AGENDA MEMORANDUM

To: Honorable Mayor and Members of Town Council

From: Judy Hostetler, Real Property Specialist, Development Services

Title: Ordinance No. 2010-19: An Ordinance Repealing and Reenacting Chapter 2.18 of the Town of Castle Rock Municipal Code as a New Chapter 15.30 of the Town of Castle Rock Municipal Code Regarding Historic Preservation; and Making Comprehensive Revisions to Such Chapter and Providing Penalties for Violations of Such Provisions, Second Reading

Executive Summary

Town Council held a public hearing on June 27, 2010 to consider the proposed Ordinance on first reading. The Council voted 6-1 to approve the Ordinance with no changes. The purpose and intent of this Memorandum is to present a new Historic Preservation Ordinance for adoption on second reading. The Ordinance is the result of the work of the Historic Preservation Study Team and the expanded Downtown/Historic Team. The proposed Ordinance would strengthen the landmark designation criteria, create specific demolition and relocation criteria in the Historic Downtown Area (Attachment A) and provide for historic district creation and mandatory and enforceable design review by the Historic Preservation Board in the Craig and Gould neighborhood (Attachment B). The Ordinance would also eliminate the conservation areas (Attachment C) proposed by the Town's Historic Preservation Plan, adopted in 2006, and would eliminate the provision in the existing Ordinance that allows for involuntary landmark designation. Town Council approval would be required for demolitions involving potentially significant historic properties, and penalties for violation of the Ordinance would remain the same (Attachment D).

The Downtown Development Authority, Historic Preservation Board, Planning Commission and staff recommend approval of the Ordinance.

Notification and Outreach Efforts

Extensive community outreach occurred as part of both the preparation of the Historic Preservation Plan and the development of the proposed Historic Preservation Ordinance amendments. Several open houses were held to educate the public about the proposed amendments, and Town staff gave numerous presentations on the proposed amendments to the Castle Rock Economic Development Council, Downtown Development Authority, Historic Preservation Board, Planning Commission and Town Council. The Ordinance is a product of the well-represented Downtown/Historic Team.

History of Past Town Council, Boards & Commissions, or Other Discussions

In an effort to ensure that ordinances in the Downtown Castle Rock area assist in the implementation of the Downtown Master Plan and the Historic Preservation Plan, Town Council created the Historic Preservation Study Team in 2008 to provide input to staff regarding proposed revisions to the Town's Historic Preservation Ordinance. Council expanded the representation and responsibilities of this team in 2009 to include the development of a Downtown Overlay and a Design Review Board for Downtown. The expanded team outlined to Town Council on April 28, 2009 a plan of action to address goals and objectives from both Master Plans. The Downtown/Historic Team began working on the defined action plan in the spring of 2009. After approximately one (1) year of meetings and public outreach the Downtown/Historic Team developed the Historic Preservation Ordinance.

The following boards and commissions have recommended the adoption of the Historic Preservation Ordinance:

- On June 2, 2010 the Historic Preservation Board held a public hearing to consider the proposed Ordinance. The Board voted 4-1 to recommend to Town Council approval of the Ordinance. The Board member who voted against the Ordinance was concerned about using a fixed date (1945) to determine whether demolition requests would require Cultural Resource Surveys and public hearings or not. The Board member was also concerned that the proposed Design Review Board might have too much authority over design review in the Downtown area.
- On June 10, 2010 the Planning Commission held a public hearing to consider the proposed Ordinance. The Commission voted 7-0 to recommend to Town Council approval of the Ordinance, with the condition that the definition of *Contributing Structure* be expanded and clarified. The phrases "to a particular area or the Historic Downtown Area as a whole" and "but Historic Integrity is a key aspect of a Contributing Structure" were added to this definition (**Attachment D**).
- On June 17, 2010 the Downtown Development Authority held a public hearing to consider the proposed Ordinance. The Authority voted 6-0 to recommend to Town Council approval of the Ordinance.

Discussion

Background

The Town's first Historic Preservation Ordinance was adopted in 1994 when the Historic Preservation Board was created. This Ordinance established a process for landmark designation and established a public hearing requirement for exterior alteration requests (including removal and demolitions) in the Historic Downtown Area.

The Historic Preservation Plan recommends amendment of the Historic Preservation Ordinance in order to strengthen the landmark designation criteria, create specific demolition and relocation criteria in the Historic Downtown Area and provide for historic district creation and mandatory and enforceable design review by the Historic Preservation Board in the Craig and Gould neighborhood.

Analysis

Landmarking:

Currently, a structure, feature, or area being considered for landmark designation must meet at least one of the criteria for significance specified in the Town's Historic Preservation Ordinance. The proposed revision would require that two or more significance criteria be met, as well as one or more of the seven aspects of integrity defined by the National Park Service and the Colorado Historical Society. A Colorado Cultural Resource Survey would be performed by a licensed architect and reviewed by the Colorado Historical Society's Office of Archaeology and Historic Preservation to determine if the proposed landmark meets these criteria. The intent of this change would be to assist the Historic Preservation Board and Town Council in determining whether or not a property is truly appropriate for landmark designation.

