A message from Chief of Police Jack Cauley

Castle Rock continues to be one of the safest and fastest-growing communities in the country. To achieve this, we build upon our One-By-One Policing philosophy through our three strategic pillars:

People: We invest in our team members by providing quality training and the best equipment available. We are laser-focused on creating a healthy organizational culture where our members can thrive.

Innovation: The ability to innovate is key. We embrace the latest technology and best practices to solve problems and address crime.

Community: Policing is a team effort. Creating safe communities must involve trust and partnerships. We are grateful for Castle Rock's support and don't take it for granted.

First in Colorado, forever in our hearts: Buttercup's retirement story

After four amazing years, the Castle Rock Police Department's first School Resource Officer therapy dog is retiring! Buttercup worked her final shift with CRPD during the Chamber's annual Starlighting event on Nov. 22.

Buttercup joined Officer Scott Gillespie at Castle View High School in March 2021. At that time, she was the first SRO therapy dog in Colorado. She quickly got to work, helping the CVHS school community through post-pandemic challenges. During her service, Buttercup made the SRO office feel safer and more approachable and supported students during mental-health incidents. She was a comforting presence during drills and strengthened the trust between youth and police.

In her more than four years of service, Buttercup interacted with well over 100,000 students, staff, parents, community members and first responders in a variety of settings. Her positive impact has inspired dozens of police agencies across Colorado and the nation to invest in their own police therapy dog programs. Congratulations on your retirement, Buttercup. Thank you for everything!
