involves an assessment by policing personnel to determine risks in collaboration with community-based victim service providers. More information can be found at LethalityAssessmentProgram.org.