Demolition:

Although the Historic Preservation Board currently reviews demolitions in the Historic Downtown Area, the current Ordinance does not contain specific criteria for this review. The new Ordinance would require a Cultural Resource Survey for all demolition requests for landmarked properties, structures built prior to 1945 and those constructed after 1945 that may possess enough significance and/or integrity to meet the Town's new landmark criteria. This demolition criteria is intended to assist the Historic Preservation Board and Town Council in their review of a demolition request to enable them to make a determination as to whether the request is appropriate or not. It is also intended to be a tool to assist the Town in working with property owners on alternatives to demolition. The Downtown/Historic Team was in consensus that this demolition process would be an effective way to replace involuntary landmarking and the conservation areas proposed by the Historic Preservation Plan.

Relocations:

The Town's current Historic Preservation Ordinance does not address potential relocation requests, and there are no criteria for such a request. The proposed Historic Preservation Ordinance would establish criteria to assist the Historic Preservation Board in determining whether or not the relocation would diminish the integrity or character of the neighborhood losing the structure or the neighborhood receiving it and whether or not the structure would be compatible with the proposed site and adjacent properties. The property owner would be required to submit a relocation plan and demonstrate that the structure could be moved without significant damage, that there are no alternative receiver sites and that the structure cannot be reused effectively at its current location.

Historic Districts:

The Town does not currently have a process for designating historic districts. The proposed Historic Preservation Ordinance would provide criteria for district nomination in the Craig and Gould neighborhood that would establish the significance and integrity of a proposed district. In order to be considered, a majority of the property owners would be required to support the designation, and a majority of the structures would need to be deemed contributing by virtue of a Colorado Cultural Resource Survey. The

Historic Preservation Board and Town Council would review the request, and historic districts created by Town Council could be amended to add additional properties.

Design Review:

The Historic Preservation Board currently reviews design changes related to new construction, additions and other exterior alterations for all properties located within the Historic Downtown Area (which includes the Craig and Gould neighborhood), but this is strictly a courtesy review. The proposed Historic Preservation Ordinance would restrict the Board's authority to the Craig and Gould neighborhood, but the review would be binding and enforceable.

The Downtown/Historic Team proposed the creation of a new Design Review Board for the Downtown area that would consist of members of the Historic Preservation Board, Downtown Development Authority, Planning Commission and downtown property owners. The Design Review Board would have binding review authority over all new construction and design changes Downtown and would enforce the new Downtown Overlay, assuming Town Council approves it. The team felt that it would be appropriate for the Design Review Board to review alterations to non-landmarked historic buildings, since the Historic Preservation Board would have representation on the Design Review Board, and they felt that the same board should review all Downtown construction except landmarked properties. As a result, the team proposed elimination of the conservation areas proposed by the Historic Preservation Plan.

Downtown Plan:

Strengthening the Town's Historic Preservation Ordinance is in keeping with the Downtown Castle Rock Master Plan, which was adopted in 2008. One of the guiding principles of this plan is to "protect and enhance the historic character of Downtown" and its vision states that "Downtown Castle Rock should be the Main Street of Douglas County, providing the region with an authentic Western Downtown experience and a central gathering place, which unites neighborhoods, families and individuals."

Four Cornerstones/Vision 2020/Comprehensive Plan:

One of the Town's Cornerstones is Town Identity, the intent being "to preserve Castle Rock's character as a distinct and physically separate community that is the center of Douglas County." One of the goals of this Cornerstone is to "preserve Castle Rock's historic buildings and small-town atmosphere." The Downtown/Historic Team and staff believe that this Historic Preservation Ordinance would assist the Historic Preservation Board and Town Council in achieving this goal.

The following are goals of the Town's 2020 Vision Statement, which staff believes would be more achievable with a stronger Historic Preservation Ordinance.

- Preserve and enhance our history and heritage;
- Maintain a vibrant downtown;
- Maintain a strong sense of community and small-town character.

Finally, the Castle Rock 2020 Comprehensive Master Plan describes the Downtown area as being important to the overall image of Castle Rock. It identifies the most important historic structures as being those built of native rhyolite stone but states that there are many non-rhyolite structures that are also worthy of preservation. **Principle CC-1** states that “historic preservation of our heritage shall occur to enhance the quality of life, enrich our community identity, and preserve our small town atmosphere.” Again, staff believes that a stronger Historic Preservation Ordinance would make this principle more achievable.

Recommendations

The Downtown Development Authority, Historic Preservation Board, Planning Commission and staff recommend that Town Council approve the proposed Ordinance revising the Historic Preservation chapter of the Municipal Code, which is designed to:

- Assist in the implementation of the Town of Castle Rock’s Downtown Master Plan and Historic Preservation Plan;
- Make landmark designation more difficult to accomplish;
- Make demolition requests for newer structures easier to accomplish;
- Provide stronger design review authority to the Historic Preservation Board in the Craig and Gould neighborhood.
